As The Guardian Employment and Information Bureau, established some months ago, has been so greatly appreciated, and has been the means of securing employment for so many people and help for so many business houses and housekeepers, it has been decided to establish in connection with this paper, an Advertising Agency. Those any persons or firms desiring advertising in any newspaper outside of this city, can have same placed by The Guardian. They can thus secure the same rates as if they placed their order direct, and have each advertisement checked to see that it gets the proper number of insertions and appears as desired.
