THE MOST DEVASTATING DROUGHT SINCE WHITE MEN CAME TO AUSTRALIA

Northwestern New South Wales a Desert Stripped of Everything Green. Cattle and Even Rabbits Dying in Vast Numbers. Thousands of Settlers Ruined.

(Special to The Guardian.)

LONDON, Nov. 20.—Australia, especially New South Wales, is suffering the most devastating drought since white men have resided in that country, even the drought of 1902 being surpassed. According to a Sydney despatch to the Daily Mail, stock and crops have been destroyed, and it is doubtful whether there will be enough seed wheat for next season's sowing. Hundreds and perhaps thousands of settlers have been ruined.

Northwestern New South Wales is described as a desert, being stripped of everything green. Paddocks are littered with the skeletons of cattle and even rabbits are dying in vast numbers.

MORE WHISKEY NOW COMING TO CANADA

Than During Wet Times, Said the Managing Directo of Large English Distillery.

(Special to The Guardian.)

LONDON, Nov. 20.—There has been an astonishing rush for whiskey both by traders and private customers as a consequence of the withdrawal by the government of restrictions on distribution. Canada was brought into the question by the managing director of a well known firm of distillers who said it was remarkable that though Canada had largely gone dry his firm was shipping more spirits there than in wet times, and recently Canadian agents had requested that stoppers be substituted, as corkscrews are now difficult to obtain.

MARKET CONDITIONS IN THE FUR BUSINESS

Subject of an Able Address Yesterday Before the Rotary Club by Mr. W. Chester McLure.

"Market conditions in the Fur Business" was the subject of an address by Mr. W. Chester S. McLure at the Rotary Luncheon yesterday at the Rose and Grey.

Mr. McLure spoke as follows:—

Mr. Chairman and Gentlemen:—

After dinner speaking is not my specialty. Some two years ago I was asked to speak at a similiar luncheon and at that time I prepared to the best of my knowledge an exact condition of where our industry was at. That it had some impression was gratifying to me. For if you will remember after placing before the Rotarians the exact standing of our organization you took the matter up and appointed a committee to investigate conditions. That committee met once with myself, and whether they reported to you or not I do not know.

On this occasion I want you to definitely understand that I am not coming to you with any idea of looking for your support in any way. I am only coming to give you a short talk on conditions as they appeal to me. You are under no obligation to accept anything, and still you have the right to criticise to your heart's content.

We all know the new enthusiasm that was aroused in our industry this year. You are conversant with the facts of what our industry is. You know the revenue it is producing. You also know what the future of this industry can be made to assume, and the question that comes up to us all is can it be made profitable to ourselves. For after all we are living in an age of not self-denial, but entirely an age with the denial extracted leaving it self.

To get anywhere in this business, production is one of the first essentials. The next essential, and to my mind the all-important one, is marketing. We must remember that we are dealing with a commodity that cannot or will not hold its own on the market, unless circumstances are made for that commodity that will bring it into the proper place it deserves among furs.

The fur markets of the world in 1915 were absolutely demoralized, and had it not been for the thoughtful, wise and judicious guiding of some of the brainiest men in America the fur industry would have been swept almost into oblivion. On the other hand through strong organization the fur industry during the last four years has grown and continued to grow until it was approaching almost a standarization for any saleable commodity.

I am not going to take up the different lines to explain to you as it would take too long, but I just want to metion one item to show you how trade has entirely shifted within the last five years. Prior to 1914 very few rabbits were sold in America. Neither were there any rabbit dyeing or dressing houses of note. Last season at one sale in the United States five million rabbit skins were offered and sold. Formerly these all went to Belgium and France where they were dyed, machined and dressed and practically used in that country. Now they are being used in America. I only mentioned this one line as I could go through the whole category of furs and show you convincing facts with reference to them, but let us go to the marketing condition of our own furs.

In looking at these facts, we had during the year of 1919 the best collection of silver fox furs in regards to quality that has ever been shown to the world, proof of my statement, the grading of skins as compared with the grading from 1904 to 1914.

The quality offered has been slightly larger than for the average of years 1906 and 1910.

The conditions under which they

Meeting of Inter Church Executive

A meeting of the Inter Church Executive of the Forward Movement was held in the Y. M. C. A. Hall last evening, Judge Stewart presiding Considerable routine business was transacted preparatory to the convention to be held in Charlottetown on Friday, December 5th. This is one of a series of conventions arranged for by the National Committee in a dozen of the chief cities in Canada. These conventions on an inter church basis are expected to do much to awaken interest in the forward movement within the different protestant communions. Men of outstanding ability have been secured as convention speakers. Dr. Pidgeon of Toronto and Chancellor Maccrimmon of McMaster University are to speak at the Charlottetown convention. Attractive exhibits of the banners, charts, streamers etc, will be a feature of all the conventions and it is expected that the lantern will assist in presenting more vividly the need for a forward movement in all mission lands. The executive agreed to issue invitations to all the clergymen of the four co-operating communions and one lay representative from each church as delegates to the convention, with the understanding that all who can attend and make their own arrangements for entertainment will be welcome as members of the convention. A billetting committee was appointed with instructions to issue invitations at once to the delegates and to arrange for the entertainment of these during the convention.

This is the first time the Protestant churches of Canada have united to issue the world challenge to their members and the coming together of so many Christian workers from all parts of the Island to consider for a whole day their joint responsibility for the welfare of their own and other lands will be something that will do much to unify the Christian forces of the land.

The sons and daughters of the leading men of China are enrolling as students in Christian colleges, eager to learn the great truths of the Bible. A wonderful day is dawning. The Canadian Methodist Church began work in Western China 23 years ago. Ten million souls are allotted to them. The native church has organized its own Missionary Society and have sent out two missionaries to the mountain tribes—also a company has entered Tibet—that hitherto sealed land—with most encouraging prospects. The great day of missionary effort has come.

Rev H. S. B. Strothard closed with a report of progress and an appeal to the church to sustain a strong vigorous spirited life the impulse of which can unite all men in a common brotherhood to the saving of the world.

GENERAL SMUTS APPEALS TO U. S. TO RATIFY THE TREATY COVENANT

Urges Senate not to Blast the Hope of the World by Non-ratification. America, He Declares, Can Only be True to Herself by Being True to Ideals Embodied in League.

(Special to The Guardian.)

JOHANNESBURG, Union of South Africa, Nov. 20.—Lt. Col. Jan Christian Smuts, British member on the League of Nations Commission, in a "message from South Africa to America," appeals to America "not to blast the hopes of the world" through non-ratification of the treaty covenant by the Senate.

General Smuts says: "I am told that the League is in danger in the American Senate. I can scarcely believe it. May I send a message from South Africa?" America has proved true to the best ideals of free and peaceful government, and can only be true to herself by remaining true to these ideals as embodied in a League. It is in the power of America to lift the heavy weight of despair which today is bearing down Christendom. We will pray her to do so. We pray her to sign the great covenant and complete the work for humanity which she so unselfishly set out in the war to do."

DEMOCRATS AND IRRECONCILABLES DEFEAT RATIFICATION OF TREATY

Senator Lodge Introduces Resolution Declaring State of Peace Between U. S. and Germany in Order to Pave a Way for Independent Treaty With Germany.

(Special to The Guardian.)

WASHINGTON, Nov. 20.—After a desperate parliamentary struggle the United States Senate just before 10 o'clock by a vote of 51 to 41 rejected the treaty of peace with Germany by defeating the Lodge resolution with the drastic reservations of the foreign relations committee majority.

The defeat of the treaty was brought about by administration Democrats, aided by eight of the Irreconciliables, among the Republicans. Earlier in the night the Senate, by a vote of 55 to 39, had defeated the Lodge resolution. It came up again, however, after various parliamentary moves during which the administration forces endeavored vainly to substitute resolutions embracing reservations of their own. Immediately after the last vote, which spelt the doom of the treaty so far as this session of Congress is concerned, Senator Lodge, the majority leader, offered a concurrent resolution declaring a state of peace to exist between Germany and the United States, this being done so as to pave the way for an independent treaty with Germany. In as much as the House had adjourned sine die, the Lodge resolution had to go over until the next session of this Congress which meets Dec. 1.

The Senate, after disposing of the treaty tonight, also adjourned sine die.

Will Not Delay Peace Proclamation.

OTTAWA, Nov. 20.—That the action of the United States Senate in declining to ratify the peace treaty is not likely to delay the formal proclamation of peace is the opinion held in government circles at the capital. While definite advices are lacking as to the exact position of all matters relating to the formal proclamation of peace at Paris, it is thought that the final step would not have been taken so long as there was a possibility of ratification by the United States Senate. Definite action by the Senate may therefore bring the formal termination of the war perceptibly nearer instead of postponing it. It is not known here whether or not the ratification papers of Great Britain, France and Italy have all been deposited at Paris, the doubt being in regard to Italy, but once they are, peace can be formally proclaimed, the peace treaty having been ratified by three of the great Allied Powers which participated in the war.

Canada's formal proclamation of peace, it is expected, will follow close upon the heels of that of Great Britain. As soon as the proclamation appears in the Canada Gazette, which should only be a matter of a few hours after word is received, war-time orders in council issued under the authority of the War Measures Act, including the prohibition regulation, will cease to be operative, excepting such as are continued in force by virtue of legislation passed at the recent session of parliament.

(Special to The Guardian.)

LONDON, Nov. 20.—Lt. Col. Charles Amery, Under-Secretary for the Colonial, announced in the House of Commons today that the Government had decided to entrust to the people of Malta full and responsible control of purely local affairs and Cairo affairs

Sad Death of Mr. Peter Keenan

A sad death occurred in Charlottetown early yesterday morning. About 7 o'clock, or shortly before that hour, a telephone call was received at the Police Station stating that a man was lying on the street at the corner of Prince and Sydney Streets. Officers Allan and William McInnis at once proceeded to the place and were called to the Victory Hotel near by where they found Mr. Peter Keenan lying on the hall floor. They telephoned Large Bros. for a team and had the man removed to the station, where upon their arrival they at once telephoned for Dr. Jenkins. The doctor who came soon afterwards examined the unfortunate man and found him dead. Word was also sent to deceased's brother but he also arrived too late. Dr. Dewar, the coroner was next notified and after examining the body decided that an inquest was unnecessary.

The unfortunate man was first noticed lying on the street by Rev. P. F. Hughes, who happened to be passing and had him removed to the Victory Hotel.

The Police officers declare that the man was living when and after his removal to the Station.

Deceased was a well, known truckman and much sympathy is felt for his brother, Mr. Patrick Keenan, of this city and other relatives.

Surprise has been expressed in different quarters that no inquest was held over this fatality. Reports of various kinds have been in circulation and in the public interest it is desirable that the fullest open investigation should be afforded so that there may be no doubt whatever as to the accidental nature or otherwise of the death of the unfortunate man.

(Special to The Guardian.)

CAIRO, Nov. 20.—Eleven natives were killed and sixty wounded yesterday by British troops, who opened fire on a crowd which desieged the police station during the course of a demonstration. Ten of the wounded are reported to be in a serious condition. The demonstrations were continued today, but in an orderly manner.

PERU RATIFIES VERSAILLES TREATY

(Special to The Guardian.)

WASHINGTON, Nov. 20.—The treaty of Versailles was approved unanimously yesterday by the Peruvian national assembly, the Peruvian Embassy here was notified today in a cablegram from Foreign Minister Porras.

FOREIGN EXCHANGE IS DEMORALIZED

(Special to The Guardian.)

NEW YORK, Nov. 20.—Complete demoralization overtook the foreign exchange market today, when new loan rates were quoted against England, France and the former central European empires. Commercial and banking bills on London fell to $4.02½ to the pound. France's declined to 93¼ to the American dollar; marks and kronen were more than 90 per cent. under parity. Dealers in exchange again ascribed much of the latest unsettlement to the extremely unfavorable balances which favor this country to an overwhelming degree.

Important Meeting Of the Navy League

A meeting of the executive of the Prince Edward Island Branch of the Navy League of Canada was held on Wednesday evening at The Sailors institute, No. 2, Dundas Esplanade, the President Justice Matheson presiding with whom were Mr. Justice Fitzgerald, Mr. Pope, Mr. Hyndman, Mr. A. E. Morrison, Mr. J. E. Bell, Mr. Pomeroy, Dr. McMillan, Mr. Higgs, M.L.A., Colonel Campbell, H. M. VanBuskirk, and Mr. Hodgson.

Important business in connection with the Boys' Brigade was discussed and action taken thereon. The interest manifested by the public in this department of the work was most encouraging. Some 36 boys are under instruction by Lieut Gordon with a large waiting list. Additional instructors are likely to be placed on the staff shortly. The educational phase of the League's work is looked upon by the executive as being of supreme importance.

The recent financial campaign was reported upon by the chairman of same Mr. VanBuskirk. His report was encouraging, seeing that many of the country districts are yet to be heard from. Mr. VanBuskirk's zeal and success in his arduous duties found ready endorsement by resolution. When all reports are in it is hoped that the objective will have been reached. Charlottetown has done nobly.

Special mention of the valuable assistance and co-operation of the Daughters of the Empire and the Rotary Club was made. Daughters of the Empire had charge of collections in Summerside and Alberton.

A meeting of the Dominion Council was announced to be held in Ottawa on the 28th and 29th inst to meet Admiral Lord Jellicoe. Delegates to this meeting were appointed viz:—Mr. Pope and Mr. Hyndman.

A unique history entitled "Flag and Fleet" or "How the British Navy won the Freedom of the Seas," was laid upon the table by the secretary, Mr. Hyndman. It was written for the boys and girls of Canada to remind them of the great stress and storms through which this the greatest of Empires has come to them. More will be heard of this book later.

Messrs J. E. Bell, A. E. Morrison and George D. DeBlois were appointed a committee to look after the interests of the sea faring men for whose benefit and comfort—a reading room is being opened in the Institute. It will be the object of this committee to give all sea faring men a cordial welcome to the Institute where the latest papers and magazines will be placed in their hands. Meeting adjourned sine die.

POSSIBILITY OF CANADA SECURING LARGE SHIPBUILDING CONTRACT

If Grade of Ships Can be Built Here Canada May Secure from France Contract to Build 121 Ships. France Offers to Buy Canadian Government Shipping.

(Special to The Guardian).

OTTAWA, Nov. 20.—If Canadian shipyards can make the grade, they may secure an order from the French government for 121 ocean going vessels at $170 a ton. These vessels would range in size from the Lake type of steel steamship to large ten-thousand-ton freighters. They are greatly needed by France for trade with her colonies and to recover her old foreign trade.

It is said that she has even offered to buy the Canadian government shipping at its cost to Canada, dollar for dollar. That offer, it is understood, has been refused. In order to get these ships France is said to have arranged through a New York group of financiers for a credit of one hundred and eighty million dollars. Sir Henry Pellatt of Toronto is reported to be interested in the financial end of the plan. If it should go through and Canada were able to get the whole order at the price mentioned, this would give the final touch toward making the shipbuilding industry in Canada permanent. It would also help to give a great deal of employment and keep the country prosperous through the reconstruction period. With steel plates easier to obtain than at any time during the war, Canada should be able to get the trade.

VICTORY LOAN

Letter of Thanks

At this the close of the third, last and most successful Victory Loan, on behalf of the Executive Committee, I wish to tender our most hearty thanks to those engaged in the organization and completion of the work.

To Mr. Neil McLeod, K.C., Chairman and Organizer for Prince County, who, during the whole campaign has worked most strenuously with such splendid results, namely more than three times the objective.

Mr. W. K. Rogers, Chairman and Organizer for Queens and Kings Counties, who completed the organization most efficiently, but to our regret was compelled to be absent during the latter part of the campaign.

Mr. W. Harry Tidmarsh, the Chairman and organizer for the City of Charlottetown who devoted his time exclusively early and late for three weeks to this work and greatly exceeded his promise of $800,000.00 for the City.

To Mr. J. P. Gordon, Chairman and the members of his publicity Committee throughout the Island who so efficiently spread the advertisement of the Loan and secured for competition the German gun which brought such splendid results by increased subscriptions.

To Mr. W. F. Tidmarsh, Chairman, Mr. Creelman McArthur and other members of the special subscription committee who were the means of securing many large subscriptions which would not otherwise have been obtained except for their efforts.

To Mr. F. R. Heartz, Chairman, and members of the finance committee who gave their attention to the accounts.

To the G. W. V. A. committee in Souris, who undertook the canvass of that district; also the committee in Georgetown who worked so well that they passed their objective five times over.

I wish especially to thank the canvassers all over P. E. Island to whom the credit of securing such splendid results for the Loan is greatly due, and who worked early and late; in good and bad weather for three long weeks.

To the Auditors, Mr. A. W. Hyndman and Mr. G. W. Harrison, whose work will now commence, we wish to thank in advance.

To Miss M. M. King, provincial secretary; Mrs. Brundage, secretary of Prince County; and the members of the staff both in Charlottetown and Summerside who certainly did their work in a most efficient and creditable manner.

Lastly to the press, who at all times rendered us every possible assistance and help, and without whose assistance the flotation of the Victory Loan would have been impossible.

Personally, I wish to thank Mr. J. O. Hyndman and Mr. Percy Pope, the members of my executive committee for the great assistance and advice given me day after day during the whole campaign.

Yours truly,
C. H. B. LONGWORTH,
Chairman Executive Committee.

THE DOCTOR'S PRIVATE SECRETARY GOOD PLAY

Strand Theatre Crowded Last Night when this Excellent Attraction was Successfully Staged by Local Talent.

The Strand Theatre was crowded last evening when the splendid four act powerful drama, entitled "The Doctor's Private Secretary," was put on by a company of 100 Charlottetown people under the able direction of Mr. Theodore H. Bird who it will be remembered put on the big success, Jack's Wife last year.

The play of last evening was under the auspices of the Women's Auxiliary of the Y.M.C.A. and was a complete success, all members of the company acquitted themselves admirably.

The stage settings were a revelation in themselves showing to what extent artistic ideas can be carried out by our own people. Nothing so pretty in this line by local talent has been seen here for a long time.

The costumes in the chorus were also excellent and blended nicely with the stage settings.

Miss Margaret Robinson in the leading role of Flossie Glenwood, a society belle, ably sustained the high reputation which she gained in her debut in amateur theatres last year and proved herself to be possessed of histrionic ability to a marked degree. Mrs. Fred Houle as Kate Paxton, a diamond queen Miss Alice Doull, as Milly Merton, Flossie, Chum, Mrs. Frances Trainor as Meg Sylvester, Miss Pauline Sidenius as Mott Street Mull took the other leading female parts and took them capably indeed.

Mr. Cortland Hopkins as Dr. Leslie —"so absent minded" furnished lots of fun and Mr. Ivan Reddin as the gentleman thief, Mr. V. Leigh Dingwell as Bill Sykes, Mr. Jack Johnson as Noah and Mr. Bird as Archer the detective took these roles in a manner that would do credit to professionals.

The choruses and solos were greatly enjoyed. Mrs. Keith Rogers was the pianist. Those taking part were as follows.:

OPENING CHORUS:—"You are welcome back to Home Sweet Home."—Solo by Mrs. Frances Holl Trainor assisted by Children's Chorus:

Little Boys:—Gordon MacDonald, Laughlin McKinnon, Harry Craswell, Allison Huestis, Archibald McKinnon, Earl Cook, Richard Sidenius, Jack Edgett, Robert Inman, Jack Cameron, Harold Harper, Percy McInnis, Percy Rattray, James Cameron, Thomas Mathieson, Ralph Harris, Jack McLeod, Leonard Toombs, Nelson Rattenbury, Harry Sentner, Ralph Cameron, Borden Ings, Hazen Ings, Harry Hyndman, Walter McNutt, Elward Pierce, William R. Specialties were given as follows:

"Ching Chong"—Solo by Miss Constance Whear and Mr. Stewart Ross, assisted by Chorus.

Ball room dancing by Mr. Dixon and partner, followed by "My Woodland Rose"—Solo by Mr. Roy Quigley assisted by Miss Kathleen Moore and 35 young ladies and gentlemen.

"Land of Wedding Bells"—Duet by Miss Jean Allan and Reigh Tinney assisted by Vera Peak, Helen G. Stuart, Lilian D. Wheatley, Constance C. Whear, Eleanor Beales, Dorothy Stewart, Florence Murdock, Olive Carter, Annie Damerall, Kathleen Moore, Florence Campbell, Annie Acorn, Jean Stewart, Lula Toombs, Eva Murdock, Fannie Currie, Geoffrey Beales, Herbert R. Smith, Leslie Hughes, Earle Prowse, Daniel F. Finlayson, S. R. Steeves, E. Montgomery, O. D. McGregor.

A grand spectacular finale brought to a close an evening of rare enjoyment.

This excellent play and entertainment will be repeated tonight at the Strand.
