Can Consumption be Cured?

There is plenty of indisputable evidence to prove that Consumption has been cured even after the symptoms were well defined and the lungs actually involved.

On the other hand, there has always been a point beyond which the disease has been considered incurable. Until a comparatively recent date this point had a place at a very early stage of the malady, but modern scientific discovery and common-sense methods of treatment have gradually moved the hopeless point further and further back, until now the Consumptive is not "given up" until the very last stage of the disease is reached.

Nothing in recent years has done so much to improve the chances of Consumptives as the advent of

FERROL

In fact, it is claimed that, with plenty of fresh air, sunlight and comfortable surroundings, FERROL has pushed the hopeless point to the limit, that is to say, where there fails the chances of cure are very slim indeed.

FERROL does not kill the germs of Consumption (anything that will do that will kill the patient), but FERROL does the work by repairing the waste tissue, enriching the blood, toning the nerves, in short, by building up the whole system and thus enabling nature to expel the disease.

The only possible chance of curing Consumption is by proper nutrition, and FERROL is the only perfect nutrient, because it combines in palatable and easily digested form the very essentials of life—Oil, Iron and Phosphorus.

We feel some diffidence in claiming that FERROL will cure Consumption, lest we be misunderstood, but we have not the slightest hesitation in stating that it is an infallible cure for BRONCHITIS, CHRONIC COUGHS, CROUP, WHOOPING COUGH, CHRONIC RHEUMATISM, NEURALGIA, NERVOUS EXHAUSTION, SCROFULA and all wasting diseases.

For restoring lost weight and building up the run-down system FERROL is absolutely without an equal.

KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, brightly colored scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc. Do not neglect any of these symptoms, for, if neglected they will eventually, lead to Bright's Disease, Dropsy and Diabetes. On the first sign of anything wrong **Doan's Kidney Pills** SHOULD BE TAKEN. They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man." Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

A Rare Combination for Women

So says the Doctor about Dr. Hugo's Health Tablets

We never object to showing the formula of Dr. Hugo's Health Tablets to any reliable physician. We showed it recently to a doctor of many years' experience. The other day he wrote us a letter. Doctor-like he doesn't wish his name published, but says we may publish the letter. Here it is. Messrs. B. N. Robinson & Co., Coaticook. Gentlemen,—I have studied carefully the formula for Dr. Hugo's Health Tablets for Women, which you submitted to me, and I am first to admit that it is a rare combination to meet the various diseases to which women are subject, and shows that it has come from one who has mastered the art of healing the diseases peculiar to females. M.D.

The doctor speaks truly when he calls the remedy a "rare combination," for that is just what the tablets are. They combine the very latest remedies for women known to medical science. There cannot be anything better until there are new discoveries in medicine. If you have been taking the old remedies put on the market years ago, stop it. You can get something better, and the best is none too good for any sick or run-down woman. In Dr. Hugo's Health Tablets for Women, you will find all that medical science can devise to this date to make you a healthy woman, and you need nothing they do not contain. **They Make Healthy Women.**

HAD THIRTY-TWO BOILS AT ONE TIME

Two Bottles of Burdock Blood Bitters Cured Him.
Imperfect organic action makes bad blood, so, too, bad blood, in turn, makes imperfect action of every bodily organ. If the blood becomes impure, poisoned or contaminated in any way from constipation, biliousness or any other cause, some especially weak organ must become diseased thereby, or the whole system may suffer in consequence. Pimples, boils, blotches, ulcers, festering sores, abscesses, tumors, rashes or some serious and perhaps incurable blood disease may result. There is no medicine on the market to-day to equal the old and well-known remedy, **BURDOCK BLOOD BITTERS** for all cases of bad blood. Mr. Ernest B. Tupper, Round Hill, N.S., says: "I think Burdock Blood Bitters is the best medicine for boils I had them so bad I could not work. I had thirty-two on my back at one time. I used only two bottles of B. B. B. and they completely cured me. I cannot recommend it too highly." Price \$1.00 per bottle or 6 bottles for \$5.00.

THE GUARDIAN COVERS THE FIELD

ian covers the City and Province which it is published more fully and completely than any other newspaper printed in Canada. With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community. Charlottetown has a population of 12,000 and Prince Edward Island has 103,000. The Guardian's daily circulation is therefore as 1 to 1 1/2 of population in the city in which it is published, and 1 to 10 of the population of the Province. This, the management believes, is unequalled by any daily newspaper published in Canada. Take one or two comparisons with other leading newspapers in other cities and provinces. St. John has a population of 40,000 and the Province of New Brunswick 250,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say 1 to 5 of the population of that city and 1 to 40 of the population of the Province. Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,250,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 100,000. That is as 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario. The point is this, that The Guardian covers the field of its circulation in a half a dozen ways as well, it compares with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario newspapers, and these are admittedly among the best in Canada. These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite journal is endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

ADVERTISING IS BROAD.

Advertising in itself means publicity and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general broadcast declaration, and the broader the scope of this announcement, the better the advertising. No occupies space that directs attention along given and desired lines can be reasonably regarded as wasted; nor can any fan's expenditure to this end be adjudged extravagant.—AMERICAN MEDICAL JOURNAL

A HEALTHY OLD AGE

OFTEN THE BEST PART OF LIFE Help for Women Passing Through Change of Life.
Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely. Nervous exhaustion invites disease. This statement is the positive truth. When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and angry at the least provocation and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary J. Dabruz, of 150 Main Street, Winnipeg, Manitoba, writes: Dear Mrs. Pinkham:—
"Lydia E. Pinkham's Vegetable Compound has been a blessing to me through that delicate period known as the change of life. For six years I had my entire system. I had no flushes, was extremely nervous, became pale and debilitated, very irregular in the monthly flow, and the blood all seemed to be in my head. I had frequent palpitation and throbbing of the heart; in fact, my whole system seemed to be in disorder.
"I received no relief from the suffering incident to this period until I took Lydia E. Pinkham's Vegetable Compound; but I do me relief from the time I took the first bottle. I gradually improved, nature took her course painlessly, and in due time I was a well woman.
"Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.
