—PASSING OF PROMINENT CITIZEN OF NORTH TRYON—There passed away at his home in North Tryon on Monday morning, George H. Calbeck, one of the most prominent farmers of the district. Mr. Calbeck was 69 years of age and had led a most useful, active life, working for the welfare of the community. He was keenly interested in agriculture and was a past president of the Tryon Dairying Co. occupying that position for many years. A devoted member of the Tryon United Church, he manifested a Christian spirit, exemplified with courage and great faith. He was untiring in his work for the church and was for 20 years secretary of the Sunday School. He was also one of the church stewards up to the time of his death. His demise is a distinct loss to the community which he served so faithfully and well. There are left to mourn, his sorrowing widow, formerly Amanda Muttart; one daughter, Mrs. Hedy B. Weeks; two sons, Dr. L. M. Calbeck, Craupaid, and J. Albert, North Tryon; also five brothers, Wesley, Tryon; Alder, Medicine Hat, Alberta; J. W. Calbeck, Summerside; Deinstead, Stolly, Sask.; Dr. A. D. Calbeck, of Penelton, B. C., and one sister, Mrs. Samuel Weir, Vancouver, B. C., to whom sympathy is extended. The funeral was held on Tuesday afternoon from his late residence to the United Church at Tryon. There was a short service at the home for the family and immediate friends. The service in the church was largely attended, many people travelling long distances to pay their last respects to an honored friend. Rev. F. Young conducted the service and spoke in eloquent terms of the many fine qualities of the deceased, and referred to him as one of the pillars of the church. The hymn, "Jesus Lover Of My Soul" was sung at the house, followed by prayer. At the church, "Abide With Me," "Nearer My God To Thee," and "Peace Perfect Peace" were beautifully rendered by the choir. Mrs. G. D. Wright was at the organ. The pallbearers were Messrs. William S. Albert, Frank, and Hedy Muttart, Wallace Lowther, and James Stavert. Among the lovely floral tributes were a pillow from the family; crocuses from J. W. and Mrs. Calbeck; and Geo. G. and Mrs. Calbeck; spray, J. Culliffe and family; a spray from Tryon Dairying Co., and crosses from Mr. and Mrs. Harold Messerve, and Miss Lillie Nicholson; besides cut flowers from Arthur and Mrs. Dawson.—S.

BAD FIRE AT KENSINGTON YESTERDAY

Warren And Webster Sawmill, And Sash And Door Factory Destroyed. Damage Believed Around \$5,000.

In zero weather and biting wind the Kensington firemen fought a bad fire yesterday afternoon which reduced to ashes the sawmill, and sash and door factory owned and operated by J. W. Warren and George Webster. The fire started in the engine room about two o'clock and Captain Waldron Darrach, head of the Kensington Fire Department, lost no time in getting the pumps working. With two lines of hose they kept the fire confined to the mill and factory. Realizing, however, the great danger to the entire town as the scene of the fire was in the heart of Kensington, a call was sent through to Summerside for assistance. Chief MacNeill and D. F. MacNeill answered the call and went out with the chemical engine and firemen. When they arrived the mill and factory were doomed. Flames however threatened to spread to the New Brunswick Hotel only four feet away, and a two story residence seven feet distant on the east side. Both Summerside and Kensington firemen had all they could do to save the adjoining buildings and worked steadily, drenched with water, until all danger was over. It is to their credit that only slight damage was done to the hotel, which caught fire several times.

The factory was formerly the livery stable of the hotel about 35 feet by 23 feet, two stories high and housed some finished lumber and a quantity of B. C. fir. The mill was built on to the factory, all is now just a pile of ashes. The machinery is a total loss. The building was valued at about \$3,000 and with the loss of machinery and equipment the total loss was estimated at between \$5,000 to \$5,500 with only a light insurance. Some green logs outside were the only things saved about the place.

Mr. Warren was on a business trip to Boston but his partner, Mr. Webster was at work on the mill when the fire broke out.—S.

Junior Abbies And Soviets In Tie Game

At the Crystal Rink following the senior game on Tuesday the Junior Abbies of Charlottetown and Soviets of Summerside met for the second time this season in a fast, clean fixture which ended four all.

The young rivals exhibited a good brand of hockey that pretty nearly matched up with that handed out by their seniors. There were a large number of spectators who displayed keen interest in the play, which was very encouraging to the Juniors.

The first period opened up fast but neither could tally.

In the second, after one minute and forty seconds, the Soviets, in the person of Clow scored the opener, assisted by Wedge. Then at the seven minute mark Wedge on a beautiful rush the length of the rink, slipped one past Langill, making it two for the westerners. At the 15 minute mark from a mix up in front of Summerside net, Wedge shot, Darrach giving the easterners their opening score.

The opening of the final stanza found both teams ready to play offensive or defensive hockey as the case presented. After two minutes of play Clow scored, getting his first marker. Five minutes later Charlottetown retallied. Pound of the defence getting in a goal. One minute later McClintick tied the score on a pass from Dowling. The Abbies then jumped into the lead three minutes later when Dowling took Darrach's pass.

The Soviets fought back and three minutes before the game

S'ide Meeting Opposes Change In Phone Rates

Trade Board Council And Civic Officials Confer With Company Representatives.

Mr. W. S. Grant, district superintendent and Mr. Donald Gass, commercial superintendent of the Island Telephone Co., met the council of the Summerside Board of Trade in the civic building yesterday afternoon, Mayor Robinson, members of the Council Board and interested business men to discuss the proposed raising of the telephone rates.

Mr. Grant outlined the workings of the new schedule of rates and explained that the readjustment in the business toll rates would offset the increase in the residential rate. He explained that Summerside had hitherto enjoyed a much more favorable rate than other towns of its size owing to an old agreement which was brought about through the efforts of the Summerside Board of Trade some years ago. Summerside is still paying less than Charlottetown. Rates are much higher in Nova Scotia for towns of the same size as Summerside. The greater the population the higher the rate, but the service is much greater, this is on account of the necessary increase in equipment explained Mr. Grant.

Mr. J. F. Arnett, President of the Board presided. Taking part in the discussions were Mayor Robinson, Councilors Mackay and Nicholson, Nell R. Dunn, Town Clerk, A. E. Brennan, W. J. Lidstone and others.

The consensus of the opinion was that the rates were too high and that the matter should be thoroughly investigated by the Utility Board. Mr. Grant stated that was his wish. He had nothing to hide. Mr. Grant said he would endeavor to furnish the information that was asked.

A resolution was passed "that the meeting did not approve of the proposed new schedule and that a committee from the Board of Trade and Town Council be appointed to look into the matter and arrange a meeting at a later date with Mr. Grant." The meeting agreed it was the function of the Utility Board to take care of things of this kind and to safeguard the people; interests and that they felt that the Board would continue to safeguard them but that the matter of telephone rates was of such vital interest that the whole thing should be publicly discussed before any drastic step was taken. A vote of thanks was extended to Mr. Grant and Mr. Gass for their visit and explanations given.

Other matters discussed were improved wiring facilities with the possibility of underground cables for Water street and new sections opening up. A small service charge for information with regard to the location of fires was suggested.

Rev. Mr. Watterworth To Assume New Duties Next Week

SAINT JOHN, Jan. 27.—Rev. Carlyle Watterworth, is coming to St. John's next week from Summerside, P. E. I., to become pastor of Douglas Avenue Christian Church, it was learned Tuesday night.

Mr. Watterworth has been pastor of Central Christian Church at Summerside for the last four years. Although a young man, being 31 years old, he has won high regard in his profession. During his term in Summerside, he has been active in all branches of church and temperance work, and he is looked upon as an outstanding speaker, it is said.

Mr. Watterworth was educated in Manitoba, for the most part, but also studied in the United States. The greater part of his life was spent in Western Canada. In later years, he moved to Ontario. He will be accompanied here by his wife and two children.

He was called to Saint John by the unanimous vote of the church on Sunday, Jan. 3, and will fill a pulpit which has been without a formal appointment for several months. During that period, services in the church have been conducted by Rev. George W. Titus, Saint John, secretary evangelist of the Christian Churches of the Maritimes.

Trinity Church Annual Meeting

The annual meeting of Trinity United Church was held on Monday evening in Epworth Hall and was very largely attended. Rev. L. E. G. Davies presided. An interesting feature of the meeting was the burning of the note on the White note, being an amount of \$1400.00. This leaves the church entirely free of any indebtedness. Messrs. L. R. Allen, J. Frank Arnett and W. J. Lidstone were on the committee responsible for this feature.

The different organizations of the church handed in their reports and all showed substantial gains. Motions of congratulation were extended to the different departments for the full and complete reports given and for the success of their undertakings.

A vote of thanks was extended to Rev. L. E. G. Davies and family for their splendid support and guidance in all church work. The ladies aid served a delicious lunch at the close of the meeting and a social hour was enjoyed.—S.

ended, tied up the game with a smart goal by Clow unassisted.

Lineups:—
Soviet: Goal, Casey; defence, Muttart, Steele, Crozier, Peters forwards, Arnett, E. Clow, Wedge, A. Clow, R. Phillips, coach.
Jr. Abbies: Goal, Langill; defence, Pound, Darrach, Johnson, Shephard; forwards, Dowling, Fennigan, Kelly, McClintick, Campbell, Doyle.
Harry Prichard refereed.

DEFENCE MAKES

(Continued from page 8)

There were no defects in the car of the accused and no errors in operation which led to the accident, the speaker stated in his evidence.

There was no evidence by the Crown that would suggest that the case should go to the jury, Mr. McPhee concluded.

Judge Arsenault informed Attorney General Campbell that he would not hear him at that time. If he were to consider taking the case from the jury he would do so.

To Mr. McPhee the Court said given consideration and that in the meantime if the defense had any evidence to give to submit it.

Charles Gavan Duffy, the accused, Charlottetown, Judge of the County Court of Queen's County for the past seven years, was the first defense witness.

He told of going to Stanhope to Mr. Gesner's pond on Sept. 1 last.

The witness' car was in first class shape. The brakes were re-lined last summer.

At the pond the witness rowed the mile to the place where they fished. Mr. Gesner rowed back. It was about 5 o'clock when they arrived at the cottage, the first time.

It had been warm that afternoon but turned very cold. They fished for some time and Mr. Gesner rowed back. The accused was very cold when they got to the cottage after about 4 hours on the pond. Shortly after 9 o'clock they started for town.

Before they came to Russell's forge they met some pedestrians and vehicles. They were passed without incident. The accused dimmed or dipped his lights. As he drove slowly always he often drove from his light dipped as it gave him a better view of the road.

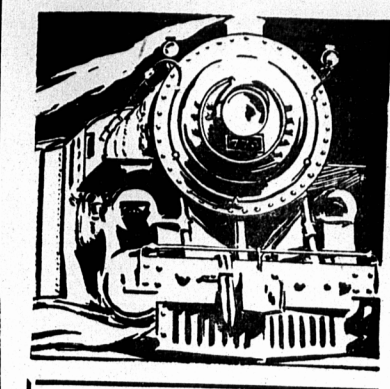

As they came into the straightaway north of the forge he looked down the road and saw a car light flash between the trees at the southern curve. He knew of the depression at the forge, which had a soft sand shoulder to the north and another to the south. He felt he had to be careful because his car skidded easily in sand. At the same time he knew the other car was coming and took care not to pull over too far. He went through part of the depression.

His lights were down, and the witness had his eyes on the road and did not notice the other car again until Mr. Gesner said "here's a car coming with one light; I wonder which side its on."

He knew the car was approaching but did not notice the one light until it was mentioned by Gesner.

The witness looked up and saw the car coming up pretty well on

S. D. U. PLAY

(Continued from page 1)

the end of each of the first two acts.

Between acts one and two the Cowboy Trio, Messrs. Frank O'Connor, Ronald McKinnon, and E. Bernard, sang "The Cactus Is In Bloom." They accompanied themselves on the guitar.

During the intermission Mr. Ronald McDonald sang a solo, "Somebody's Calling" and in response to an encore, "In A Chapel in the Moonlight." His piano accompanist was Mr. Charles McIvor.

The Sailor Quartette, Messrs. Ferdinand Deschenes, Raoul Cote, Philip Gagnon and John Bedard, sang as their opening number "Voilà les Gars de la Marine." As an encore number they sang that old favorite "Alouette" and were given a second encore. Mr. Clarence Pineau was piano accompanist.

An orchestra under the direction of Miss Kathleen Hornby rendered an overture and between act music which the audience appreciated greatly.

The performance last night was under the distinguished patronage of His Honor Lt. Governor DeBlois and Mrs. DeBlois.

The story of the play which so gripped the audience concerned a business man involved in an investigation in which he roused the animosity of a clever group of gangsters. Mr. Fred Howatt took the role of Burton, the business man, with a convincing bit of acting. Todd, the newspaper reporter out to get a story from Burton no matter what obstacles he encountered, was realistically acted by Mr. E. Bernard.

One of the best acted character studies in the play was that of John Roper, a farmer, taken by Mr. William Simpson. He portrayed his part with unusual skill.

Cockney Jake, a man with a past who had just broken prison, was played by Somerset Trainor who turned out a fine performance. Another well acted gangster role was taken by Mr. Alphonse Campbell who played the part of Spiotch Rimm.

The builder role, Henry Jarvis, an old acquaintance of Cockney Jake's was taken by Mr. Larry Landriano, who without doubt, was the typical "very well sir" man.

Mr. Ronald McKinnon, as Gill, the small town chief of police, was another of the players who turned in a fine performance in a rather difficult role.

Minor parts, but nevertheless well acted, were taken by Mr. Jerome O'Brien, a gardener; Willard O'Brien, a second farmer; J. O'Brien and W. O'Brien, two deputies under Gill; and Farnell Wood, who took the role of Dr. Mack, the physician.

The play was a real mystery and not until the last few minutes of the last act did the audience guess the answer to the riddle.

The performance was directed by Rev. Father Michael Francis. Mr. J. Austin Trainor was make-up man.

Mr. John A. McDonald, president of the St. Dunstan's Dramatic

PREMIER KING

(Continued from page 1)

European statesmen should be given a chance to see how wide the Atlantic Ocean was. They should be forced to meet in a better atmosphere than could be found there.

T. L. Church (Cons. Toronto-Broadview) declared Canada would become a "laughing stock" if such a resolution were adopted. It was against the constitution of United States to enter into European affairs and the President could not if he wished, take the step proposed.

"One of the worst political manoeuvres this country could adopt would be to enter as a participating member in any Pan-American union," said Hon. C. H. Cahoon (Cons. St. Lawrence-St. George).

"We to the north of the United States have nothing in common with the states to the south. It would add nothing to our economic and very little, if anything, to our cultural strength."

If an invitation were ever sent to Canada to take part in that conference, he hoped the government would decline or at least do nothing without consulting parliament.

P. J. Rowe (SC-Athabaska) said he was glad to support the resolution. He could see real value in the convening of a world conference to study the causes and origins of wars which were, he thought, as preventable as small-pox or floods.

If the proposed conference were called Mr. Rowe suggested "armament racketeers, their agents and friends" should be asked to stay out. It was his belief that armament conferences had been too much influenced by the participation of those who stood to make profits from war and war preparations.

Mr. Heaps, closing the debate recalled that only the day before both the Prime Minister and the opposition leader had advocated conferences on the constitution. He believed no nation would care to ignore an invitation to a world peace conference—if that invitation came from the United States. Adjourning at six o'clock came as Mr. Heaps finished and the motor was not put.

Society thanked the audience on behalf of the Altar Society of St. Dunstan's Basilica and the Dramatic Society of the University for the splendid attendance.

The performance will be repeated tonight. Yesterday there was a matinee for the children.
