

# PANDORA

Owing to the fine construction of most ranges it is a rather difficult feat to cook and bake successfully at the same time.

But the arrangement of the Pandora flues differs considerably from others. They are so constructed that the draft for baking is also the best for cooking, the heat circulating around the oven twice and under every pot hole before passing up the chimney.

The Pandora bakes and cooks perfectly at the same time.

Do you know of another range that does?  
If your local dealer does not sell the Pandora write direct to us for **Free Booklet**.

##### Shakers Claim to Be the Originators of Modern Spiritualism

New York, Oct. 5.—The North family of Shakers, of Mount Lebanon, N. Y., in a volume on "Shakerism," issued some time ago, sets forth the claim that the Shaker Church was the parent of modern spiritualism.

For ten years previous to 1848, when the famous rappings began at the home of the Fox sisters, the Shakers, it is asserted, had recognized the familiar sounds and held communion in all of their settlements with spiritual visitors. The claim is made that on Aug. 10, 1837, at Water-vliet, N. Y., the first suggestive rapping was heard; that children of the settlement became entranced and began to talk of being in heavenly places and to converse with angel guides, and soon the adult Shakers were in communion with the spirits. All this was years before medium had been heard of in the outside world.
