The distribution of the Family Herald and Weekly Star's new picture entitled "THE PRINCES AT WORK" has begun and those who have received their copy pronounce it the most beautiful picture they have ever seen offered with a newspaper. It is far and away ahead of the Family Herald pictures in years gone by and that is saying a great deal. "THE PRINCES AT WORK" and the Family Herald and Weekly Star all for one dollar should make a busy season for the publishers.

In the death of J. B. Trowsdale, Crapan, which occurred Sunday morning, that community loses one of its most highly respected and well known residents. Mr. Trowsdale was in his 64th year and had been unable to work on a count of ill health for the past ten or twelve years. His wife pre-deceased him about a year ago. There are left to mourn three sons and one daughter namely, Bertram in the homestead, Arthur in the North-west, Chesley and Lilla in Providence R. I. who will have the sympathy of many friends in their bereavement.

MANY of the old residents of the city read with great regret the announcement in The Guardian yesterday of the death of Mrs. George Davies, Brighton, in her ninetieth year. Mrs. Davies was the eldest daughter of the Hon. Benjamin Davies, Esquire, of whom the late Hon. Benjam. Davies was the eldest son and the Hon. D. Davies, a younger son. She was married in early life to the late Charles Stewart, Esquire, of Rosebank, and subsequently to George Davies, Esquire, who was for many years at the head of the London House in this city. W. H. Stewart, of Brighton road and Charles Stewart now in Honolulu are her sons. Mrs. Carmen of California, and Mrs. Peters, wife of the Hon. Arthur Peters, Premier and Attorney General, are her daughters. She had been in failing health for many months and passed away at a ripe old age, after a noble Christian life well spent in the Master's service.

JOHN THOMAS McLELLAN went down to jail last night for three months for violation of Prohibitory law.

A horse owned by C. B. Perkins, Brighton, was badly cut last evening by breaking through the street where water had undermined. The animal also ran away and broke the fence lately in front Mr. Perkins' home.

It is worthy of note that two of the great Canadian University champions in Athletic sports are Abegweits. R. A. Donahoe, all round champion at McGill, won on Friday last, and A. G. Cameron, all round champion at Queens. The Abegweits have not only won the Maritime Provinces Championships but have gone abroad and among the athletes of Upper Canada have won a foremost place.

Dr. Lyman B. Sperry spoke at the Y. M. C. A. last night on "Human Conditions and Possibilities." He showed that in former days when man lived more akin to nature he often reached a great age among others. He cited the case of Jacob who at one hundred and thirty said that his days were few compared with the days of his fathers. The speaker then proved that if man lived a life of proportionate length to other vertebrate animals he would die of old age till about one hundred and fifty and would die. He then went on to speak of various things that shorten a man's life naming War, Narcotics, Tobacco, Lust, Gluttony and Worry. The address was forceful and logical throughout and sparkled with flashes of wit and humor. Dr. Sperry speaks to-night on Male and Female or The Significance of Sex. The Dayton Times in speaking of this lecture says: "Dr. Lyman B. Sperry has gracefully acceded to the request of many and will repeat his lecture on 'The Significance of Sex'." The universal verdict was that it was one of the finest expositions of the great truths of Nature that has ever been given in this City, and the enthusiasm with which it was received was very gratifying.

The annual meeting of the W. C. T. U. was held yesterday. The year just closed has been marked by changes and difficulties. At short notice they were forced to find new quarters and three times endeavored to elect a president. Mrs. Johnson, who had acceptably filled the position had to resign on account of illness. Mrs. Coffin was elected but sorrow and trouble made it impossible for her to accept. Then for some weeks the society was without a leader until early in February Mrs. J. R. Davison was unanimously chosen. During the year of thousands of pages of literature was distributed, jail and poor house visited, Thanksgiving tea given to the inmates of the poor house, plants, flowers, fuel and medicines given to the sick and sorrowing, all the Sunday schools in the city provided with lesson helps on Temperance and tobacco for every teacher in the city. The superintendent of narcotics reported much good work along that line. Judge Warburton kindly gave a lecture and Mrs. Davison at home to interest others in the work. The Mothers meetings were the most largely attended, and this branch of the work seems to be very far reaching. This year \$75.31 have been given to the prohibitory movement. The society finds in starting another year's work they have a balance in the Treasury and good active members elected to fill the offices.

DON'T TRUST TO LUCK.
Even if there is such a thing as luck you cannot afford to trust to it in case of sickness. You know by the experience of others that Dr. Chase's Nerve Food actually forms new blood and tissue and revitalizes the nerves and by using it regularly you can be certain that your system is being built up and that weakness and disease are being overcome.

Much time is saved by the use of the new shorthand text book as used at the Union Commercial College. 6d wtf
