**Sydney Record Says
Ball Players Are
Moving Around**

Many ball players residing in
Halifax and other cities and towns
throughout the mainland are chang-
ing their domicile and hiking to cer-
tain places where "amateur" base-
ball is likely to boom during the
summer. These athletes are get-
ting to the towns in time to qual-
ify for their respective clubs under
the residence rule and thus escape
the ruling of the M. P. B. A. A.
U. of C. regarding tourists. It is
said that several well known Hal-
fax "amateurs" are accepting "posi-

tions" in the smaller towns but, of
course, during the summer months
when these athletes are free from
their "labors" they will take a
crack at baseball.—Sydney Record.

**NEBRASKA FARMERS TREK
TO CANADA**—H. V. Leeson, his

Central City, Neb., have put to
shade the pioneers of the "old
days." In modern prairie schools
comprising two motor trucks, they
have come from Nebraska on their
way to Brooks, Alta., to take up
two sections of land. The comple-
tion of the trip will total 1,500 miles
under gas power. The travellers
say that many Nebraska farmers
will trek to Canada this summer.

—FELLOWSHIP CLUB.—With-
out doubt, the most entertaining
meeting of the Holman Fellowship
Club, since that organization was
formed, was the one held in the
Holman Store Hall on Wednesday
night. There was lots of fun all
the time, with a step dance by
Commodore Eli, selections by the
Kazoo Band, a quartette by Messrs
Baker, Matheson, Ford and Moun-
tain; solos by Bud Mountain and
Wm. T. Matheson; a reading by
Don Baker and several popular
choruses which were led by the
Kazoo Band. William Curtis and
Robert Gordon were the accompan-
ists. The catering under the di-
rection of J. J. Gaudet, was all that
could be desired. Before the
close of the meeting, President A.
W. McDowell announced that the
next meeting would be a "Laurel
night" when the lady employees
would be invited to attend.

—SUCCESSFUL ISLANDER—
Mr. S. Edgar Moase, son of Mr.
R. T. Moase, Kensington who re-
turned from Revelstoke, B. C.,
Sept. 20, 1920, and remained on
the island until Monday, April 8th,
left for the West again accompan-
ied by Mrs. Moase and three children.
They will visit Hamilton, Ont., the
home of Mrs. Moase, thence on to
Revelstoke. Mr. Moase is an
engineer on the C. P. R. and his
scene of labor is from Revelstoke
to Kamloops, Golden and other
points. He first went West thir-
teen years ago last August, and
his present position proves what
success attended his efforts. He
goes back accompanied by the
best wishes of his family and
many friends. Before departing
he and his brother, Major, bought
the stock and fixtures of Auld and
Son, Merchants, New Annan and
there is a hope that he may return
at a later date to take an active
part in the business that his
brothers are now conducting. The
thrifty and industry of these young
men are but the reflection from
conscientiously industrious par-
ents.

—THE MARKETS

The receipts of eggs on Satur-
day were 2,487 cases, as against
3,342 cases for the same day last
week, and 2,132 cases for the cor-
responding day a year ago. The re-
ceipts for the week ending April
16th, 1921, were 15,706 cases, as
compared with 19,991 cases for the
previous week, and 14,393 cases for
the same week last year. The total
receipts since May 1st, 1920, to Ap-
ril 16th, 1921, were 662,980 cases,
as against 792,406 cases for the
same period last year. The receipt
for the week ending April 16th, 1921,
was a decrease of 3,225 cases, as com-
pared with the previous week, but they show an
increase of 2,378 cases with the
same week last year.
The feature of this market was
the stronger feeling that developed
in it towards the close of the week,
and prices scored an advance of 1c
per dozen, which is the first change
to record in that direction for
many weeks past. This was attrib-
uted to the fact that storage oper-
ations have become more general,
and in consequence the demand for
supplies throughout the country
have been keener, which resulted
in higher prices being paid to farm-
ers and storekeepers for their sup-
plies. The trade here during the
past week was active owing to the
heavy consumption, and a large
volume of business was done in a
wholesale jobbing way in straight
candle stock at 34c per dozen, No.
2 stock at 31c, and some selected
sold as high as 35c to 36c.
With reference to the export
trade in eggs no business was trans-
acted as yet, but enquiries have
been received from English import-
ers with bids of 16c per long hun-
dred f. o. b. seaboard. According
to latest cables received from Lon-
don the market has ruled remark-
ably steady considering the indus-
trial situation, with English eggs
quoted at 21s to 23c, Irish at 19s
to 21s, and Danish 21 to 23s. Cables

ponding period last year. The ex-
ports of butter from Canada for the
month of February, 1921, were
30,674 lbs., of a total value of \$45,
236. Of the above quantity, 39,651
lbs. were shipped to Newfoundland,
23,627 lbs. to the United States. The ex-
ports of fresh cream to the United
States were 21,044 gallons, of a
total value of \$36,822, and the ex-
ports of fresh milk were 45,120 gal-
lons, of a total value of \$13,213.

—A MONUMENT.—A correspon-
dent writes:—A returned soldier,
who is a citizen of Kensington and
who witnessed the removal of the
Soldiers' Monument from the cars
here recently to Malpeque, em-
phasized the patriotism of the
people from that centre and inci-
dentally noted the apathy of the
general public towards a similar
purpose. The Kensington
district certainly contributed their
portion in men and material to
wards the successful prosecution of
the war. Among these that
fell are Lieut. Ralph Rogers,
Sergeant V. Lynds, Privates John
Samson, Percy Hunter, John La-
bobe, John McDonald, Garnet Mc-
Donald, Michael Augustine Mc-
Donald, Everett Driscoll and Mil-
ton Driscoll. Now why are the
people, who today are enjoying the
rewards purchased in blood, in the
war, not making some effort to
perpetuate the memory of the
brave men by some monument, that
will tell future generations that
patriotism still lives and has a
consistent being? Let some of the
abnormal profits amassed during
and since the war be apportioned
to erect a memorial that might
prove that those brave men have
not died in vain. So that your
actions are consistent with your
words.

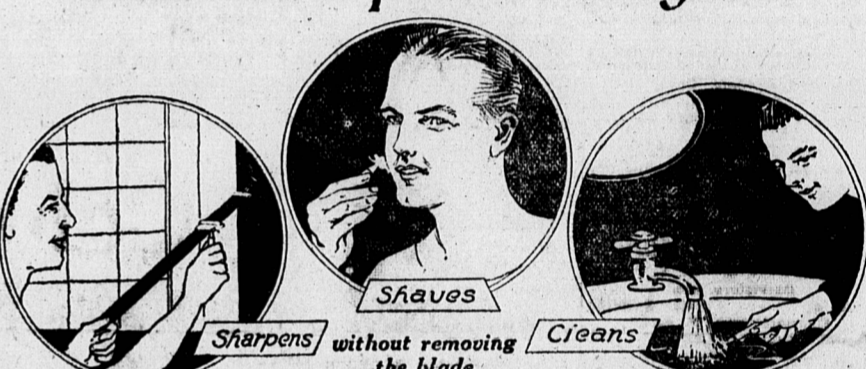

MONTREAL, April 18.—The lo-
cal market for live hogs was with-
out any special feature to note yes-
terday. Receipts were light and
trade was quiet on account of the
fact that buyers generally had pro-
vided for their wants earlier in the
week, and prices were unchanged
with selected stock quoted at \$14-
50 to \$14.75, heavies at \$13, to \$14,
and sows at \$10.50 per 100 lbs.,
weighed off cars. A fairly steady
feeling prevailed in the market for
dressed hogs under a fair demand
from butchers for supplies to meet
immediate wants, and sales of city
abattoir fresh-killed were made at

\$22.50 to \$23. per 100 lbs.
There was no actual change in
the condition of the market for
smoked meats, prices for most lines
being steady with a fair amount of
business passing for a local and
country account. Sales of 8 to 10-lb.
hams were made at 35c per lb. 10
to 15 lbs. at 33c to 34c, and 18 to
25 lbs. at 32c to 33c, while Windsor
selected boneless bacon sold at 51c
to 52c per lb., and breakfast grades
at 35c per lb. The demand for trim-
med loins of fresh pork continues
good and the market was active
with a steady undertone at 35c per
lb. and trimmed shoulders sold at
22c to 23c per lb.
An easy feeling continues to pre-
vail in the market for lard, and
prices for round lots are being shaded
on account of the liberal offer-
ings and the limited demand from
outside sources for supplies. In a
wholesale jobbing way sales of Can-
adian refined grades were made at

16 1/2c to 17c per lb. in 20-lb. wood
pails, and round lots of American
grades were offering at 15 1/2c to
16c per lb.
The receipts of provisions yester-
day were 1,700 packages lard, 3
boxes hams and bacon, and 42 pack-
ages tinned meats.

**There's only one razor

**VALET
Auto-Stop Razor**
—sharpens itself

NOTHING could be more annoying than to find that
your razor blade is dull—especially on a rush morning.
Such an experience brings a cloud over the brightest
day-break. But it cannot happen when you have a Valet
Auto-Stop Razor.

All you need do is to slip the
razor through the roller, run the
razor to and fro; and in ten
seconds the keen edge is renew-
ed. The Stropping device is
part of the razor. It is built right
into the frame.
If you are in a hurry, and you
usually are, you hate worrying
with taking a razor apart to clean
it. This never occurs with the
Valet Auto-Stop Razor. It is not
necessary to remove any part
either for shaving or cleaning.
A wonderful advantage.
Then there is the simple adjust-
ment. The Valet Auto-Stop
Razor can be made to suit any
face—to tackle any beard, no
matter how "tough". A slight
pressure of the thumb on the
lever of the razor properly ad-
justs it for either a light, medium
or close shave.
