

### The Sloping-Shouldered Man.

—Usually "Slender" and "Sloping," or "Stooping" and "Sloping," combined. Mail orders should specify which combination.

The effect of sloping shoulders is to make the figure seem narrow-chested, and the neck seem unusually long.

This can be overcome by wearing "Sloping-Shouldered" "Fit-reform" suits, in which the shoulders are built up to normal height with genuine hair cloth and padding, care being taken to round them naturally, so the sleeve will not wrinkle where the padding ends, and the real shoulder begins.

\$10.00, \$12.00, \$15.00, \$18.00, \$20.00, per suit. Write for Catalogue.
