TORONTO & CANADA

MONDAY

WOUNDED IN SHOULDER.—Mrs. Margaret Myers, Mt. Albion, has received a telegram telling her that her son 23172 Sgt. Wm. Myers, infantry, was officially reported admitted to 4th General Hospital, Danvers, Caucuses April 22, suffering from gunshot wound in right shoulder.

TO RESIDE IN WEST.—Captain Malcolm McEachern and Mrs. McEachern of this city left Saturday on route to Vancouver, B.C., where they intend residing in the past week. Captain McEachern, the Guardian is informed, is the man who devised the muswell mud digging apparatus at St. Peter's Bay and is said to have been the man who first suggested the feasibility of a Car-ferry service as a means of communication between this island and the Mainland, having been himself employed for years on ships of this class. There are other local claimants however to this honor.

SUMMERSIDE MAN WOUND.—A telegram has been received from the Militia Department dated May 1st announcing that Private Harold P. Strong had been admitted to the 9th Field Ambulance on the 22nd of April, suffering from a gunshot wound in the left hand. He is a son of the late Mr. F. W. Strong, of Summerside, and prior to enlistment was accountant in the Royal Bank of Canada at Sackville, N. B. He was a member of the 14th Battalion of Moncton, B. C. before going to France. Private Strong held the rank of Sergeant, but reverted to a Private in order to get to the front and has been in France for the past eight months.

HOME ON A VISIT.—Many friends in Charlottetown were delighted during the past week to meet in the city Company Sergeant-Major Instructor Vincent Trainor, son of Mr. and Mrs. Michael Trainor, formerly of Charlottetown, now of Vancouver, B. C. His father, it will be remembered, was in business here for many years with dry goods firm of Senter & McLeod and later conducted the business himself under the name of M. Trainor & Co. It is eight years ago since the family went west. Sergt. Major Trainor belongs to the 23rd Battalion having enlisted at Moosejaw, Sask. He has been stationed all winter at Kingston, Ont., being attached to the Canadian Army Gymnastic staff instructing in bayonet fighting and physical exercise. He leaves this morning for Halifax.

Richard Mullally died at his home in Kensington on April 27, 1918, after an illness that terminated thus fatally after a duration of only twenty-four hours. The best medical skill in attendance was unable to stay the hand of the grim destroyer, and an eminently useful life was thus early terminated. Although in his sixty-fifth year, Mr. Mullally showed every evidence to several years of useful and practical life, still the decrees of Divine Providence ordained otherwise. He was a man of exemplary life and held the respect and esteem of his neighbors and friends. He discharged the duties of his state in life with fidelity and left behind him an example of thrift and industry. He leaves to mourn a widow and one daughter, Vina, and four sons, Fred, Richmond, George and Masters Harold and James. His funeral was held on Sunday, April 29, and was largely attended, interment at Indian River.

Rev. Father Poirier, St. Dunstan's College, performed the services at the church and the grave. R.I.P.

ISLANDER IN U. S. ARMY KILLED.—The Boston Post of April 29th contains a portrait of Private Bernard T. Fitzsimmons, a P. E. Islander, who belonged to B. Co. 102nd Machine Gun Battalion, American Army in France, who was killed in action and says:—The first young man from the Mission parish, Roxbury, to be killed in action is Private Bernard J. Fitzsimmons and official word from Washington to that effect was received recently by his sister and brother-in-law Mr. and Mrs. Michael Dorgan of 1 Sherbrooke place, Roxbury Horse Guard to meet death in the present terrific drive of the Hun against the heights of Ypres. After graduating from St. Dunstan's College, Charlottetown, P. E. I.—of which institution Police Commissioner Stephen O'Meara is also an alumnus—he came to the States and for more than a dozen years made his home with his Roxbury relatives. He was but 28 years of age when he left last September with B. Company, 102nd Machine Gun Battalion, for the front. His parents still reside at Montrose, P. E. I. To the thousands who daily pass Roxbury Crossing he was a familiar figure, for he had been starter there several years for the Boston Elevated and he was a charter member of the Carman's Union. He was also affiliated with Roxbury Council, K. of C., and the I. N. F. All of these organizations will be represented at a memorial mass in the Mission Church at 9 a. m. tomorrow. The celebrant will be the Rev. James Hayes, rector, and he will be assisted by other Redemptorist priests of the parish.

INTERIED IN HOLLAND.—Lieut. Kenneth Golding who was recently reported a prisoner in Germany, has been transferred to Holland where he is interned. Lieut. Golding was for some time previous to enlistment, manager of the Bank of Nova Scotia in Victoria, this province and his many friends will be pleased to learn of his transfer.

ANOTHER ISLANDER KILLED.—Friday's casualty list of 16p names reports twenty-three Canadian soldiers killed in action, eight died of wounds, three died, one presumed to have died, two prisoners of war, one prisoner was repatriated, fifty-two wounded, ten gassed and six ill. The name of another Islander killed in action appears in the list, Pte. F. H. Shields of Baltic, who was a member of the Railway troops.

MILITARY SITUATION DISCUSSED.—The military situation in Prince Edward Island was discussed at a meeting held at 3 o'clock on Friday afternoon in the Executive Council Chamber room, before Major-General Lessard, Inspector-General of Eastern Canada, and Colonel Lange, D.S.O. There were also present: Premier Arsenault, Colonel the Hon. S. R. Jenkins, M. D. Major Bartlett, Major Fullerton, Major Leigh, Colonel Stewart, Quartermaster D. O. M. Roddin, Major J. W. Stanley, and Mr. James Paton, M. L. A. The situation was very thoroughly gone into and General Lessard expressed his intention of reporting fully in the matter at a later date. He and Col. Lange left Saturday on return to Halifax.

REMEMBERED.—On the eve of his departure for Montreal to join the Tank Battalion Mr. Alex McPherson, Charlottetown was waited upon by a number of his intimate friends and presented with the following address, which was accompanied by an excellent wrist watch: "We, on the eve of your departure, beg to assure you of our hearty good-will and fervent hope for your future. We are not un mindful of the need for men at the front and voluntary enlistment on your part indicates that you fully appreciate conditions as they are. We wish you to accept this slight token of regard in commemoration of many pleasant evenings and circumstances and we couple with it the sincere wish that you pass through what you are called to, and return to the scene of so many pleasures under the Blessing of God." Mr. McPherson, thanked the donors for their kindly wishes which he will remember by recalling the many happy days passed with his friends.

FORMER EDITOR'S WIFE DEAD

The following is from a New Brunswick paper, and refers to the wife of Mr. Charles Willis, who was one-time editor of the Summerside Town and Agriculturist; Mrs. Charles J. Willis passed away at her home, Church Av., Sussex, on Saturday the 27th, after an illness of four months. The deceased who was 59 years of age, was prior to her marriage Miss Louise Beard, of St. John; daughter of the late Robert Beard, of the firm of Beard & Young, one of St. John's foremost dry goods houses of the older days. Mrs. Willis is survived by six daughters and one son. The daughters are Mrs. W. M. Mills, Chicago, Ill.; Mrs. J. P. Atherton, Sussex; Mrs. A. L. Moss, Amherst, and Misses Marjorie, Kathleen, and Frances at home. Her son, Sergeant John A. Willis, went overseas with the 26th battalion, and was invalided home from France. He is at present in the military service in St. John. The funeral took place on Tuesday at 2:30 o'clock. Rev. Mansel Shewen rector of Trinity church, officiated.

It was with a feeling of genuine regret that hundreds of Vancouver citizens learned of the death on Sunday of David Munro Fraser, an oldtimer. The funeral will be held from the family residence, Fifty-second Street and Hutson Avenue, tomorrow at 2:30 o'clock.

Born at Middle River, Nova Scotia, 32 years ago, he was the great-grandson of the first white man home in that province and often related stories of the hardships English speaking people had to endure in those days from the Indians. During his career David Fraser was an ardent worker for the Presbytery of Charlottetown, a enthusiastic member of the British and Foreign Bible Society, a staunch Liberal and a Mason for nearly forty years.

Before coming to Vancouver in 1888 he was an official of the Prince Edward Island Railway. In business here he was engaged as a contractor and conducted for a such and door factory for many years. He was a partner in the firm of Fraser and Brebant, Seymour Street, nearly twenty years ago and later when the business enlarged headquarters of the company were transferred to Fairview.

Mr. Fraser was predeceased by his wife only five weeks ago. He was apparently in good health until Mrs. Fraser's death occurred. Worry over his grandson, Clifford Risteen, who has been reported missing from the ranks of the Royal Flying Corps for several months, also weighed upon him. He is survived by two sons and two daughters, H. D. R. Fraser, Lewis C. Fraser, Mrs. G. Risteen, and Miss D. Fraser, Vancouver Daily Province, April 22nd.

There passed away at Kensington on Monday morning, April the 22nd, of pleuro-pneumonia and intercostal neuralgia, after a painful illness of less than six days. Albert Hon. Walker, aged forty-one years. The deceased was a native of Kensington, and occupied a farm about half a mile from the town. He was the son of the late Thomas James Walker and Virginia Esther Wiggins. Of a lovable and mild disposition he was a general favorite, and his cheerful greeting and genial smile will long be missed in Kensington, and its environs.

The late Mr. Walker's life was full of activity of the right kind. A consistent member of the Church of England, he was the capable and tactful senior warden of the parish of New London for three or four years, and the reversed superintendent, St. Mark's S. S. for ten or twelve years. In every activity of the parish, Bert Walker was always foremost, willing to spend and be spent for the extension of the Kingdom of Christ. His work will long be remembered, and his presence long be missed. In

Fame of Gin Pills Based on Actual Results

Not a Cure-all but a Tested Specific for the Relief of all Derangements Arising from the Kidneys

Health and Happiness in Later Years Depend Largely on Keeping Blood Stream Free from Poisons

More Gin Pills are sold than any other proprietary medicine in Canada. They are sold from Halifax to Vancouver in Drug Stores and by General Dealers. In the big cities Gin Pills occupy a prominent place on the druggists' shelves, while there is hardly a village to be found where this old time remedy can not be readily obtained.

Their fame has spread to our neighbor to the south and Gin Pills are a standard remedy in many parts of the United States.

As far south as Jamaica, Gin Pills have a big sale. So, too, in England, many people turn to Gin Pills when occasion arises.

Naturally advertising has had a good deal to do with this enormous demand, but our best advertising is when a man or woman finds a friend suffering from pains in the back or rheumatism or one of the dozen ills arising from the derangement of the Kidneys, and says, "Why don't you try Gin Pills. They cured me. I think they are the best kidney medicine in the world."

Two other factors have had great effect in creating demand and confidence in Gin Pills. The first is the guarantee. You do not risk a cent when you decide to give Gin Pills a trial. Go to your druggist and dealer and buy a box of Gin Pills for 50 cents. Take them according to directions. Or buy a full treatment of 6 boxes for \$2.50. If when you have taken the pills, it is your personal opinion that you have not absolutely benefited, write and tell us so and we will refund your money. Could anything be fairer? Doesn't this clearly point to our confidence that Gin Pills can help you, for otherwise how could we offer the treatment on these terms, simply on your word as to results.

Or if you do not even desire to pay half a dollar to test out this famous remedy and its effects on your particular ailment, we will give you the opportunity to make the test entirely at our expense. Write us to-day and we will send you free samples, all charges paid. Of course, it will not be a full treatment, but should be sufficient to indicate the relief you may expect from Gin Pills.

We have on file hundreds of letters from people who have been cured by taking Gin Pills. These letters are full of interest to us and we believe as well to every sufferer from Kidney troubles. They come from cities and villages, from rich and poor alike, from busy industrial centres and from lonely camps and prairie farms. We quote a few here with as examples. By the way we have never made a business of going after testimonials. We feel that they should be a free expression of gratitude for suffering relieved. At all times we are glad to hear from our friends of Gin Pills and any who would like to pass on the good word for the benefit of others who suffer are cordially invited to write us their experiences.

For instance, we were glad to open the following letter, and we publish it because we think it will be of interest to you.

Montreal, Que. "I have been suffering from Kidney Trouble for five long years. I had also rheumatism in all my bones and muscles, could not sleep nights and on some occasions could hardly walk. I had been treated by some of our best physicians but without relief and I lost over fifteen pounds, was very weak, and friends who knew me before were astonished. One day I met one of our leading hotelkeepers, who had been cured by your famous GIN PILLS, and he advised me to try them. So I bought two boxes at my druggist's and before I had used one box I felt a big change, before I finished the second one I was completely cured, and I believe it, for if I had only known what I know now, I would not have spent one hundred dollars for nothing, when two boxes of GIN PILLS cured me."

EUGENE QUEENEL.

This man was cured of ailments which arose from the failure of the Kidneys to perform their proper function—filtering the impurities which the blood collects in its circulation through the body. If the Kidneys are not working properly you are not left long in comfort; the blood instead of carrying away the refuse of the organs is accumulating these poisons in various parts of the body. Uric acid, for instance, is responsible for rheumatism, unless it is removed from the blood stream by the Kidneys and disposed of by the urinary system.

Mrs. Harris, of Tyneside, Ont., has been able to offer to women who suffer as she did. Read what she has to say:

National Drug and Chemical Co. of Canada, Limited, Toronto
U. S. Address: National Drug Co., Inc., 202 Main Street, Buffalo, N. Y.

Tyneside P. O., Ont.
"I received your sample of GIN PILLS and after using them, I felt so much better that I got a box as my druggist's, and now I am taking the third box.
The pain across my back and kidneys has almost entirely gone and I am better than I have been for years. I was a great sufferer from rheumatism but it has all left me. I strongly advise all women who suffer in any way in the back and weak kidneys to try GIN PILLS."
MRS. T. HARRIS.

How simple it was for her to write us for a sample. Think how she must have gone on suffering had she not done so, just a postage stamp, and relief is on its way. And yet some people are in agonies for years before they will do the obvious thing and try GIN PILLS.

Hamilton, Ont., April 10th, 1917.
National Drug & Chemical Co.
of Canada, Limited,
Toronto, Ont.

Gentlemen—Meeting your representative in this city a few days ago reminded me of a public duty unperformed by me. About four years ago I wrote you of my condition from muscular and inflammatory Rheumatism and Kidney Trouble and my efforts through travel and change of climate to rid myself of these unwellcome guests, and how I only found relief in Gin Pills after spending a lot of time and money in foreign lands.

Since then Gin Pills have been my sheet anchor. In a vast number of years a tendency of the kidneys to get out of order more easily than for many years a few doses of Gin Pills puts them right and wards off other and more serious trouble. When I remember what I suffered through Kidney Trouble and Rheumatism and the freedom from these which I now enjoy I feel I owe you a duty, but a pleasure to recommend Gin Pills for Kidney and Bladder Troubles to my thousands of personal friends through out Canada to whom I am well known as a commercial traveller of over forty years active service.

Yours truly
W. G. REID.
(Signed)

People get a pain in the back or sides and they immediately have a vision of operations and big bills. In a vast number of cases the trouble comes from disordered Kidneys. We have received a number of letters such as the following:

Halifax, N.S.
"I suffered untold misery when under treatment from the best doctors for over ten months and nothing seemed to do me any good or relieve my painful condition. My trouble was inflammation of kidneys and bladder. I finally determined to go to Victoria Hospital, Halifax, for treatment.

Two days before my intended departure a neighbor called and suggested to have some Gin Pills with him and insisted on my taking them. I did so, and six hours after taking the first dose the effects were simply miraculous. Instead of going to the hospital I sent for a box of Gin Pills, with the result that I am a well man. I recommend Gin Pills to everyone suffering from kidney trouble."

LEWIS MACPHERSON.

In addition to the symptoms already mentioned in this article the following indicate attention is required to Kidneys: Swollen ankles and joints, constant headaches, restless nights, stone gravel and other derangements of the urinary system, and Sciatica.

You now know just what to do. Go to your dealer and buy a box of Gin Pills on our guarantee, 50c a box or 6 boxes for \$2.50, or write for the free sample to

"Mrs. Meeker" observed a friend of the family, "is a very superior woman. She can converse intelligently, I believe, on a thousand different topics." "Yes," sighed Mr. Meeker, "and she does."

The following is a copy of a bill posted on the walls of a country village:—"A lecture on total abstinence will be delivered in the open air, and a collection will be made at the door to defray expenses."

Corns Stop Hurting, Then They Lift Out With Fingers

No pain or soreness! Corns and calluses just shrivel up and lift off—Try it!

A noted Cincinnati chemist can just lift it off with the fingers. Resists No humbug! No pain, not a bit of soreness, either when applying, free or afterwards and it doesn't even irritate the skin.

You simply apply a few drops of freezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can just lift it off with the fingers. Resists No humbug! No pain, not a bit of soreness, either when applying, free or afterwards and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses just shrivel up and lift off so easy. It's wonderful! Works like a charm. Keep it on the dresser.

MARTIN-SENOUR

100% PURE PAINT & VARNISHES

The Practical Economy of Good Paint

Good paint is never an expense, but a saving. By its use you save your buildings from a steady deterioration in value.

Economy in painting demands the use of Quality Paint—Martin-Senour "100% Pure" Paint—the paint that protects and preserves.

The use of cheap materials is a waste of money—a waste of time.

MARTIN-SENOUR

"100% PURE" PAINT

wears longest, covers the greatest surface (900 sq. feet per gallon) and because of its even texture, takes least time and is easiest to apply. It is absolutely guaranteed—"100% Pure" White Lead, Zinc Oxide and highest quality Linseed Oil. It is admittedly the most economical paint on the market.

Take no chances. Make your investments secure by applying on your buildings, inside and out, protecting coats of Martin-Senour "100% Pure" Paint.

Write for "Farmer's Color Set" and "Town and Country Homes". Just what you'll need in planning your painting. Mailed free.
