MRS. JAMES LEE

The sudden death occurred in this city late Sunday night of Mrs. James Lee in her 65th year. The deceased was about on the previous day, apparently in the best of health, when she was suddenly stricken Saturday evening at six o'clock, passing away without regaining consciousness.

Of a pleasant and companionable disposition the deceased enjoyed a large circle of friends, who will mourn her passing. She was for many years an active member of St. Charles' Auxiliary and a devout member of the congregation of St. Dunstan's Basilica.

She leaves to mourn the loss of a devoted wife and kind and loving mother, her husband and the following family: Matthew, with F. H. Trainor; John, of the C. N. R.; and Joseph and Agnes at home.

One sister, Mrs. Etta Lawrence of South Boston, and a brother, Edmund Toombs of the Letter Carriers Staff, City, survive.

The Guardian joins in extending sincere sympathy to the bereaved.

TO CELEBRATE DECADE OF CHURCH UNION

(C. P. By Guardian's Special Wire) TORONTO, May 21.—Plans for celebrating the enthusiastic support of 8,000 congregations, with 690,000 membership, of the United Church of Canada, in the program for celebration of the 10th anniversary of church union, were laid before representative clergymen and laymen of the church this evening at a dinner given at the national club by Hon. N. W. Rowell, Sir William Hearst presided.

Reviewing the ten years since union of the Methodist, Congregational and part of the Presbyterian churches of Canada, Rev. Dr. George Fidgeon, first Moderator of the United Church, declared the union was a complete success.

"None of the difficulties anticipated have appeared," said Dr. Fidgeon. "Not once has there been any division along the old doctrinal lines. The kinship of the churches has been closer than we dared to expect." He added, however, that unless the church rose to face the missionary problem at home and abroad with a measure of interest and sacrifice it would be receding to the high vision of those who established the union.

Plans of the celebration committee include special services between now and June 10 in all the denomination's churches in Canada and Newfoundland and in the mission fields overseas. A special thank offering will be asked for connexional purposes.

On Monday June 10 special rallies will be held in many Canadian cities between Halifax and Victoria with a great central gathering in the arena at Toronto, where a choir of 2,000 voices will be a feature together with a "cavalcade of union" portraying dramatic episodes of the church's growth.

The call has now been approved by the P. E. I. Presbytery of the Presbyterian Church in Canada. S.

59TH SYNOD OPENS AT HALIFAX

His Lordship Bishop John Haddenley suggests Method Of Meeting Difficulties of Diocese.

(C. P. By Guardian's Special Wire) HALIFAX, May 21.—Organization of a band of unmarried men and women "to go where and for as long as the Bishop may determine," was suggested today as a course of action against difficulties in the Nova Scotia diocese of the Church of England by His Lordship Bishop John Haddenley in his charge to the 59th annual Synod of the Diocese.

The Diocese was greatly understaffed, His Lordship emphasized, and such an organization would be of vital assistance to "our larger parishes in towns or cities," which could with great profit to themselves and the diocese as a whole, use an assistant or curate.

The group, he said, should be specifically trained and its members would "for a period of years live in a central home under rule and discipline."

Not only the diocese but the church as a whole had been called upon "to suffer and bear" the loss of the late Rt. Rev. Clarendon Lamb Worrell, Archbishop of Nova Scotia and Primate of all Canada, said Bishop Haddenley, who had been elevated from Bishop Coadjutor to Bishop between Synods.

Turning to problems faced by the church as a whole, His Lordship continued:

"The church today is faced, I firmly believe, with greater and heavier responsibility than any other period of her history." He urged that former bursts of antagonism, "had been infinitesimally small and weak in comparison with the forces arrayed against her at the present time."

"We are living in an age of machinery, but the world cannot be reformed merely by machines, nor yet by packs of legions or systems, where God is not recognized," he explained.

Difficulties within the diocese, His Lordship said, came chiefly as a sequel to an exodus of younger members from rural districts to urban areas. Work in country parishes was becoming more and more difficult to carry on and did not present such an engaging prospect for the young clergymen. Parishes were depending for financial support on the Diocesan Mission Board more than ever, he said.

The 59th Synod opened at All Saints Cathedral here this morning. Traditionally, Holy Communion was celebrated before clergymen from every corner of the province sat together to discuss the year's business and problems.

A report was tabled at the session this morning stating the need for an office in the Church of England from prisoners upon discharge from prison within the diocese.

The committee reporting on the project said: "To get in touch with the men, to ascertain their needs, and to help retrain them, offers a wide field of service."

Stevadore Killed In Strike Riot

(C. P. Cable) (By Guardian's Special Wire) FALMOUTH, Jamaica, May 21.—One stevedore was killed and another was wounded here today when police used firearms to quell a waterfront riot.

The stevedores went on strike last night for higher pay. They held up loading operations on steamships and stopped cars and trucks in their efforts to prevent their employers from bringing in strike-breakers.

One bus owner was beaten by a mob after he was accused of transporting outsiders to Falmouth to load vessels.

The police attacked today when the demonstrators became unruly again. After Inspector Ross and two other policemen had been injured by bricks hurled by the strikers, the officers used their guns, firing one round. One striker fell dead and another was wounded.

Tonight all was reported quiet, although no settlement had been reached.
