

Good Blood
 Good blood, good health; bad blood, bad health; there you have it. Why not help nature just a little and change the bad to the good? Bad blood to good blood; poor blood to rich blood! Ask your doctor how this applies to Ayer's Sarsaparilla, and how it applies to you! Could anything be more fair?

Deafness Cannot be Cured.
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is not cured by local applications, but an inflamed condition of the mucous surfaces.
 We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
