CAHILL CASE CONTINUED IN SUPREME COURT

At the opening of the Supreme Court at Summerside yesterday, Mr. Justice Saunders presiding, the evidence of the Crown witnesses in the Cahill trial was continued.

William Arsenault was the first witness and gave evidence that he saw a car pass his place on Second Street shortly before the accident and recognized it as Cahill's car.

Miss Evelyn Perry gave evidence that she was on Mrs. Aitken's doorsteps when she saw the car on September 5th and saw Cahill's car pass east and west and then go into Grady's yard.

Butter held unchanged at 21 1/2 to 21 3/4 cents a pound for carlots or less of 100 lbs. Receipts were 1,124 cases.

Potatoes held steady, New Brunswick or Prince Edward Island green mountains, per 90 pound bag, selling at 80 cents and Prince Edward Island green mountains, per 90 pound bag, at \$1.00.

Cheese remained at 9 1/2 to 9 3/4 cents a pound for receipts of Ontario colport Ontario white, Ontario early season make was quoted at 10 1/2 to 11 cents a pound. Receipts were 10 boxes.

This closed the case for the prosecution.

Mr. L. G. Lewis then outlined the case for the defense.

The prisoner then went on the stand for his own defense, and stated that he was a professional hockey player and since 1925 had played for the Boston Bruins at Boston and later at New Haven, Conn., Philadelphia and later at Buffalo and then returned to the Island.

Some years ago he had played with the Crystal Hockey team and would have played with the Western Canada Loop this season but could not on account of this trial.

On September 5th, he worked all day and at noon had a mouthful of rum at his father's place, it did not have very much effect on him.

He worked until 5 o'clock and went home to supper, and returned to the filling station at six o'clock. Theodore Perry went to his supper in my car. Perry got back about 7:40 and I drove my car to the Post Office and was returning to the filling station when the accident happened.

When about opposite Sampson Grady's store, I saw a car coming towards me, it had very bright lights and they blinded me, I could not see where I was going. I kept looking toward the ditch. Just as the car was abreast of me, I noticed a horse and wagon in front of me, I could not pull out to avoid it on account of the car so I thought I

was in a fair condition, brakes fair, I never used emergency brake. Do not know what an emergency brake is like, foot brakes fair.

In answer to question, did you reply to Frank Aitken's remarks, prisoner said "I told him I would make him prove it."

Counsel said, "then your statement this morning was not correct that you did not take any notice of him."

Reply: "I told him I would make him prove whether I was crazy or not."

Further cross examined prisoner said he did not know why he did not take the injured man in his own car to the hospital. He admitted his car had been searched for liquor by the police twice that summer.

Question: "How do you account for Bob Grady being at the scene of the accident and picking the man up before you got there?"

Answer: "I don't know."

Question: "What were you doing?"

Answer: "I was talking to Frank Aitken."

Question: "Was there anything else wrong with your car, no other marks?"

Answer: "I don't think so. I was sure windshield was down. There was no glass in windshield."

Further cross examined witness admitted the radiator was broken in an accident last summer at the west end of Water Street when he ran into a telephone pole. Prisoner stated that he guessed you could see quite a distance along water street from filling station but did not remember seeing the wagon nor when he saw car first. Only saw wagon when I hit it, no man or horse. The men were behind my car when I got out. I did not see the remains of the wagon. Witness was on the stand almost two hours.

could clear it if I pulled into the ditch. I struck the rear of the wagon. It all happened in a second. I did not have time to do anything. I got out of the left of the car and went over to the ditch. I noticed two men. I heard a man saying, "Look what you done with your fast driving." I took no notice of him and kept on walking. I told the men to rush the injured man to the hospital. Afterwards I got Fred Blaquiere to drive me to the Mounted Police Office. On our way we stopped at my father's place and I had a drink of rum. I got the rum from the garage. I told the officer what had happened and he went with me to the scene of the accident. We then got Officer White of the Town Police, and went out again to the scene and later to the hospital. They told me the man would be alright, and I said "That was great." We then drove to the jail. Officer White said he was going to arrest me, I said, "why arrest me, I will appear in the morning." White replied, "No, I am going to arrest you now." I then said, "I don't think all three of you could arrest me if I did not want to go in," and I walked into the jail.

The Court took recess. Cahill was cross-examined at the opening of the afternoon session.

Afternoon Session

The greater part of the afternoon session was taken up with the cross examination of Charles Cahill, the prisoner. As in the morning the court room was crowded, every available space being taken up. Mr. Lowther conducted the cross examination. In answer to question witness stated that he had driven in and out to his filling station along that road several times a day since June. There is quite a bit of traffic, it is a good wide road. He did not recall having any conversation with the Mounted Police officer, or making any statement, but he did not deny it. Did not remember saying he had started drinking again that day.

In answer to question, who got bottle of liquor prisoner replied, "I did."

Question: "Did you buy it?"

Answer: "I did not buy it, I found it."

Car was in fair condition, brakes fair, I never used emergency brake. Do not know what an emergency brake is like, foot brakes fair.

In answer to question, did you reply to Frank Aitken's remarks, prisoner said "I told him I would make him prove it."

Counsel said, "then your statement this morning was not correct that you did not take any notice of him."

Further cross examined witness admitted the radiator was broken in an accident last summer at the west end of Water Street when he ran into a telephone pole. Prisoner stated that he guessed you could see quite a distance along water street from filling station but did not remember seeing the wagon nor when he saw car first. Only saw wagon when I hit it, no man or horse. The men were behind my car when I got out. I did not see the remains of the wagon. Witness was on the stand almost two hours.

Harry Schurman, farmer, of New Annap, was the second witness for defense, and told how, about eight o'clock on the night of Sept. 5th, he was on Bob Grady's lawn, when he heard a crash. He ran with Ramsay and Grady, who were with him, in the direction of the noise and found a man lying in the gutter. Did not see anyone round. Found horse west of man.

Cross examined witness said, the shafts and front wheel were with the horse, did not notice any other part of wagon. Did not see prisoner at first.

Question: "You were in the vicinity of injured man before prisoner?"

Answer: "Yes, I guess I was."

Question: "And you ran all the way from Grady's house as fast as you could and were there before prisoner?"

Answer: "Yes."

Court adjourned until this morning at 10:30. S.

way from Grady's house as fast as you could and were there before prisoner?"

AGE-OLD QUESTION ANSWERED

(Continued from Page 1)

and generosity and devotion exist, and you know that they abound and give your life its highest beauty and joy. Alas! how dreary would be the world if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

"Not believe in Santa Claus! You might as well not believe in fairies! You might get your papa to hire men to watch in the chimneys on Christmas eve to catch Santa Claus but even if they did not see Santa Claus, coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are unseen and unseeable in the world.

"You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, or even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view and picture the supernatural beauty and glory beyond. It is all real! Ah, Virginia, in all this world there is nothing else real and abiding."

"No Santa Claus! Thank God! He lives, and he lives forever. A thousand years from now, Virginia, may, ten thousand years from now, he will continue to make glad the heart of childhood."

Santa Claus has a stupendous task on his hands this year, and if his friends do not help him there will be broken hearts among the children on Christmas morning. To prevent such an occurrence the clergy-men of the various congregations to send to this office the names, addresses and ages of children whom Santa Claus might overlook. Readers are asked to do their part by sending in their contribution of candy, fruit and toys to The
