ONE of the interesting services to-morrow will be that held by St. James' Church for the children in the afternoon at 3 o'clock. The choir will be composed of children, and the offering will be in aid of the Sunday School library.

Mr. D. Howlett, has just completed some nice work in the papering line at the home of Rev. R. F. Whiston. The drawing room is papered with green tinted felt with deep frieze to match. Mr. Howlett is a first class workman, giving quick service and a clean job.

THE tea and apron fair held in Y.M.C.A. hall on Thursday evening by the ladies of Grace church was a marked success. The tea tables were very prettily decorated and were pleasing to the many patrons. The four young ladies at the candy tables were kept busy supplying their numerous customers. The apron table which was largely patronized was a collection of every conceivable kind of pinafores and aprons for children and older ones.

THE Toronto Globe of a recent date says:—The Sunday meetings of the Canadian Temperance League, held for the past year in Massey Hall, were brought to a close Sunday afternoon, when Massey Hall was crowded to the doors. The devotional exercises were conducted by Rev. Mr. Hunter. Rev. Mr. Crossley sang, by special request, "The Pearly Gates," and Master Bernie Reutenburg, the boy singer, sang very acceptably a sacred selection. The year had been the most successful in the eleven years' history of this organization. There had been expansion and growth in all departments. The membership was probably 50 per cent larger than a year ago. The record of the year showed that no mistake had been in engaging Massey Hall. Many notable speakers had appeared on the platform, including Ira D. Sankey, S. H. Hadley, Mrs. E. M. Whittemore, Lou J. Beauchamp, John G. Woolley, Mrs. Leonora Lake, as well as prominent local clergymen like the Revs. Wm. Patterson, A. L. Geggie, E. S. Eby, Pedley, Crossley and Hunter. The Rev. Mr. Crossley delivered his special lecture, entitled "The Mysteries," in which he pointed out in a clear and comprehensive manner the fallacies of infidelity. The meeting closed with the singing of "God be with you until we meet again," during which time, and at the close of the meeting, many stepped forward and signed the league's total abstinence pledge.

THE Barkin Eureka, Olson master, arrived in Halifax on Thursday.

GRAND Patriotic Concert on St. George's Day April 23rd. Don't miss the rattling choruses.

SWORD DRILL.—The Ladies will meet at the Kindergarten Hall at 5 o'clock this evening. A full attendance requested.

Don't forget the patriotic entertainment to be given by the children of the Militia Officers in St. Peter's Hall Thursday April 19th.

THE train from the west yesterday morning was delayed for a short time near Elliotts, owing to one of the trucks leaving the track.

THE blue nonpareil dishes used at the tea in Y. M. C. A. Hall on Thursday evening, were kindly loaned by Mr. W. P. Colwill.

THE funeral of the late R. Seaman of Souris took place at 2 o'clock on Thursday afternoon and was largely attended. The members of Court St. John of which the deceased was a valued member for the past 13 years attended in a body. The services at the house and grave were impressive and were conducted by Rev. R. H. Rice. The removal of the late Mr. Seaman is universally regretted by all who were acquainted with him. A widow, two daughters, Misses Minnie and Mable and a son, Percy, are the family now residing in Souris. Arthur Seaman, station agent at Bloomfield is another son and Frank Seaman now in Boston is the third son.

Rev. A. J. McDougall, P. P. delivered an eloquent lecture on the subject, "Faith and Science" to large audience at Brae, on Thursday 5th. The lecture was very interesting and instructive, and the subject was handled in a masterly manner. The chair was occupied by Angus McKinnon, Esq., of Coleman. After the lecture some selections were given by the choir which were very agreeably supplemented by graphophone selections conducted by Mr. W. F. Clark, Summerside. Without particularising, all the selections being certainly very fine, the singing by Master Leo McKinnon, son of Mr. Felix McKinnon, deserves special mention, and Father McDougald may well be congratulated on having such a soloist in his choir. At the close a hearty vote of thanks was tendered the lecturer by the chairman who with other speakers paid a high tribute to the matter and delivery of the lecture.

THE display of poultry by Mr. Geo. Chilton in Messrs. Thorne Bros. uptown meat store was the centre of attraction yesterday afternoon. The Plymouth Rocks were imported a short time ago from N. H. Smith, Tilbury, Ontario. The exhibit included Black Minorcas, White Minorcas, White Leghorns, Silver laced Wyandottes, Bard Plymouth Rocks, Black Breasted Red Game Bantams, Black African Bantams. The above have been prize winners at the Halifax exhibition for the past three years. The eggs are for sale by Geo. Chilton, city.

THE funeral of the late Mrs. (Dr.) Shaw takes place this afternoon at 2.30 to People's Cemetery. The pallbearers will be Messrs. R. M. Johnson, S. C. Moore, Sydney Poole, Alf Farquharson, John Whear, John Gordon. The late Mrs. Shaw was the youngest daughter of Mr. and Mrs. John Wyatt of this city. She was a pupil and for many years taught in Prince Street School and her untimely demise is regretted by the thousands who had the pleasure of her acquaintance. The deceased lady was a worthy member of Zion Church and an earnest worker in the Sunday School. THE GUARDIAN joins with the many in extending sympathy to the bereaved husband and relatives. The floral tributes from the teachers and her former pupils in Prince Street School evidenced the degree of respect in which she was held.

MR. JAS. PATON and Mrs. Paton returned to the city by the steamer Minto on Thursday evening. Mrs. Paton, who has been on an extended visit to the neighboring republic met Mr. Paton in New York on Sunday, April 8th. Mr. Paton is delighted with his trip and the many evidences of loyalty to be seen on every hand. On St. Patrick's Day the supply of flags became exhausted and everybody wore green. The passage from Liverpool was not smooth, but the "Eurus" is equal to almost any kind of weather.

Our B. I. and Wine Is Better

Than other makes for these reasons—
In its preparation we use a peptonized extract containing the tissue-forming constituents of fresh beef, instead of the extract of beef which is considered worthless as a food by many chemists.
We also use Tincture of Citrus Chloride of Iron instead of the ordinary Tincture or Citrah of Iron, as it does not blacken the teeth and is not so astringent.
We also use a superior quality of Wine.
We will sell 24 bottles (full pint) at
55 Cents
For cash only.
