D. STEWART,

ECLIPSE BAKERY, Bakes Best Bread, Telephone 211.

Don't miss the Jerry from Kerry Band Concert at 8 o'clock today.

With the present mild weather it is expected the Ferry steamer will be running by the last of the week.

Four large ventilators have been placed on the top of the Market Shack. This will add much to good ventilation during the summer months.

The Jerry from Kerry Company came to town by the express from Georgetown last night and began a week's performance at the Opera House this evening.

Mr. B. Burns, of Point du Chene, who was in town yesterday, says there is no sign of the Island steamers yet. Summer-side harbor is badly blocked and one report says the steamer is not to be looked for until the 10th of April. A good deal, however, will depend upon the wind and the movement of the ice in the straits.—Moncton Times.

The Telegram's cable of March 23rd from London says: "Canadian cheese was quoted on the English markets today at 70 shillings per hundred weight, the highest price in 20 years. Choice quality white and colored Canadian cheese advanced three shillings per hundred weight last week. First quality New Zealand cheese is quoted at 60 shillings.

The Prince Edward Island Legislature met on Thursday last. The speech from the throne does not indicate any very important measures to be presented, but it is announced in the Government organ that the bill to guarantee the bonds of the Dominion Packing Company, which has aroused much opposition, will not be introduced as a Government measure. The administration has a large majority in the present House.—St. John Globe.

'A First class comedy.' The Jerry from Kerry Co. held forth to a good sized audience in the Opera House last night and was voted one of the best comedy companies ever seen here. The performance last night made a decided hit with the audience. It was a bright clean comedy that provided much for the mark and the roasting reception given clearly demonstrated the high favor the Company won with the audience. It sparkles full of clean comedy.—Moncton Times. At the Opera House Charlottetown, for one week commencing Thursday, March 23. Reserved seat tickets on sale from ten o'clock Tuesday morning at usual places.

The remains of the late D.A. McKinnon, who died in Cambridge, Mass. on the 16th after an illness of four months were brought to the island on Saturday last and interred at his home in Dundas on Monday. The deceased was a son of Donald and Mrs. McKinnon. He was twenty three years of age and occupied a position as conductor on the Boston Elevated Railway. His remains were accompanied to the island by his brother in law Malcolim McLennan, formerly of Springton who has not visited the island for sixteen years. He will return next Monday. The Guardian extends its sympathy to the bereaved.

A GREAT SUFFERER CURED.

Mr. Benjamin Dixon, of Leeds, Ont., was cured of Rheumatism by Polson's Nervine, and says: "I feel my duty is to proclaim Polson's Nervine as an infallible cure for Rheumatism; it cured me after 30 years suffering, and nothing I know of can equal its penetrating power. Nervine simply has no equal in quickly relieving and curing Rheumatism, Neuralgia, Sciatica and Lumbago. A trial will convince anyone. Price 25c."

"OXYGENATOR" is our biggest seller now, because so many people find it the best tonic and spring medicine. Being a germ killer it thoroughly purifies the blood and renovates the entire system. For nervous troubles it is said to be almost specific. The price is 50 cents and \$1 a bottle. "The two Macs," MacDonald & MacKinnon, Druggists, cor. Gt. Geo. and Kent Streets.

Mr. Boswell of Wright Bros. Victoria returned last night from Halifax where he has been on a business trip. In conversation, Mr. Boswell informs The Guardian that the reports of the losses of Charlottetown men in the recent slump in stocks have been very much exaggerated in Halifax. In many cases the stories regarding men of whose excellent financial standing there is not the least question have been most damaging. Different dealers in Halifax have been congratulating themselves that they had not made heavy shipments to buyers here because of the blockade when as a matter of fact the credit of these to whom they had been exporting the goods has not in this city for a moment been called in question. The erroneous and exaggerated reports have arisen to a great extent from the gossip in circulation here a week or two ago. It is to be hoped that the wrong impressions that have gone abroad may soon be corrected.

The executive of the Dairy Association waited upon the Commissioner of Agriculture, Mr. Rogers yesterday forenoon asking for a grant to support an additional inspector of cheese and butter factories in view of the increased number of plants. It was also requested that the formation of new factories which are doing great injury to the industry be stopped. John Anderson, the Secretary Treasurer in his remarks stated that when the dairy work started there were only 30 factories, and there are now 56 stations many of which are the same as regular factories. One man at present is doing the work of instructor and inspector combined, and it is necessary that another man be secured. As this Province does not participate in the benefits of agricultural farms as in Ontario, Government aid is required. At present the patrons are paying more than half the Government grants. It was also asked that the dates of payment be changed from January 1st to July 1st and that all dairy products should be inspected, and a percentage tax be levied, that no dairy exports should be allowed to leave the province without being inspected or inspected, and that means would have to be taken to bring the number of factories to a reasonable limit, as the small factories are ruining the industry. All the factories he said should be registered and incorporated and all that have not the approval of the Dairy Board should be withheld from incorporation. Laughlin McDonald and J. E. MacDonald, M. L. A., also remarked upon the injury of multiplied factories. Mr. Rogers said that the matter of an increase of grant would be brought before the Executive Council, and as nothing practicable could be done just now, he promised to bring the matter up later on.

Plowing by Steam.

An exchange tells of an experiment in plowing by steam near Lenawee Junction, Mich. The field was about 80 rods long, containing a little over 30 acres. The engine was attached to a four gang plow, which turned furrows about 16 inches wide and 7 inches deep, and it laid them over very even and smoothly. It took just seven minutes to make the trip of 80 rods, with one short stop. The outfit is claimed to turn over an acre in an hour, and uses 100 pounds of soft coal to the acre.

A. Lord, Marine Agent left last night for Pictou.

Oliver Rattenbury went to Georgetown last night.

Senator Ferguson returned last night from Ottawa.

Dr. F. F. Kelly was a passenger from Bedford last night.

James R. McLean, Souris was reported very low last night.

Rev. J. A. McDonald, St. Ann's, is spending a few days in the city.

J. H. Henry of the D. P. Company was a passenger by the express last night.

John Mollison, Summerside was a spectator in the House yesterday afternoon.

Robert Agnew, Wilmot Valley, was registered at the Revere Hotel yesterday.

James A. Stewart and Mrs. Stewart left last night for Calgary where they will reside.

W. G. Crabbe, St. Albans, Vermont is at the Davies. Mr. Crabbe who is with the Central Vermont R. R. is a brother of Otto Crabbe.

John Kioham, M. L. A., Souris has not yet been in attendance at the Legislative Assembly owing to the illness of his brother-in-law, J. R. McLean.

C. W. Leech of the Boot and Shoe Recorder, Boston, was in the city yesterday and proceeded to Freetown where he will visit Mrs. Leech's former home.

It is regrettable to learn that Miss Belle Nash, daughter of F. J. Nash, Editor of The Patriot has had another attack of appendicitis. It is probable Miss Nash will be taken to Halifax for treatment by her uncle, Dr. McKay.

James Waddell, formerly Superintendent of the Charlottetown Light and Power Company, left last night after a short visit to the City, for Newcastle, N. B., where he has accepted a position as superintendent of the electric works there. Mr. Waddell parted with him the best wishes of many Charlottetown friends.

James Waddell, formerly Superintendent of the Charlottetown Light and Power Company, left last night after a short visit to the City, for Newcastle, N. B., where he has accepted a position as superintendent of the electric works there. Mr. Waddell parted with him the best wishes of many Charlottetown friends.
