FOUR YEARS SLAVERY.

Happy Ending of a Long Period of Suffering.

The headache, the pain in the chest, the dizziness after eating, all these painful symptoms of Dyspepsia were present in the case of Mr. George Lambert, of No. 47 Bruce Street, Toronto. He had suffered for five years, and had tried many medicines and treatments in the effort to free himself from this awful bondage, but with no good result. He was much discouraged, but after a while remembering having once used Dodd's Kidney Pills with great success for Kidney Trouble, he concluded that if Dodd's Dyspepsia Tablets were as good for the Stomach as Dodd's Pills were for the Kidneys they were the very thing he needed.

His faith was not misplaced, for after using a few boxes he found himself well again and without a symptom of his old trouble.

Such experiences are of daily occurrence as the fact that a remedy that will surely conquer Dyspepsia has been found is now generally known, with the result that thousands of sufferers have been cured and tons of thousands of others are at this moment on the highway to recovery through the use of Dodd's Dyspepsia Tablets.

Doubt and distrust are symptoms of Dyspepsia, and there are still some who refuse to believe a cure of their cases is not possible. For such there can be but little hope. "There are none so blind as those who will not see." You may provide a fire escape but if a person who does not believe in fire escapes will not use it in case of need there can be only one result and but one person to blame.

Dyspeptic sufferer, Dodd's Dyspepsia Tablets have cured Mr. Lambert and thousands of others who are alive and well today real men and women who were really sick as you are. Then would it not be the part of wisdom for you to try them now?
