BERLIN CLAIMS MEAT SHORTAGE

(Special to The Guardian.)
WASHINGTON, Aug. 26.—Berlin will soon introduce a meat card system similar to the bread card scheme already in use there. This is the announcement made this afternoon in a long communication sent the Department of Commerce by the American Association of Commerce and Trade in Berlin. The report says that the meat rations must be cut at least fifty per cent.

SIXTEEN GERMANS AND ONE TURK AMONG THE HOMESTEADERS FOR JUNE.

OTTAWA, Aug. 25.—Homestead entries during June numbered 1,865, or 1,155 less than June, 1914. There were 425 in Manitoba, 756 in Saskatchewan, 630 in Alberta, 54 in British Columbia. The homesteaders included 256 Americans, 311 Austro-Hungarians, 16 Germans, one Turk, 10 Belgians, 16 Italians and one Serbian.

OIL DEPOSIT REPORTED UPON

(From our own correspondent)
OTTAWA, Aug. 26.—A report which will constitute an authoritative reference on the gas and oil deposits of the Dominion is under preparation by the Mines Department. The report is based upon an exhaustive study of conditions in the oil and gas fields of Canada by officials of the department. It will deal especially with the gas and oil resources of Ontario, the oil fields of Alberta and the oil shales of the Maritime Provinces. The survey, which has been made, has shown some excellent possibilities and the report will contain fairly definite information with regard to permanent values in most of the known fields.

The shale deposits of New Brunswick are to be reported upon as possible of successful development. Regarding the deposits which caused the oil boom in Alberta the report will be very conservative in tone.

TROUBLE CAUSED BY FEW MEN

OTTAWA, Ont., Aug. 25.—Complaints made by the Germans about the treatment of their prisoners at Amherst, caused no great surprise here, as it has been known for some time that such protest was intended. On receiving news to that effect the Justice Department despatched an official to Amherst to institute inquiries while United States Consul at Halifax and Moncton were asked to make investigation. This inquiry established the fact that all the trouble was caused by a few men, whose attitude was irreconcilable while the great majority were satisfied with their treatment. In his reports he United States Consuls have so stated.

GERMAN SOCIALISTS PROTEST AGAINST GERMAN MADNESS

BERLIN, Aug. 26.—The Reichstag has adopted a Socialist resolution asking the government to organize a bureau, under the auspices of the federal council, with some of its members elected by the Reichstag, to take charge of the food problem. The bureau will have the right to confiscate food products in behalf of the people.

MEETING OF CANADIAN SEED GROWERS' ASSO'N

A meeting of the Canadian Seed Growers' Association for Prince Edward Island was held at the Experimental Station yesterday afternoon. The President, Mr. Clark, Superintendent of the Experimental Station, presided at the Field Conference. Nine strains of banner oats had been sent into the Station by members of the Association for comparison and examination. These and the five strains of White Russian wheat also forwarded to the Station by members were very carefully examined and judged by all present. Many questions of interest to seed growers were discussed in detail.

Besides the members of the Association there were present two of the men in charge of Demonstration Stations in the Province and three of the men who have been conducting co-operative tests with oats in conjunction with the Experimental Station for three years. Among the other visitors were: Dr. Charles Saunders, Dominion Cerealist, Ottawa; Mr. L. H. Newman, Secretary of the Canadian Seed Growers' Association of Ottawa; Prof. W. S. Blair, Superintendent of the Experimental Station at Kentville, N. S.; Mr. S. J. Moore, Seed Inspector for the Maritime Provinces; Mr. Paul A. Murphy, Plant Pathologist for P. E. Island; Mr. Leslie Tennant, District Representative for King's County, and Mr. Richard Creed, Secretary of the P. E. I. Branch of the C. S. G. A.

Asked concerning the crops, Mr. Newman said that he has been through a good portion of Eastern Canada, including Ontario, and had nowhere seen better prospects for an abundant harvest of good quality. He was particularly gratified at this on account of the fact that in many other parts the harvest had suffered to such an extent that the supply of good seed for next spring's seeding was considerably affected. He called attention to a fact of considerable importance to Island seed growers, namely: that every year some part of Canada suffered severely through climatic agencies making it necessary to bring into the district seed from outside sources. This fact presented an excellent opportunity for growers of seed oats in this Province who usually succeed in harvesting their crops in good condition and he expressed the hope that this year would not be an exception in this regard in respect with the members concerning experimental work at different stations he took occasion to eulogize the splendid work being done by Mr. Clark. On none of the farms visited other provinces were the crops in better condition or the grounds better kept.

Dr. Saunders also expressed his pleasure at seeing such an excellent series of plots as that now on view at the Charlottetown Station. The condition of the fields of grain which are being grown for seed purposes he considered most satisfactory, reflecting great credit on the officers of the Station and showing that the climate here this season has been very favorable. While some of the plots are partly lodged this is due to the exceptional winds and the unusual length of the straw. The indications are for a heavy yield of grain of good quality. He considered the special plots which have been sown with seed selected by members of the Canadian Seed Growers' Association to be a striking demonstration of the value of such work when carried on with good judgment.

The members of the Association expressed themselves as being well repaid by what they saw on their trip to the station.

GREEKS MOBILISING

(Special to The Guardian.)
ROME, Aug. 26.—A report from Athens says a general mobilisation of Greek forces, it is believed, has been authorised.

PORT OF ANCHANGEL IS NOW VERY BUSY.

WASHINGTON, Aug. 26.—Mr Henry C. Baker, the American commercial attache at Petrograd, reports on the changed conditions at Archangel, which he says is now as busy a port as New York. During the present open season more than one hundred warehouses and thirty piers have been built. Four floating cranes of the largest size have been imported and there are now facilities for handling the bulk of the cargoes arriving for the government. Petrograd and Moscow can be easily reached from Archangel, by way of the Dvina river and connecting canals and rivers. A new broad gauge railway is being built from Archangel to the interior, and is expected to be open for traffic in November.

Wheat is the main commodity being exported, twenty million bushels having been already shipped this season.

PEOPLE OF RUSSIA LOYAL.

PARIS, Aug. 26.—An account of an audience granted him by Emperor Nicholas, is telegraphed to the Matin by Jean Cruppi, former French Minister of Foreign Affairs.

"Peasants speak to me in affectionate terms and every day I receive from them several addresses saying: 'Hold firm for we are all behind you.'" The Emperor is quoted as saying:

"The monarch's voice was firm and clear. Mr. Cruppi says, as he told of the resolution of all Russians to carry this war to an end until the victory necessary to 'free Europe' is assured.

The Emperor added: 'France can count on my immovable will to struggle on until complete victory is achieved.'"

DANES TRIBUTE TO BRITISH DEAD

LONDON, August 25.—A telegram from Copenhagen to the Exchange Telegraph Company says the Danish steamer Vidal sailed for Hull today with the bodies of the fourteen men who lost their lives as the result of an attack on the British submarine E-13 by German warships after the submarine grounded last week on the Danish island of Saltholm.

Before the departure of the Vidal a funeral service was held in Copenhagen. It was attended by Lieutenant-Commander Clayton and the other survivors of the E-13, members of the Danish Cabinet, Danish navy officials, and representatives of the British Legation.

Danish bluejackets bore the coffins between decks and placed them in an improvised chapel. The coffins were covered with hundreds of flags and with wreaths in Danish and British colors. Vast throngs assembled at the waterfront, and the people stood with uncovered heads as the Vidal steamed out, accompanied by Danish torpedo boats. The Vidal was saluted with guns and flags by the forts. All flags in Copenhagen were at half mast.

ASK GOVERNMENT TO INTER- VENE.

MONTREAL, Aug. 24.—The Star today says:

"Though definite plans have not yet been divulged, it is understood that several organizations of business men in the city are preparing to leave for Quebec on Friday, where they will ask Sir Lomer Goulet, Premier of the province, to appoint a receiver to take charge of the administration of Montreal's finances. The personnel of the delegation is being kept private, but according to reports at the City Hall, business men of several organizations have decided that the financial crisis in the city's affairs is such that the Provincial Government should step in and take such means as will insure the most beneficial management of the citizens' money until such time as the financial outlook has improved."
