Miller's Worm Powders never fail. They immediately attack the worms and expel them from the system. They are complete in themselves, not only as worm de- stroyer, but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthful- ness, without which the growth of the child will be retarded and its constitution weakened.

Insurance Tax
 (Canadian Press)
 OTTAWA, Ont., April 12—If the government decides upon making any changes in the tax on insur- ance premiums which was announ- ced in the budget last week, its in- tentions will be laid before the House before they are published through any other medium, E. N. Rhodes, Minister of Finance, told the House of Commons this after- noon. The Minister was replying to a question asked by Mackenzie King, leader of the Opposition, who read a despatch from Toronto in which Col. W. H. Price, Attorney General of Ontario, was quoted as stating that the Government had decided to withdraw the proposed 15 per cent. tax on gross premiums paid by Canadian policy-holders in British and foreign companies.

The Opposition leader wanted to know if the information was correct and, if so, why it had not been given to the House. Mr. Rhodes said the despatch had been news to him and promised to take the House in- to his confidence if any such changes were planned.

Premier Bennett observed that the despatch did not attribute its information to any member of the Dominion Government.

ALBANY
 Mr. Hedley Muttart, Carleton, has purchased the desirable homestead of Mr. Samuel Waugh of Albany. Mr. Waugh having purchased the valuable old property of the late Thomas Humphrey at Wilnot Vall- ey. Mr. and Mrs. Waugh and fam- ily's friends regret to see them leave the community, where they have lived but a short time, but while here, have endeared them- selves to all those with whom they have met.

A joint social was held last Thurs- day evening in the Baptist Hall to close the good times of the season. Active and inactive games were played and much enjoyed by about eighty five guests. Ice cream and cake were served in abundance by the ladies. The singing of the Na- tional Anthem brought an evenings entertainment to a close all too soon.

An old fashioned concert was given in the Community Hall on March 22. Although the weather was un- favorable, those who ventured out were well repaid by the splendid pro- gramme and judging from the ap- plause that rewarded each of the excellent numbers, was heartily en- joyed. The several dramatic sketch- es appearing on the programme were enacted in a style that spoke both for the training of the per- formers and their natural ability as actors and aroused as well the commendation of the audience. The following is the programme in order of appearance: Opening chorus — Vive La Campagne. Recitation by Lilla Wright—"So was I". Solo — Miss Dorothy MacDonald seeing you Home again Kathleen. BIRD SANCTUARY ON VANCOUVER ISLAND
 The National Parks Service of the Department of the Interior states that protection has been afforded waterfowl of Canada's Pacific coast by the establishment of Esquamit lagoon and certain adjacent prop- erty on Vancouver Island, British Columbia, as a bird sanctuary under the Migratory Birds Convention Act. This sanctuary, which will be known as the Esquamit Lagoon Bird Sanctuary, includes Esquamit lagoon, the lagoon sandpit, and a strip of land three hundred feet in width, extending inland from high water mark of the lagoon. The lagoon contains large beds of eel grass and ducks in large num- bers are attracted by this food. The lagoon, aside from furnishing food for waterfowl, will be valuable as a resting place. This sanctuary will no doubt prove very popular both with the birds and the residents of the district.

Hunter River And Vicinity

The recent downward trend in egg prices have resulted in a very discouraging outlook for the poultry farmer. Hens at the present price hardly pay for their feed in egg production. However our old standby the hen will doubtless some time repay those who do not entirely abandon her.

Mr. and Mrs. Willard McDowell, spent a few days recently in Green- vale the guests of Mrs. McDowell's sister, Mrs. Alfred Carew.

One of the most beautiful hooked rugs we have seen this spring is one just finished by Mrs. William Mobbs, Cymbria. This lady excels in scenic rug making. This rug just finished is as near to a picture as one can find. It has a wide expanse of ocean in the background, and an old fashioned farmhouse in the foreground surrounded by foliage, and is certainly original.

Mrs. J. S. McLeod, Hunter River, was a recent visitor to Charlotte- town.

We have noticed a large increase in the number of crows seen this spring as compared to last year this time. These much hated birds seem tamer than usual, picked around the barn yards with the hens. We certainly hope something will be done to rid us of this foe to farm poultry.

Greenvale, have returned home after spending a few days in St. Eleanors where Mrs. Carew was called on account of the serious illness of her father, Mr. John E. Murray. We are pleased to say Mr. Murray is somewhat improved although his conditions is still serious.—L.
