During his visit he preached in the Methodist church, Bideford, morning and evening on July 4th and his sermons will not soon be forgotten. Mr Dystant formerly belonged to the N. B. & P. E. I. George Geldert. A few days after the ceremony Capt. and Mrs. Ellis left this Province on a wedding trip to Boston and other parts of the United States after which Capt. Ellis took command of his own vessel on a seining voyage and made a successful trip. The captain left Boston again on July 12th for the fishing grounds in the Gulf of Mackeral. Mrs. Ellis leaves Maplewood, in the near future, on a visit to her old home where she will spend the summer. It will be remembered that Capt. Ellis during his visit to this Province represented the well known wholesale fish firms of Geo. T. Moon, Fulton Market, New York and John Nagle, 176 Atlantic Avenue, Boston.

The following clipping is from the Claresholm Review, Alberta. The Miss Barclay referred to is a daughter of the late James Barclay, O'Leary and niece of D. C. Ramsay, Port Hill. A quiet and interesting June-end wedding took place in St. Aidan's Church at 7 o'clock Wednesday morning when Miss Marie Mansen Barclay became the bride of John E. Ardell, jeweler, of Claresholm. The beautiful and impressive wedding vows as expressed in the Anglican ritual were pronounced by Rev. R. T. T. Moore, rector of the church in the presence of a number of friends of the contracting pair. The bride looked charming in a natty travelling costume of white with hat to match, and was given away by her brother, W. Barclay, acting mayor of Claresholm. She was unattended. After the ceremony Mr. and Mrs. Ardell took the Calgary express on a trip to Vancouver, Victoria and other Pacific Coast points. (Pioneer and Farmer please copy.)

St. John's Church, Belfast is situated in one of the most picturesque spots in Prince Edward Island. It was built more than eighty years ago, and stands today a monument of the courage, zeal, and liberality of the members of years gone by.

The annual meeting of the congregation was held on Tuesday the 13th inst and largely attended. The report of the treasurer of trustees, was very satisfactory showing as it did, quite a surplus after paying stipend, and for many improvements which had been made during the year.

It was decided by a unanimous vote of the congregation to hold at once with complete and extensive repairs of the Church. A motion was also made to add \$100.00 to the salary of the pastor Rev. S. D. McPhee. But Mr. McPhee declined any increase for this year, and begged that the motion be withdrawn which appeal was reluctantly complied with. Another motion was made, that the pastor have four weeks vacation, and was unanimously concurred in by the congregation.

SUMMER COMPLAINTS DEADLY TO LITTLE ONES

At the first sign of illness during the hot weather months give the little ones Baby's Own Tablets, or in a few hours the child may be beyond cure. These Tablets will prevent summer complaints if given occasionally to the well child, and will promptly cure these troubles if they come unexpectedly. For this reason Baby's Own Tablets should always be kept in every home where there are young children. Mrs. P. Laroche, Les Fonds, Que., says: "Last summer my baby suffered severely from stomach and bowel troubles, but the prompt administration of Baby's Own Tablets brought him through splendidly." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Cross also of the same department. (The bride is a daughter of Edward and Mrs. Fraser, Fitzroy Street east, and has many friends in this city.)

While the violent wind squall accompanied by thund and lightning and heavy rain which struck this City at seven o'clock last night was at its height one of the crosses on the front spires of St. Dunstan's Cathedral succumbed to the blast and broke off where joined to the spire. The cross is quite a large affair, although when in position it is hardly distinguished by its size to the eye. Fortunately the fall did not injure anyone. The benefit spire attracted a great deal of attention during the evening until dark.

From Calgary, Alberta, to Dawson City in the Yukon is the little circuit represented by John Orlebar MacLeod, superintendent of the railway mail service in that part of the world. Mr. MacLeod is one of the waymakers in the railway world. He was born as far from Vancouver as he could get and still be in Canada, in Orwell, P. E. I., in the year 1860, so that he is not yet an old man. But as history goes in the West Mr. MacLeod is a veteran. He is at least as old as that other veteran, the C. P. R. He was in charge of the mail train that crossed the Rockies in the Yukon, and in the forest fires in the Selkirk, and in the fire Mr. MacLeod got serious injuries; afterwards a gratuity from the Department. He took the first mail train into Vancouver and ten years later was superintendent of the railway mail service. The district he is in covers more steam services than all the rest of Canada put together.

His collar bone was broken and his head badly bruised, besides receiving some internal injuries. He was removed to his home as quickly as possible and a doctor called.

Where did the Pioneer get his fish story about the Summerside Breakwater being completed? Com out amongst the people neighbor Currie and take a turn round town. The Guardian representative aimed a number of questions correctly; including a trip out to the breakwater to see contractor McDonald's big plan still in operation lifting and placing stones.

A Lynn, Mass., paper of last week says: "A wedding took place in St. Joseph's parochial residence at 7 o'clock on Sunday evening, when Miss Catherine Steele, of this city, formerly of Summerside, P. E. Island, became the bride of John J. Ferguson of Roxbury. The ceremony was performed by Rev. Father Gately. The bridesmaid was Miss Margaret E. Murphy, and the best man Lenas Macdonald."

When the morning express train from Tignish was coming along the shore front yesterday morning the engine collided with a team driven by Samuel Bernard, merchant at St. Eleanor. Mr. Bernard was coming up past Holman's wharf driving a truck-wagon, and did not see the train coming, neither did the engineer see the team, there being a building which hid it from his view. When the engineer saw the situation he applied the brakes, but the train could not be brought to a standstill until the wagon had been struck turning it over and breaking on wheel. Mr. Bernard was thrown out but escaped with only a few bruises and a bad shaking up.

Rev. J. A. Ramsay and Mrs Ramsay left last week to spend their vacation at Mr Ramsay's old home place on P. E. I. Rev. Mr. Ramsay and his brother, of Amherst, understand have erected a summer cottage on the old place, and will spend their vacation there. In common with all St. Andrew's people here, of which Church he is the esteemed pastor, and who know how faithfully and how earnestly he has labored, in season and out of season, we wish him and his esteemed partner a glad and restful holiday and a glad welcome return to our town where their leaving influence for good is well marked.—New Glasgow Enterprise.

Farm and Dairy for July 15th, contains an article on the Canadian Central Seed Grain Prize List. It says section 6 reads: "White Oats 2 bushels threshed grain, together with sheaf, to be approximately 24 inches in diameter, taken from Prize winning fields in field crop competition, conducted under the auspices of any recognized agricultural society in Canada during the season of 1909." It will be observed that this section is open to prize winners in field crop competition throughout Canada. The best oats grown in Canada is grown on P. E. Island and as the prizes are very large it should tempt some Provincial farmers to exhibit at that fair. Prize lists containing full information can be had from E. McMillan, Secretary, Ottawa, Canada.

Mrs. J. D. Shuman, Miss Lona and Miss Annie Shuman and the Misses Muirhead held a picnic on the Bedeque shore yesterday afternoon in honor of Mrs. W. B. Morrison of Detroit, Mich. The trip over on the Bedeque and the outing was very much enjoyed.

McDonald acting as groomsmen. A pleasant time was passed before the bride and groom drove to their future home amid showers of rice and good wishes. Mrs. McDonald received many gifts and was very happy.

At the recent convention in Edmonton of the Knights of Pythias did C. W. McInnis of the Province, and in electing him to the post of Grand Chancellor. It was well deserved in every respect. There could be no more enthusiastic Knight and none more representative of the best of the west's young citizenship. The Saturday News, Edmonton, Alberta, writes: "McInnis here mentioned is a son of Dr. McInnis former of St. Peter's. He has many friends in this Province."

The storm of Monday night has brought to light much damage from different parts of the Province. It was terrific along the West River and Argyle Rear and about seven o'clock deluge of rain with sleet fell doing great damage to potatoes, crops and leveling fences to the ground. In St. Catherine's four buildings were blown down including Ed Lamont's barn. Nell McKenzie's stable and a building owned by Angus McLaughlin. On the opposite side of the river following the storm the late John B. McArthur's barn was blown down also one of several in North River. At York the hail broke a great deal of glass and did much damage to the crops.

The July term of the Supreme Court opened at Georgetown yesterday, with Chief Justice Sullivan presiding. Twenty-four cases were responded to by their summonses. Jurymen as the law only allows twenty-three jury to be sworn the last man summoned was excused from attending. John G. Stenas was chosen foreman. There being no criminal business Chief Justice Sullivan was presented by the Sheriff with the customary white coat. The jury after being charged by his Lordship visited to get into court afterwards was discharged. The court then adjourned for recess and the docket was called. The first case was an action for ejectment brought by George J. McCormack of Souris against Matthew and McLean Leitch, to recover possession of the land upon which the docketed plaintiff proved his title to the disputed land and at the close of the case the Chief Justice gave judgment for all the land claimed. Gaudet and McCallum for the plaintiff and Fraser for the defendant. The case of Gunn vs Clark will come on before the Chief Justice and a jury.

Heaviness at Pit of the Stomach

Nearly everyone gets an occasional attack of indigestion and knows just what that heavy feeling means in the stomach. "I was subject to stomach derangements and my health was seriously hampered on this account. After meals I belched gas, and a weighty sensation in my stomach and over my left side. The first relief I got was from Nerviline. I used it three times a day and was cured. I continue to use Nerviline occasionally, and find it is a wonderful aid to the stomach and digestive organs."

The above letter comes from Mrs. P. K. Stetson, wife of an importer at merchant in Brockton, and still further proof of the exceptional power of Nerviline is furnished by A. G. Rossmann, the well-known wholesaler of Chester, who writes: "Let everyone with a sad stomach use Nerviline, and I am sure there will be few sufferers who do not find relief. I used to have cramps, rumbling noises, gas in my stomach and every trace of indigestion. Nerviline was the only remedy that gave me relief, and I found it so entirely satisfactory that I would like to have my letter of recommendation published broadcast in order that others may profit by my experience."

You'll find a hundred uses for Nerviline—a trusty household remedy that sells to the extent of a million bottles per year—that's the best proof that it must cure and give unlimited satisfaction. Refuse anything offered in place of Nerviline. 25c. per bottle, five for \$1. All dealers, or The Oatarrhose Co., Kingston, Ont.

Mary J. McMillan was last night committed to Queen's County Jail in conformity with the sentence recently passed upon her for an infraction of the Liquor Prohibition Act.

The total rainfall yesterday from the various showers amounted to almost half an inch of water on the level; to be precise, the official figures show four-tenths of an inch to be the total precipitation.

Rev. Neil McLaughlin yesterday accepted a call extended him by the Methodist church, Fredericton, and with the consent of conference he will commence his pastoral duties in June, 1910.—St. John Star. Mr. McLaughlin is a brother of Dr. McLaughlin of this City.

The races at Tunnel Track, Cape Traverse yesterday attracted many spectators, who enjoyed one of the best days' racing that has ever taken place in this Province. The chief interest of the day centered in the 2.35 class in which the starters were: Baby Boy, H. C. Hooper, Charlottetown. Idaho, H. H. Sterns, Charlottetown. Ozen D., T. G. Ives, Montague. Sylvain Electric, J. L. Read, Summerside. Leewood, S. N. Dawson, N. Tryon. This was won by Ozen in three straight heats after a most exciting contest. The first two were taken easily but in the third his driver let him out, with the result that the half was done in 1.06 amidst the enthusiasm of the crowd. This sets a new Provincial record, and the owner of this fine horse is certainly to be congratulated on yesterday's performance. The second heat of this race was won by Baby Boy, and the

George R. McNeill, Cavendish, has sold the farm known as Old Orchard to Ernest Webb. This is one of the finest farms in the Province, and includes a part of the "Lake of shining water"—an angler's paradise. Mr. McNeill intends visiting the Canadian west in the near future.

The young people of "Perseverance" Mission Band, Bedeque, held a most enjoyable ice cream and straw-berry festival on the grounds of Mrs. Sweetser on Friday, July 16. The day was all that could be desired, and the large number of people present seemed to enjoy themselves to the full. Ice cream, home made candy and strawberries were sold and the sum of \$41.25 realized.

Yesterday morning Franklin Boyer, Mt. Herbert, shipped to Sydney and other markets, 6,250 boxes of strawberries which were all picked on his fruit farm the previous day, the pickers not working more than nine hours. The Guardian received a sample box and they were the largest berries ever received here, being well developed, firm and delicious in flavour. The Town Council of Summerside has received a letter from J. Butler re the matter of supplying water to the railway at Summerside. He says the commission cannot consider the matter at the price named—as they are now getting a water supply at \$108. A little more than 1-3 the price asked by the town.

Today sees a change in the rectorship of St. Dunstan's College—Rev. Thomas Curran, D. D., who has for a number of years been the presiding officer of that institution going to assume the duties of parish priest at Kelly's Cross, and being succeeded by Rev. Terence Campbell who has been directing the affairs of that parish since he was received as rector of it. Under the rectorship of Dr. Curran the College has advanced until it now occupies an honored position among the seats of learning in this Dominion. Dr. Campbell will now assume the rectorship of the College has had a distinguished record and is well qualified as a successor to the many scholarly men who have held the reins of government of St. Dunstan's College.

"Only Six Weeks To Live"

Constipation, Biliousness, Indigestion, Rheumatism. A Dying Woman Rescued through the timely use of Dr. Hamilton's Pills.

"My doctor told me I had only six weeks to live—that nothing human could help me, but to-day I am hearty and well, because I took a long treatment with Dr. Hamilton's Pills—they saved my life." Continuing her declaration Mrs. Jamieson says, "I had from childhood been a sufferer from biliousness and liver complaint. I suffered excruciatingly from wind and could not eat my food without feeling ill afterwards. Sometimes I was so bad I couldn't stand up straight for the pain. The wind settled in my stomach, chest and sides, and always caused blinding headaches. At times I seemed one mass of aches and pains—I became rheumatic because my blood was so poor. The benefit I received from the first box of Dr. Hamilton's Pills encouraged me and I continued their use, three to five pills a week, for several months and was brought to the most perfect condition of health."

If you suffer from constipation, flatulence, indigestion, palpitation, anaemia, headaches, nervousness, sleeplessness, depression, general debility, loss of appetite, liver and kidney troubles, acute and chronic dyspepsia, or any form of stomach and digestive weakness, you may look with certain hope for a complete cure by the use of Dr. Hamilton's Pills of Mandrake and Butternut. Safe, mild and sure to cure. Price 25c. per box, or five boxes for \$1.00 at all dealers or The Oatarrhose Company, Kingston, Ont.

OZEN D. The races at Tunnel Track, Cape Traverse yesterday attracted many spectators, who enjoyed one of the best days' racing that has ever taken place in this Province.

Mrs. Hugh MacKay, Clifton, left Tuesday morning to attend the funeral of her son-in-law, the late Wm. H. Wickens of Lawrence, Mass., who passed away after a short illness. Mr. Wickens married twice his first wife being Jennie M. Sutherland of Clifton, deceased. A few years ago he married Maggie, J. MacKay of the same place. He, on several occasions, visited this Province and made a host of friends who join with The Guardian in extending their sincere sympathy to the bereaved family. The charity lecture given in the Lyceum Hall last night by the Rev. F. C. Kelly proved to be most enjoyable as well as elevating and instructive. Considering the poor weather the building was well filled with a representative audience. The subject, "Chasing The Springtime" was in brief an account of a trip taken by the Reverend gentleman from New York to the lands beyond the seas. From the start the lecturer charmed and held the attention of his audience. His remarks abounded in wit, and his anecdotes were capital to say the least. At the conclusion every one present felt that they knew something more than before of the great outer world. Without any overdue praise it may be safely said that this address was one of the best ever delivered in Charlottetown and when Rev. Mr. Kelly delivers another lecture, be the subject what it may he can rest assured of a large and enthusiastic gathering.

SCRAPING THE STOMACH

Dangerous and Painful Operation Avoided by Taking "Fruit-a-tives"

Guelp, Ont., Aug. 6, 1908. I suffered for many months with dreadful Stomach Trouble, with vomiting and constant pain, and I could retain practically nothing. My doctor stated that I must go to the hospital and undergo an operation of scraping the stomach and he led by the bowels for weeks. All the medicine the doctor gave me I vomited at once. I was dreadfully alarmed, but I grasped an operation and had refused.

I had heard of "Fruit-a-tives" and the great success they were having in all Stomach Troubles, and I decided to try them. To my surprise, the "Fruit-a-tives" not only cleaned the stomach, but they also checked the vomiting. I immediately began to improve, and in three days the pain was gone and I was decidedly better. I continued to take "Fruit-a-tives" and they completely cured me. Mrs. Austin Hainstock.

"Fruit-a-tives" are 50c a box, 6 boxes for \$2.50, trial box 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

FRIDAY.

A great many head of cattle, and a number of live sheep and pigs came into the City, yesterday to be shipped to Newfoundland.

The Str. Bonavista arrived here en route to Sydney and St. John's, last evening about eight o'clock. There were many passengers on-board most of them making the round trip. George S. McE. Hunter River, and Sam Kerny Jr., Bradalban have returned home from the North West where they have been for the last four weeks. Mr. McLeod has spent several days in High River with his son-in-law Morley Sellers who conducts a grocery and boot and shoe business. Mr. McLeod was very much pleased with High River and would like to make his home there. Mr. Kennedy went as far as Toledo, that is about seventy-five miles south east of Edmonton. His two brothers are located in that town and are well pleased with the west. They of them appear to have done some of their best work in the west. Special mention might be made of two Provincialists, that they met, namely F. N. Dark and J. K. McInnis, located in Regina, they were considered to be very wealthy. It is Mr. McLeod's intention to go West in the near future.
