The second Abbie-Vic match in the P. E. I. Bowling League will be rolled off in the Arena alleys tonight. There will be no change as far as is known in either team.

Ticket holders in costume will be admitted free to the Masquerade in the Arena this evening. Skaters, not ticket holders, 25 cents. Promenaders 15 cents. Children 10 cents.

The outward freight by the Minto this morning will be on car of oats, one car dressed hogs and six cars of mixed freight. There was no freight carried on the Minto from Pictou to Georgetown yesterday.

Last evening a number of the vocal and instrumental talent of this City left for Pownal to participate in a concert held in Pownal last evening. Included in the party were: D. Edgar Shaw, Parker Hooper, Ronald Kaye, Heber Sellar and Percy Stanley. A number of ladies were also to go. After the concert Mr. and Mrs. Judson, Pownal entertained those taking part and a most enjoyable time was spent.

In another column the wedding is announced of Miss Lulu Murdock, daughter of David Murdock, Beaton's Mills, to Watson J. Higgins, City, which took place in this City on February 1st. The wedding was a quiet one, the ceremony being performed by Rev. Daniel McLean. Many friends of the young couple will wish them a long and happy journey through life and the Guardian also extends best wishes.

Last evening while a party from the country was driving in a light sleigh around Hughes' Corner the sleigh slewed and threw the driver out. He was dragged a short distance and in being thrown out was stunned. In this condition he was carried into Hughes' Drugstore and after prompt "first-aid" methods towards resuscitation had been rendered the injured man regained consciousness. Beyond a few bruises and cuts he was uninjured.

There died suddenly at Hopedale on Jan. 23rd, Malcolm Nicholson, Jr., in the thirty-fourth year of his age. Though for some years he had been subject to attacks of paralysis, yet his death came as a shock to his family. Going about his work as usual he suffered one of those fainting attacks from which he never rallied, but died within a few hours. But though death came hastily yet it did not find him unprepared as his better trust was in the Lamb of God that taketh away the sins of the world. Much sympathy is felt for the parents as they have been called upon to mourn the loss of two other sons within the past three years. He leave to mourn besides his parents three brothers and three sisters, a sister and brother at home and the others in the United States.

A Guardian representative visited the Hippodrome in New York, recently, and has forwarded a copy of the program which in itself is most entertaining, contains the music and words of some of the songs heard, and is a valuable souvenir. It also gives large, clear photos of several of the finest groupings in the different scenes so cleverly enacted. The Ballet of the Niagara, in two tableaux written and produced by R. H. Burnside, and described some days ago in The Guardian, was a magnificent showing and the reproductions of the Falls were as near the real thing as a person could make, says the writer who is quite familiar with the original falls. The Earthquake, a spectacular melodrama in five scenes, was beautiful, especially the rescue of the Asiatic Indian maiden by her lover. The war act was thrilling, and also the scene of the Temple of the Moon when Myriads of girls came out of the water and apparently soared with angel wings on high. It was wonderful and so real one wondered if they really belonged to the present world. Spellman's Trained Bears and the entire circus program was a marvel of cleverness, and the trained animals did innumerable stunts too many to enumerate. The special musical numbers were unsurpassed as the Hippodrome is famous for its music. Provincialists who visit New York should not fail to take in this popular theatre.

W. J. Sigsworth, ferryman, Newport, has returned to his home after a short visit to this city.

There will be a carnival on the Star Rink, Pownal, this, Tuesday evening, weather permitting. If not on the first fine night following. No admission.

G. L. Cohoon, who has been in the city on a business trip and is now doing the province last night was a passenger on the mail special to Georgetown and will visit the larger towns in King's County.

A bowling league is to be formed among the business men. Several of the different shops have agreed to put in teams. The equipment is now in better shape than ever, and every man should be able to find a ball which will suit his hand.

Yesterday, the Murray Harbor, Souris, and Cape Traverse trains arrived here on time. The Tignish train was one hour and fifteen minutes late owing to heavy freight and the western freight train was five minutes late.

The show at the People's Theatre last evening was one of the very best. The People's has ever put on. The evening was marked by the first appearance of "Mark" Sawyer in the double capacity illustrated song singer and comedian. He sang an old song, "What Will Your Answer Be," and a sweeter, truer voice has never filled the same hall, wherein many good voices have been heard. He possesses a powerful, full voice, capable of unlimited expression, easily going from the tenacity of Pathos to the unbounded freedom of unlimited laughter, as was evinced by his comedy specialty, "The Travelling Man." Special mention must be made of the vitagraph photo play, "The Colour Sergeant's Horse," a real British subject with the Union Jack stolen by the Soudanese and rescued by the colour sergeant's horse. The Little Prospector and Aeroplanes in the Process of Construction and The Aviator's Craze were all splendid, while Miss Kelly's music was a treat in itself.

The regular monthly meeting of the City School Board was held last evening at 7.30. The teachers' report showed the enrolment for the past month to be 1019; the average attendance 867; the percentage 86.48; number of cases of tardiness 286; number of truants 1; cases of corporal punishment 15; below average in grading 77. The highest percentage made was 98, while eleven teachers had over 90. Two teachers reported one case of tardiness each while the average in the three city schools was 95. The following resolution was unanimously adopted:—Resolved, that the thanks of the School Board of the City of Charlottetown be tendered George Handrahan for a portrait of his father, the late Thos. Handrahan, Esquire, who was one of the first three trustees appointed by the City Council to this Board, and who continued in office from that time until his death, just one year ago. Further resolved, that the portrait be accepted and hung on the wall of the School Board chambers in Queen Square Building; and also that this resolution be engrossed on the minutes and a copy be sent to George Handrahan. After discussing requirements of the schools preparatory to submitting estimates and passing some bills, the meeting adjourned.

**UNIONIST PAPERS URGE REFORM AND IMPERIAL PREFERENCE**

LONDON, Feb 3.—The Unionist press has completely abandoned the discussion of the veto bill and the house of lords, and has taken up the reciprocity treaty as the most live issue of the hour. The Unionist editorials declare that tariff reform and imperial preference are more urgent than ever.

Interviews on the question are sought with all the prominent men. The Canadian financier, W. M. Ait-

ken, expresses the view that the United States has been so wasteful of its natural resources that it is compelled to look to Canada's untapped resources to prevent impending disaster.

The Standard in an editorial, says:—"Canada is mistress of the situation—agreement or no agreement—yet. The Canadian ministers have allowed themselves to be hypnotised by the brilliance of the American offer, and have fallen into the trap of Taft so carefully laid."

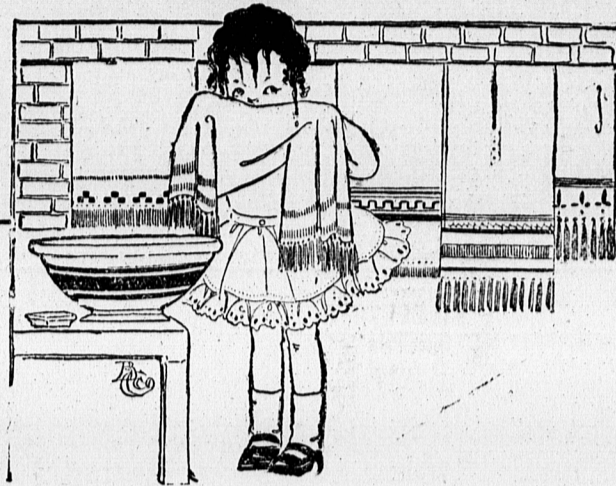

The Daily Telegraph declares that there is still time for the mother country to act to bring Canada into

a wide scheme of imperial preference. "The choice," says the Telegraph, "is between keeping and losing Canada, between saving the empire and allowing it to drift into dissolution. The possibilities of imperial preference in connection with the United States are wider than ever. The whole question, if we are wise, may be placed by future Unionist negotiation with Washington and Ottawa upon a bigger and more practical basis. To the double purpose of imperial union and Anglo-American friendship the present reciprocity project will be no obstacle, but a strong help."
