AGAINST BOXERS

A Combination of Powers Called For.

RUSSIA AND JAPAN ARE Preparing to Fight—A Young Thief Fatally Shot - Boy of 12 Drowned.

STEARING AND THIEF SHOOTING. FREDERICTON, June 7.—(Special).—Wm. Webber, an Assyrian junk dealer employed John Anderson to watch his premises for a suspected thief. Anderson captured and shot the thief a lad of 15 years named Fred Mitchell. The bullet entered the back of his right shoulder and the lad's condition is critical. He declares that Louis Lavigne a rival junk dealer, put him up to steal. Lavigne and Anderson are both under arrest. A BOY DROWNED AT WOODSTOCK. Harry Stairs, aged 12 years was drowned near Woodstock today.

TO SUPPRESS THE BOXERS. LONDON, June 7.—(Special).—The papers all urge a combination of the powers to compel the suppression of the Boxers in China. Conditions are steadily growing worse, there, and fresh murders are reported. The native soldiers are afraid of the Boxers. RUSSIA AND JAPAN. The Pekin correspondent of the Times in a long mail article dated April 25, which deals with the Russo-Japanese rivalry in the far east expresses the opinion that war between the two powers is inevitable and that it cannot be long delayed because of Russia's immense Chinese designs and of the hatred the Japanese feel for Russia when they see her enjoying the fruits of Japanese victorious war to the detriment of Japan.

ACADIA CLOSING

Rev. C. W. Corey Opens The Exercises.

REV. D. H. SIMPSON'S Address—Islander's Participate in The Interesting Exercises.

Monday was field-day; and the Athletic Association had everything that could be desired, for the day was fine and cool, and the grounds in splendid condition. This year the events were limited to ten and perhaps the interest in each increased by the arrangement. The first event was the 100 yard dash which was won by Steele of Amherst in eleven seconds, with Jos. Howe a good second. In the high jump G. A. C. Richardson of Cape Breton won, clearing the bar at 5 feet 2 inches, and White, a coloured student from Virginia, broke the college record by putting the heavy shot 36 feet 10 inches, a full inch farther than Cutten of '96. In the pole vault Steele won without coming nearly up to his standard record of last year, having been content with a vault of 8 feet as there was no rival at that notch. Corey threw the base ball 101 yards and 6 inches. Steele won again in the 120 yard hurdle race and 220 yard dash, while Jos. Howe made a record hop skip and jump of 41ft. 8 inches. The visitors enjoyed the program from beginning to end as there were seats provided and plenty of room to stroll around from one point of interest to another between the events.

THE WORLD GROWING BETTER. In the evening Dr. Tupper again came before the throng that filled the College Hall. His theme was Optimism versus Pessimism and was a source of a great deal of satisfaction and encouragement to the toilers who often cannot see the marks of progress. He is not in the least backward in expressing the Christian note of hope that God is his heaven, and all is well in the world, as was so beautifully expressed by Tennyson our greatest poet. The learned lecture compared the world religiously, morally, politically, socially and educationally with two and ten centuries ago, and the parallel was most convincing. "I am an optimist," said he, "because I believe in a God who is always awake, and always at home, because right is stronger than wrong, and love stronger than hate." The good doctor knows how to rest his audience by a hearty laugh, and use the laugh to cap some prominent point in his discourse. He is pleasing in his delivery and a man of rare originality.

ACADEMY CLOSING. On Tuesday afternoon Horton Academy had its annual closing in College Hall. The exercises were opened by Rev. C. W. Corey (formerly of Charlottetown) leading in prayer; and the annual address to the matriculates was made by Rev. D. H. Simpson, a Bay View man. Three of the students presented their essays. Mr. Ernest E. Sinclair of Summerside representing P. E. I. The year at the Academy has been most prosperous and the Manual Training has become more of a feature in the course than previously. At the close of the exercises the splendidly equipped building was thrown open to visitors who visited it in troops. J. S. C.

BRITISH CAPTIVES

Are Still Held East of Pretoria.

BOERS MIGHT ESCAPE From Buller-Kruger to Take Ship—Lansdowne and Wolseley Quarrel.

A CANADIAN SOLDIER ILL. OTTAWA, June 7.—(Special).—Lord Minto has been notified that Staff Surgt. S. Clunie is seriously ill at Cape Town with erysipelas. BULLER GAVE NO ARMISTICE. LONDON, June 7.—(Special).—The belief here is that no armistice was declared, but that Buller gave the Boers three days to surrender. BRITISH PRISONERS STILL HELD. Boer reports say the Boers are concentrating near Hatherly, twelve miles east of Pretoria and that the British prisoners are being taken to Noosatracht, an unhealthy spot in Eland Valley. BOERS STRONGLY FORTIFIED. The Boers are strongly fortified in front of Buller and their positions will enable them to retire into the almost inaccessible mountains of the Murchison Range. WHERE KRUGER WILL FLY TO. It is reported that Kruger will seek safety on the Dutch cruiser Friesland, off Lorenzo Marques. LANSDOWNE AND WOLSELEY. The relations between Lord Lansdowne and Lord Wolseley are now so strained that Lord Salisbury has been appealed to.

THE TIMES OF MAY 25 contains the following from its correspondent at Douglas, Cape Colony, under date of May 22.— Gen. Sir Charles Warren left Rooftop for Douglas on the night of the 20th with a force consisting of the Munster Fusiliers, Mounted Infantry, Imperial Yeomanry, Cape Police, the Duke of Edinburgh's own Volunteer Rifles, Warren's Scouts, and two guns of the Canadian Artillery. This force marched in two columns, one being under the command of Colonel Hughes and the other under Colonel Spence. Colonel Hughes' column took the direct route through the veldt and waited about four miles from here for the other column. Nothing was seen of the enemy until the force was about two miles from here, when the Boers were observed galloping towards a low kopje on the banks of the Vaal River, about 2,500 yards from the road. The Canadian Artillery at once came into action, and after a few well-directed shots had been placed among the Boers they were seen to be in full retreat towards Douglas. The Cape Police and Warren's Scouts, under Colonel Hughes, then advanced in skirmishing order towards Douglas. After coming to within about 1,000 yards they rushed through the town to the houses close to the banks of the river and exchanged shots with the enemy for some time. The enemy then finally fled, leaving their laager with three wagons and a great quantity of ammunition, food, etc. The Duke of Edinburgh's Own Volunteer Rifles marched the eighteen miles from Rooftop to Douglas in splendid style and arrived here very fit, regretting only that the enemy have not resisted until they came up. The Cape Police and Warren's Scouts did most excellent work in scouting. This afternoon the enemy, who were about 300 strong, opened a hot fire on a detachment of Imperial Yeomanry and Scouts, and wounded Captain Parkin slightly in the thigh. The Canadian Artillery again made excellent practice, as also did the maxim of the Rifles, and the enemy retired at dusk. The Imperial Yeomanry behaved excellently, as usual. Colonel Hughes and his scouts have brought in a large quantity of sheep and goats captured from the enemy. Colonel Hughes has proved himself an ideal leader of irregular mounted forces. The Cape Police have captured five horses. When you say your blood is impure, appetite poor you are admitting your need of Hood's Sarsaparilla. Begin taking it at once.
