 1, Miss E. F. Ayers, City.  
 Sec. 84—Best Darned Stocking:  
 1, Rena Coles, North Milton; 2, Helen Dennis, Marshfield; 3, Marion Mahar, Charlottetown.  
 Special Prize for Hooked Rug by Child under 12 years:  
 Doris Dalziel, Charlottetown.  
 Boxing Instructor: "That was a half-hook." Pupil (nursing jaw): "Well, you can keep the other half."

**CENTRAL GUARDIAN**

This is reserved for news, but advertisements of a news character may be inserted at the rate of 4c per word, strictly payable in advance.

**ANGLICAN SERVICES**—Crapaud, Saint John's Church, September 11, Sunday School 10. Springfield Saint Elizabeth's Church, September 11, Sunday School 10, morning prayer 11.

**WELL KNOWN HERE**—Mr. Hector McInnes, K. C., has been elected chairman of the board of governors of Dalhousie University, and J. McGregor Stewart has been chosen vice chairman. Mr. McInnes and Mr. Stewart were elected unanimously by the governors in meeting, according to a statement issued on Saturday.—Halifax Chronicle.

**ENJOYING FIRST VISIT**—An interested visitor to the Province is Miss Isabel McIntosh, Montreal, who represents the Woman's Missionary Society of the United Church of Canada. This is Miss McIntosh's first visit to the Island and she is delighted with her first impressions of its beauty, peculiar to this season of the year. During her stay Miss McIntosh hopes to see Charlottetown, Eton, Montague, Souris, Mr. Stewart, St. Peter's Bay and Hunter River this week, then she will spend a day or two at O'Leary, and Summerside before leaving for the mainland.

**BRADALBANE**—United Church of Canada. Services on the above charge for Sunday, Sept. 11, are as follows: Rose Valley 10.45 (Communion); Granville 3.00; Pleasant Valley 7.30. The Sacrament of the Lord's Supper will be dispensed in the Church at Rose Valley, on Sunday, September eleventh at 10.45 a.m. In consequence of which there will be preparatory services in the church there, on Wednesday, Thursday and Friday evenings of this week, commencing at 8 o'clock. There will also be a Thanksgiving service on Sunday evening at 5.30 p.m.—Thos. Palethorpe, Minister.

**ST. PETER'S SCHOOL**—On September the 19th, St. Peter's Day School, enters upon a new period of its existence. This school, started in 1881, has many and varied names on its honor roll. Miss Rosa DesBrisay, whose unceasing zeal and careful training will be long remembered by all who had the privilege of coming under her guidance, has this year retired. In June a committee representing The Old Girls of St. Peter's, waited upon Miss DesBrisay, and presented her with a loving thank offering from former pupils all over the world. Her successor Miss Virginia Scarth, daughter of Mr. H. C. Scarth, Manager of the Canadian Bank of Commerce, comes to St. Peter's with high credentials and a list of scholastic achievements from Edgill Church School for Girls. She combines with this a charming personality and a complete understanding of the young. The mothers of Charlottetown will no doubt appreciate this opportunity for the training and culture to their children and will insure for Miss Scarth a continuance of that patronage so generously given in the past to St. Peter's.

**POTATO DISEASES**  
 Diseases such as mosaic, leafroll and spindle tuber are frequently responsible for the so-called "running out" of potatoes usually attributed to weather conditions and various other assumed causes. These diseases unlike blight, which may destroy an entire crop in one season, act very slowly, but nevertheless cause enormous losses by reducing the yield from year to year until finally a strain so affected becomes entirely unproductive.

**PERSONALS**  
 Rev. R. Hensley Stavert left on Thursday morning last on a short auto trip to Nova Scotia. Mr. Stavert expects to return the latter part of this week.  
 Mr. Wm. D. McPherson and sister Florence arrived in the City Saturday night, having motored from Medford, Mass. Mr. McPherson will spend his vacation with his mother at Cardigan.  
 Mr. and Mrs. Gerald Gilroy of Charlottetown, P. E. I. are in town. Guests of Mrs. Gilroy's parents, Mr. and Mrs. Daniel Silliker, James St. They will be here for several days.—New Glasgow News.

"You are six weeks behind with your rent, Mrs. Smith. 'Yes, you see how quickly time goes nowadays.'"  
 Ada: "Good heavens, girl, you are getting plainer every day!" Eva: "Well, that's something you can't do."

Miller's Worm Powders attack worms in the stomach and intestines at once, and no worm can come in contact with them and live. They also correct the unhealthy conditions in the digestive organs that invite and encourage worms, setting up reactions that are most beneficial to the growth of the child. They have attested their power in hundreds of cases and at all times are thoroughly trustworthy.

**Farm Notes**

**WERE APPRECIATED**  
 Help Brighten Up West!

A feature of the "Beautify Canada Campaign" carried out last spring by the Canadian Horticultural Council was the distribution of flower seeds through a relief committee in the province of Saskatchewan. Mr. F. C. Nunnick, the chairman of the committee, recently returned from Saskatchewan, brings word that the feeling of depression had been greatly relieved by the flower gardens that had resulted from the distribution of flower seeds. Many of the homes at which flowers had never before been grown are this summer being made bright and cheerful for the families themselves and their less fortunate neighbors. The committee, therefore, feel that a habit of beautification over a considerable area of country has become established for future years.

The results of this distribution leads the "Beautify Canada" committee to conclude that flower growers throughout the central and eastern provinces have a fine opportunity of serving the West from the products of their gardens. It is suggested, therefore, that members of horticultural societies and others who love and grow flowers could do no better than collect and save seed from the many kinds of annuals and perennials grown in their gardens to be sent to the west for distribution. Care should be taken to collect and label the seeds as they ripen. The seed distributed last year by the committee to the areas that had been dried out, was made to farmers through Mr. C. B. Daniels, Chairman of the Relief Committee at Regina. Contributions by growers may be sent to Mr. Daniels with full confidence that by so doing they are not only taking a very active part in the "Beautify Canada" work, but also in bringing happiness into lives of many who are less fortunate than themselves.

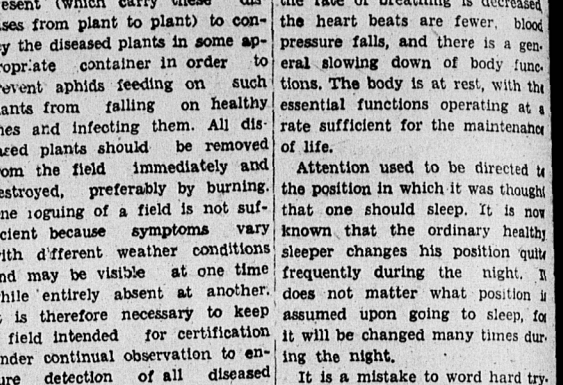

**TRANSFER PROPERTY THEN LOOK FOR PENSION**  
 HAMILTON, Sept. 6—(By The Canadian Press)—Positive knowledge claimed to be possessed by a certain controller of this city to the effect that some applicants for old age pensions take good care to transfer property possessions before submitting their applications, resulted in a decision to have the secretary of the local board make a more careful search at the local registry office. The controller intimated, that in some cases, properties have been transferred less than two months before the applicants filed their claims.  
 The statement followed submission of a report to the effect that the city's share of old age pensions costs for June was \$3,269.07.

**PEERAGE FAMILY DIES OUT**  
 LONDON, Sept. 6—(By The Canadian Press)—The recent death of Lord Wenlock, who was Lieutenant Governor of the Transvaal in 1902-1906, completes the tragedy of four brothers succeeding to the title and dying without sons. The peerage is now extinct. The peer who has just died is the sixth of the line and died on the first anniversary of the death of the fifth lord.  
 Smithson: "How long have you worked in that office?"  
 Greene: "Since they threatened to fire me."

**Ladies' College**  
 Annual Session 1932-33. First term opens September 20  
 A well equipped residential Ladies' College with carefully selected staff.

 Business Courses are provided by the Commercial College with which the Ladies' College is associated.  
 Moderate Fees  
 Write for calendar  
 REV. WM. C. ROSS, B. A. Principal

**Health Services Of Canadian Medical Association**

No one can do without sleep. The amount of sleep required varies greatly, according to the needs of the individual. Rest in bed apart from sleep, allows for recuperation, provided the person is relaxed and calm, and is not disturbed mentally or physically.  
 Sleep is a mystery, in that its cause is not known. The fact that several explanations have been offered is evidence that no one theory is fully satisfactory. What we do appreciate is the fact that during sleep the mental and physical wear resulting from the day's work is repaired, with the result that the morning finds the sleeper refreshed.  
 During sleep the body is relaxed, the rate of breathing is decreased, the heart beats are fewer, blood pressure falls, and there is a general slowing down of body functions. The body is at rest, with the essential functions operating at a rate sufficient for the maintenance of life.  
 Attention used to be directed to the position in which it was thought that one should sleep. It is now known that the ordinary healthy sleeper changes his position quite frequently during the night. It does not matter what position is assumed upon going to sleep, for it will be changed many times during the night.  
 It is a mistake to word hard trying to go to sleep. Many persons suffer from insomnia because they go to bed with a firm conviction that they will not sleep. Their worry about not sleeping is the one thing which, more than any other, keeps them awake. If such people would go to bed in a quiet room, allow the body to relax, and realize that it does not matter whether or not they sleep as long as they rest, they would not need to worry about not sleeping; they would sleep.  
 At this time, attention is directed to the sleeping requirements of school children. During the summer season the regular hour for going to bed is apt to be forgotten, later bed-time is the rule, with extra sleep in the morning. If such is the case, it is important with the opening of school—to get the child back into the old routine. Children require a great deal of sleep, and that means a regular, early bed-time.  
 Sleep cannot be bought. It is just as much the property of the poor as of the rich. Like fresh air and sunshine, sleep and rest are requisites of good health, and may be had for the taking. Health is largely the product of our habits of life. One good, healthful habit is to secure sufficient rest.  
 Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.  
 Douglas' Egyptian Liniment is remarkable in its quick, effective action. Relieves instantly sprains, toothache and neuralgia. Invaluable for sore throat, croup and quinsy.

Residential accommodation for six hundred. Well trained faculties and adequate equipment for the wide range of subjects taught  
 Situated in Sackville, New Brunswick, at the centre of the Maritime Provinces
