GIRLS' PAINS AND WEAKNESS

Yield to Lydia E. Pinkham's Vegetable Compound. Thousands of Girls Benefited

St. Louis, Mo.—"When I was only fifteen years old mother had to put me to bed every month for twodays because I suffered such pain. I also suffered from a weakness and mother took me to a doctor but he did not help me. Finally mother made me take Lydia E. Pinkham's Vegetable Compound and it has made me strong and healthy. So when mother or I hear any woman complaining we tell them about Lydia E. Pinkham's Vegetable Compound and what it did for me."—Mrs. JOHN FRANK, 1121 N. 13th St., St. Louis, Mo.

Girls who suffer as Mrs. Frank did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved more suffering among women than any other medicine.

For confidential advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their forty years experience is at your service.

PERSONALS

Mr. W. H. Stevenson, formerly of this city, now of Massachusetts, is seriously ill with an attack of influenza.

Mr. and Mrs. Malcolm Stewart, and sons, Neil and Charles, Springton, left on Wednesday, the 9th, for Kerrobert, Sask., where they will reside in future.

The many friends of Mrs. Lloyd Wellner who has been in the P. E. I. Hospital suffering from appendicitis will be pleased to hear that she has returned to her home.

THANKSGIVING SERVICE.—Rev. P. Fitzpatrick of Tryon will preach the Thanksgiving service in the Capt. Traverser Methodist Church on Wednesday evening the 16th inst at 8 p. m. All cordially invited.

B. C. Fruit Doing Well. Fruit prospects in the northern valleys of British Columbia are reported as very encouraging. Besides the small fruit, which is always a good crop, the larger fruits, such as cherries and apples, are doing well.

Central Distributing Plant. Farmers in Peterboro' district are formulating plans to instal a central distribution centre for milk and thereby possibly raise the price for the farmer and lower it for the consumer.

Simple way to Take off Fat

There can be nothing simple than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a case of Marmola Prescription Tablets from your druggist or if you prefer, send 75c to Marmola Co., 864 Woodward Ave., Detroit, Mich., and follow directions. No dieting, no exercise. Eat what you want—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is their harmlessness. That is your absolute safeguard.

Conquer Corns

Before putting on your new fall shoes, get rid of your corns.

Many people who have a horror of any other sort of deformity, permit themselves to tolerate corns.

Our CORN REMEDY will remove corns without discomfort or danger. If you have an annoying callous, apply this valuable remedy tonight.

PRICE ONLY 15c JOHNSON & JOHNSON THE Quality Druggstore Cor. Kent and Prince Streets

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save your hair! Make it thick, wavy, glossy and beautiful at once

Try as you will after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair.

SANITARY REGULATIONS Re Influenza Epidemic

The following regulations issued by the Provincial Health Officer of Nova Scotia for the prevention of the spread of Influenza, have been received here. Dr. W. J. P. McMillan, Health Officer for this Province, has suggested that these regulations be also adopted for the people of Prince Edward Island: WHEREAS, influenza prevails in various parts of the Province of Nova Scotia, I do therefore under and by virtue of Section 6 of the Public Health Act, being Chapter 6 of the Acts of 1918, and of every other power and authority in me vested in this behalf, hereby make the following Sanitary Regulations:

1. Influenza is to be regarded as an infectious and contagious disease, dangerous to the public health, and preventive measures commonly adopted in case of any dangerous infectious or contagious disease are to be applied in the endeavour to prevent its spread.
2. The following measures are indicated, and are to be adopted by the local board of health of any district which may be invaded by the disease:
 - (1) Isolate the patient promptly. Continue isolation five days after recovery.
 - (2) Quarantine contacts for five days.
 - (3) Disinfect all discharges immediately.
 - (4) Disinfect (or destroy if not of value) all cloths, bedding, etc., soiled by discharges.
 - (5) Boil thoroughly dishes and cutlery used by patient.
 - (6) Close schools, churches, theatres, etc., if there is any indication of spread of the disease.
 - (7) Prohibit any unnecessary gatherings of people about stores, street corners, etc.
 - (8) Physicians, nurses, and all who have influence over the people are to be requested to instruct the people in the necessity for co-operation in the endeavour to prevent an epidemic. It is suggested that advice should be given along the following lines:—
 - (a) Urge the necessity of covering mouth and nose while coughing or sneezing. The infective germ is given off in the spray ejected in these acts. Advise against the shaking of handkerchiefs.
 - (b) Urge the necessity of plenty of sunlight and air in houses, shops, etc. Ventilation is of the utmost importance, both as a preventive and curative measure.
 - (c) Urge the necessity of prompt and thorough washing of the hands by those rendering any service to a patient.

What would you do with it?

A CONSERVATIVE MAN DOESN'T CARRY A lighted bomb around with him searching for water to put out the fuse. He gets rid of it as quickly and gently as possible and then goes away from there.

Not all of us know that we are packing around with us every day a potential source of trouble that may produce disease or even death. Ninety per cent of human illness is caused or aggravated by a clogging of waste in our bowels.

If you try to blast away that decaying, germ-breeding waste with weakening pills, salts, castor oil, laxative mineral waters, etc., you are like the man with the bomb—carrying it around with you while you hunt for the neutralizer.

You'll never find one. There isn't any. The thing for you to do is to stick to your schedule of bowel movements as you do to your tooth brush. Get rid of that source of danger before the germs back up through your system and hit you with something you recognize. Nujol has a gentle, absolutely harmless and absolutely thorough cleansing action upon the intestines, and leaves no after-effect but regular habits.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

IF YOUR BACK HURTS OR BLADDER BOTHERS, DRINK LOTS OF WATER

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from your pharmacist, about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking and no doubt you will wonder what became of your kidney trouble and backache.

Hurrah! How's This Cincinnati authority says corns dry up and lift out with fingers.

HOSPITAL RECORDS show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard soft corn or callus. You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out root and all without pain. This Drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even scurrounding tissue or skin. If your wife wears high heels she will be glad to hear this.
