## All Eyes On The Economic Parley

### World Trade Recovery Waits On The Ottawa Conference — Bank Loans To Different Countries Have Fallen Steadily During Past Few Months.

(By George Hambleton, Canadian Press Staff Writer)

**LONDON, May 26**—(Canadian Press Cable)—World trade recovery waits on the Ottawa Imperial Economic Conference and the Lausanne Conference on reparations and inter-governmental debts.

Since the break-up of the Danubian Conference, in which the four great powers—Great Britain, France, Germany and Italy, attempted to aid the Danubian countries, conditions in Central Europe have grown steadily worse. Hungary, Greece and Bulgaria have either defaulted or suspended payments on their loans. Austria has made public her intention of defaulting on her loans as from next Saturday.

The principal loans the international bank floated to help the stricken countries have fallen steadily in value during the last few months. Since June the Austrian reconstruction loan (guaranteed by several world powers including France, Italy and Czechoslovakia) has fallen 10 per cent.

## WASHINGTON'S POLICE CHIEF IS WORRIED

### Is Apprehensive Regarding War Veteran Demonstrations At The Capital.

**WASHINGTON, May 26** (By the Canadian Press)—Major General Glasford, Washington's Chief of Police, today asked government leaders to do something definite about the proposal to pay war veterans \$2,000,000,000. He expressed apprehension as to what might occur when several thousand veterans now converging on the Capital from various parts of the country, arrived.

After talking to the President's Secretary at the White House, Glasford said: "I cannot help but anticipate some trouble if they are here for some time and if they become hungry. Many things result from an empty stomach."

Glasford wants Congress to decide whether it is going to pay the bonus or not so that veterans will not be encouraged to march to Washington for the purpose of demonstrating.

The problem of looking after the veterans who are already in Washington or on their way will grow more serious between now and June 12 when a demonstration is expected to take place. Local authorities submit they are without funds to provide food and housing for any but Washingtonians. The suggestion is made Congress should authorize the war department to set up army kitchens.

David Doyle, 26, and Robert C. Mann, 10, were crushed to death by a beam of a large boat shed on the Dorchester waterfront which collapsed when struck by lightning during a burst of wind at the height of the storm.

A two day heat wave, during a burst of wind at the height of the storm.

A two day heat wave, during which the temperature rose to 91 and a new record for the date yesterday and soared to 93 today, was broken by the torrential rainfall, which also set a new weather bureau record.

During a period of five minutes the weather bureau measured a fall of 56 inches, surpassing the previous record here of 55 inches in five minutes on Aug. 7, 1908. From many sections of the greater Boston area came reports of houses, trees and poles being struck by lightning.

## OPTIMISTIC OUTLOOK FOR CONFERENCE

### Lord Beaverbrook Expects Great Results From Ottawa Parley.

**MONTREAL, May 26**—(By the Canadian Press)—An optimistic outlook for the coming Imperial Economic Conference was voiced today by Lord Beaverbrook, Canadian-born peer, who is now owner of the London Daily Express.

"Not only will the Ottawa Imperial Conference achieve fine results, they will be lasting ones, and more than that, I expect to see their effect almost immediately after the conference is over," he declared in an interview on his arrival here for what he said would be a few days' visit.

Lord Beaverbrook remarked on the spirit of optimism which he found prevalent in the Dominion. "I am glad to be in Canada and to find such a spirit of optimism everywhere. It is a different story across the border where they are very sorry for themselves."

The newspaper owner believed conditions in England were good. "Everything is in fine shape," he said. "In view of what the world is going through, there is no cause for complaint. Business and trade are improving all the time and the outlook is hopeful."

His hopes were firmly pinned to the Imperial Conference, Lord Beaverbrook concluded.

### Speech From Throne Expresses Belief That Coming Conference Will Herald New Dawn For A Stricken World.

**OTTAWA, May 26** (By the Canadian Press)—A Vice Regal salute of nineteen guns boomed out on Parliament Hill today. As the smoke drifted away under lowering skies and a cavalry detachment clattered away toward the city, the third session of Canada's seventeenth Parliament came to an end.

Without the fuss and feathers of an opening, Chief Justice F. A. Anglin of the Supreme Court of Canada, in the absence of Lord Bessborough, the Governor-General, read the Speech from the Throne which liberated members and Senators from their official duties and closed the Legislative mill. Galleries were crowded. Officers of the army and navy presiding in crimson and gold braid emphasized the deep red walls of the Senate chamber. Prime Minister R. B. Bennett, Rt. Hon. Arthur Meighen, Government leader in the Upper House, and Chief Justice Anglin added an old world touch in their gold embossed Windsor uniforms. Members of the Commons in sombre black gathered at the bar of the Senate in orderly disorder.

## U. S. May Have To Reduce Her Track Team

(Canadian Press)

**NEW YORK, May 26**—With only \$34,479, less than 10 per cent of the goal of \$350,000, now in the United States Olympics war chest, President Avery Brundage of the A. A. U. today notified the 20 branches of the American Olympic Committee that this country's entries in the approaching games at Los Angeles will have to be reduced drastically.

Telegrams were sent to chairmen of fund-raising committees throughout the country, urging them to forward all money collected, but there was slight hope the response now would swell the total fund appreciably.

At the same time, Brundage vetoed a suggestion that the games be postponed or curtailed, both from a patriotic viewpoint and because of the fact many athletes from other nations either already are on the ground or have started for Los Angeles.

## Ireland Will Be Well Represented

**BELFAST, Northern Ireland, May 26** (Canadian Press Cable)—Viscount Craigavon, Premier of Northern Ireland, today invited Senator McCormick, representing border interests; Sir Basil Brooks, agriculture, and Lewis Gray or William Ewartson, representing the linen industry, to go to the Ottawa Imperial Economic Conference as advisers to H. M. Pollock, Finance Minister and official delegate.

## RIOTING IN GERMAN CITIES

(Associated Press)

**BERLIN, May 26**—Rioting by the unemployed kept the police busy in two German cities today while partisan strife continued here between Communists and Fascist followers of Adolf Hitler. The police fired into crowds of Communists and jobless men at Hamburg, where thousands of hunger marchers battled the police last night. Fifteen of the men and one policeman were injured.

The Hamburg disorders began with the plundering of a grocery store and spread to other parts of the city. Several of the ringleaders were arrested. One policeman was injured and twenty-two men were arrested in an unemployment demonstration which had been forbidden by the city authorities.

Several persons were injured and many were arrested in numerous fights between Communists and National Socialists in the northern part of Berlin. The fighting followed a bloody melee between members of the two political factions in the Prussian Diet yesterday.

## Hop Postponed

**SEATTLE, May 26** (By the Canadian Press)—Fickle wind which flurried with airport indicators from every direction except that needed for a takeoff delayed Nathan C. Browne, New York flier today in his projected nonstop flight to Tokyo.

A falling barometer gave Charles O. Schick, meteorologist at Boeing Field, hope that when a south wind does come it will be of sufficient velocity to help launch Browne's heavily loaded monoplane into the air on its 5,000 mile jump.

The aviator went to his hotel to rest, announcing he would wait until tomorrow morning.

## Are Censured

**OTTAWA, May 26**—(By the Canadian Press)—The captain and third officer of the steamer Cymbeline were censured in a judgment delivered today by L. A. Demers, Dominion wreck commissioner who inquired into the grounding of the ship on Anticosti Island last April. The court found that Captain Robert C. Stonehouse "failed to observe and adopt the simple elementary method of prudence" but "owing to his frank admission of events, leniency will be shown him, in lieu he is severely reprimanded and warned."

William Davis, the third officer was censured and reprimanded for failing to enter information in the ship's log. The ship grounded during the fog.

## MINERS WILL ACCEPT WAGE REDUCTIONS

**GLACE BAY, N. S., May 26** (By the Canadian Press)—Mine workers at Glace Bay, New Waterford, Reserve and the International Piers today voted 2,660 to 902 in favor of accepting reductions in wages and against a general strike.

Although several other districts were still to report, acceptance of the reductions was regarded as practically certain, as opposition to the cuts, at the last referendum, held March 14, had been centred mainly in the Glace Bay area.

## B. C. Loan Subscribed

**LONDON, May 26**—(Canadian Press Cable)—British Columbia's £1,500,000 provincial loan issue was left with the underwriters today after the remainder had been sold.

The stocks selling at 99 and redeemable in 1957 or 1967 at the discretion of the Province yield five per cent. Financial observers, considering the issue was left on the market only one day and at a time when the market was particularly depressed, said they considered the result quite satisfactory.

## UNEMPLOYED HOLD SECOND MEETING

**Large Attendance At Strand Theatre Last Evening — Progress From Previous Meeting Reported.**

A second meeting of the unemployed men of the city was held in the Strand Theatre last evening and was very largely attended.

The meeting opened with O. Canada, after which the President, Mr. Charles Carbonell, addressed the assembly. He referred to the meeting held Tuesday night at which officers and an executive committee had been appointed. He reported that the committee had waited upon the Mayor asking that the City provide an unemployment office and that the Mayor was going to lay the matter before the Council at the next meeting.
