Hasn't Felt As Well in 30 Years

PROVINCIAL CONSTABLE IS FULL OF LIFE AND ENERGY SINCE TAKING TANLAC

Most everybody in Nova Scotia either knows or has heard of M. A. McKinnon of 59 Falkland St., Halifax. Mr. McKinnon has lived in Halifax county for thirty years, or more, was one time Chief of Police of Lunenburg and has been Provincial Constable for the past twelve years.

Mr. McKinnon called at Kinley's drug store in Halifax recently, and made a statement regarding the benefits he has derived from the use of Tanlac that will be of interest throughout the province. Here is what he said: "Well, I have been taking your Tanlac now for about four weeks, have just finished my third bottle, and I don't believe I have felt so well in thirty years. I have not only gotten rid of a case of stomach trouble that made life miserable for me for a long time, but I have already gained ten pounds in weight. Tanlac is the only medicine I have found that does what they say it will and I am glad to make a statement to be used in letting others know about it.

"I lost my appetite two years ago, and even a little piece of toast and a cup of tea, which was all I could eat for breakfast disagreed with me. In fact I could not eat anything at any time, no matter how light, without suffering from indigestion. There was a feeling in the pit of my stomach like a heavy lump. I would simply have to fight for breath and was drawn almost double at times, with cramping pains. I was simply in misery for hours after every meal. I was also habitually constipated and had the worst kind of headaches most every day, especially in the mornings. I could never sleep well at night on account of the gas and pain in my stomach and would get up in the morning feeling tired and sluggish and with no energy. Well, it just seemed that I suffered with nearly everything a man with a bad stomach could have.

"I was losing weight continually. Why, just before I began taking Tanlac I had one of my suits altered because I had fallen out until it was too large for me, but I guess I made a mistake, for at the rate I'm now gaining I'll soon get all my lost weight back. I had read and heard enough about Tanlac to convince me that it was good, but had no idea it was so fine until I began taking it. There's not a doubt in my mind now but what it is the greatest medicine ever sold in a drug store for any sort of stomach trouble. My appetite is so good now that I can hardly get enough to eat and my stomach is in such a good condition that I can eat just anything put on the table and never feel a sign of indigestion. All that sourness, gas pain and shortness of breath is entirely gone. I sleep soundly at night and get up mornings feeling thoroughly rested and as full of life and energy as a two-year-old. There is no getting away from the fact that Tanlac is what brought about this wonderful change and I can't recommend it too highly.

Tanlac is sold in Charlottetown by Reddin Bros., in Montague by H. J. Mabon, in Georgetown by Seymour C. Knight, in Souris by Jas. G. Ferguson, in Kensington by Kier & McFadden and in Emerald Junction by P. F. Hughes.

Popularity of New Dictionary Grows

Lawyer Praises Book — Money Well Spent He Declares.

Appreciation of the offer of The New Universities Dictionary being made, by this paper to its readers is shown in the steady increase in the distribution. The popularity of the book has become more wide-spread, as those who were among the first to secure a copy have told their friends about the dictionary or have shown it to them. Each day the distributing clerks have been besieged by crowds of coupon-holders.

Many comment on the work in terms of highest praise. "To better purpose in my life," a well-known lawyer declared, "I have long been wanting just such a dictionary. It is thoroughly up to date, gives a simple, accurate definition of a lot of new words, and the illustrations are both interesting and instructive. Its convenient size and practical style of binding further recommend it."

The New Universities Dictionary was designed to serve as a guide to the correct use of today's English. It is accurate in its definitions and contains the latest and newest words whose general usage warrants their incorporation into a dictionary designed as this one was, primarily for ready and well.

MR. JOS. RHODES GARDINER

Many friends in Moncton and vicinity will learn with deep regret of the sudden death of Joseph Rhodes Gardiner which occurred at the home of his son, F. O. Gardiner, 75 St. George St., Monday afternoon. Mr. Gardiner was one of Moncton's most highly respected citizens and had been in his usual good health up till a few weeks ago when he suffered an attack of heart trouble from which he had apparently recovered, but his condition took a change for the worse Monday afternoon and before medical aid could be summoned he passed away, death being due to heart trouble and old age.
