THREE TRYING TIMES IN A WOMAN'S LIFE

There are three periods of a woman's life when she is in need of the heart strengthening, nerve toning, blood enriching action of

MILBURN'S HEART AND NERVE PILLS

The first of these is when the young girl is entering the portals of womanhood. At this time she is very often pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption or be a weak woman for life.

The second period is motherhood. The drain on the system is great and the exhausted nerve force and depleted blood require replenishing. Milburn's Heart and Nerve Pills supply the elements needed to do this.

The third period is "change of life" and this is the period when she is most liable to heart and nerve troubles.

A tremendous change is taking place in the system, and it is at this time many chronic diseases manifest themselves. Fortify the heart and nerve system by the use of Milburn's Heart and Nerve Pills and thus tide over this dangerous period. Mrs. James King, Cornwall, Ont., writes: "I have been troubled very much with heart trouble—the cause being to a great extent due to "change of life." I have been taking Milburn's Heart and Nerve Pills for some time, and mean to continue doing so, for I can truthfully say they are the best remedy I have ever used for building up the system. You are at liberty to use this statement for the benefit of other sufferers."

Six Months in "2 in 1."

A Consulting Chemist Makes a Novel Experiment. An Unsolicited Letter that Explains Itself.

"I write to state that on account of your "2 in 1" Shoe Polish being criticised, and the charge made that it injured leather, I made this test as follows:

I mixed the contents of a box of "2 in 1" Shoe Polish, bought at a retail store from regular stock, with four ounces of water and into this mixture put a kid glove, and left the said glove in the mixture in a bottle from June 15th to December 15th, 1905—a full six months. I then took the glove out, washed it and examined it. The fine leather of the glove was not affected in the least. It was as pliable and soft as when new, and was not altered in condition, nor were the stitches affected in any way. This test, I consider, proves that "2 in 1" does not injure the finest leather.

I hereby state that these facts are correct and true.

J. M. WILLIAMS, Consulting Chemist,
Hamilton, Dec. 15th, 1905.

BURIED TREASURES OF DEAD KINGS

The Finds That May Some Day Reward Lucky Discoverers--The Story of the Royal Regalia of Scotland-- A Most Romantic Story That Has Oft Been Told

EDINBURG, April 30.—It would be highly interesting and romantic if, after all the centuries which have elapsed, King John's treasure should now be discovered. Not long ago they ploughed up in an Irish field the regalia of some dead king of savage days; why not, then, the treasure of the king from whom the charter was wrung? Quite as strange things have happened. The Koh-i-Nur was lost for six weeks, and turned up in an old cigar-box; the English crown jewels have been stolen, and sixty years ago were only saved from total destruction by fire, by the heroism of a little band of police and firemen at the Tower. They hauled up the Great Seal in a fisherman's net from the Thames, and a treasure hunt or two at the Tower and Westminster Abbey may have been attended by more profitable result than those participating were prepared to admit.

Who does not know the romatic story of the royal regalia of Scotland? It would make the fortune of a novel or drama. When in the troubled days of the Stuart dynasty, it was feared that the advance of the English army into Scotland would be followed by the seizure of the Scottish regalia, the latter was secretly carried to Dunottar Castle, a strong baronial fortress built upon an insulated rock, projecting into the German Ocean. And there George Ogilvie, a faithful soldier, kept watch and ward over the treasure. The castle was besieged and the garrison repeatedly summoned to surrender. Ogilvie stoutly held out, and made repeated efforts to get his treasure carried oversea. This was rendered impossible, owing to the closeness with which the castle was blockaded. Fate seemed on the side of the big battalions, and the crown jewels destined to fall into the hands of the enemy.

Came a woman to the rescue. Christian Fletcher, wife of the minister of Kineff, obtained permission from the English general to visit the wife of the governor. Her maid accompanied her, and when they came out from the citadel they bore with them the crown, the sword and sceptre, hidden in bundles of material which they said were to be spun into thread. The English general himself helped the lady to her horse as she rode away from the castle, he little suspecting what her bundle contained. When eventually the castle surrendered, it was represented that the regalia had been smuggled away to the Continent. Imprisonment and torture of the persons implicated failed to extort a variation of this story. As a fact, the treasures had been buried beneath the pulpit of Kineff Church, and there lay concealed until the Restoration. Afterwards they were locked up in a great chest in the crown room of Edinburgh Castle and lost for over a century. The story of their reappearance Scott has made well known.—'St. James's Gazette.'

Any Boys?

If there are boys in the house, or girls either, then croup, coughs, catarrh, bronchitis, and sore throat are sure to be there, too, sooner or later. Don't crowd their stomachs with medicine, just have them breathe-in the vapor of Vapo-Cresolene; they'll like it, and it will give immediate relief. In this way you put the medicine right on the place that needs it. For whooping-cough it's the perfect cure.

Vapo-Cresolene is sold by druggists, or sent express prepaid on receipt of price. A Vapo-Cresolene outfit including a bottle of Cresolene, complete $1.50. Send for free illustrated booklet. LEEMING, MILES Co., Ltd., Agents, 288 St. James Street, Montreal, Can.

NEW MILITARY POSTAGE STAMPS

LONDON, April 30. The latest new postage stamps are said to be a decided novelty. Issued in Italy, they are reserved for franking the correspondence of the non-commissioned officers and men of the Italian army. There are different stamps for various corps and regiments, and consequently a large number of designs. For instance, on the stamp assigned to one regiment is the portrait of its colonel, on another a representation of a court-martial, and on others views of the cities where particular corps are stationed; while on the stamp specially reserved for the Bersaglieri appear a few notes of music—those of the first bar of the famous refrain. None of these stamps will be offered for sale by the authorities, nor should they be sold by soldiers, and collectors will doubtless experience some difficulty in obtaining unused specimens.

A CHINAMAN'S CLEVER REMARK

LONDON, April 30.—When the eminent Wu Ting-fang was Chinese Minister at Washington he was the guest of honor at one of the leading clubs, where he made an address, and he was afterwards entertained by some of the younger members, who thought it would be great fun to get the Oriental diplomat intoxicated. They plied him with champagne, highballs and beer until about three a. m., by which time most of the clubmen were maudlin. Cool as a cucumber, Mr. Wu surveyed the crowd and said gravely in his perfect English: 'If I didn't know this club was composed entirely of gentlemen I should say that you fellows were trying to get me drunk.' The session adjourned very shortly thereafter.

WHAT CAUSES HEADACHES?

Blood Poisoning, Always!

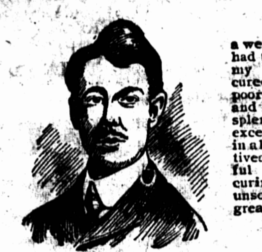
The blood is poisoned by retained tissue waste, due to defective action of the bowels, kidneys or skin. The tissue waste, or dead cells, circulating in the blood, irritates the nerves and brain, and headaches and neuralgia are bound to arise. Headache powders and opiates of any kind do harm, by aiding the retention of the blood poison in the system. To cure headaches, purify the blood by opening the bowels, and by stimulating the kidneys and skin to increased action.

Testimonial of Mr. Bert. Cornell, Taylorville, Ont.

Chronic Headaches Cured by Fruit-a-tives

To Fruit-a-tives Limited.
OTTAWA, Ont.

"I was a sufferer from fearful headaches for over two years, sometimes they were so bad I was unable to work for days at a time. I took all kinds of medicines, was treated by physicians, and yet the headaches persisted. A short time ago I was advised to try "Fruit-a-tives" and I did so with, I must confess, very little faith, but after I had taken them for three days my headaches were easier and in



a week they left me. After I had taken a box of the tablets my headaches were quite cured. My appetite was also poor and my stomach was bad and now my appetite is splendid and my digestion is excellent. I have been taken in all three boxes of "Fruit-a-tives," am exceedingly grateful to "Fruit-a-tives" for curing me and I give this unsolicited testimonial with great pleasure.

(Sgd.) BERT. CORNELL.

"Fruit-a-tives" cure headaches and neuralgia because they purify the blood by their splendid action on the liver, kidneys, bowels and skin, and thus remove all poisonous material from the system.

With these eliminating organs all active and working as nature intends them to work, there can be no poisons in the blood, and there can be no headaches or neuralgia.

A week's treatment will PROVE how thoroughly and quickly "Fruit-a-tives" cure.

50c. a box or 6 boxes for $2.50. Sent prepaid on receipt of price if your druggist does not handle them.

JAPAN SYSTEM OF OVERSEEING

LONDON, April 30—By night or by day, whenever an order is in course of execution for the Japanese Government, there in the workshop is the representative of Japan, supervising, testing, rejecting all that is not above the slighest suspicion of defect or flaw. When relieved by his colleagues he does not rush out like a schoolboy from school, as if relieved from an irksome task. The twain observe together until the new-comer has picked up the threads and can apply himself as minutely as his predecessor to the details of the business. Indefatigable and incorruptible, working heart and mind for the honor of Japan, these watch dogs of the Mikado have contributed overwhelming triumph of their country, Bushido and business aptitude are an unconquerable combination.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. Mr. Massey relates his experience for the benefit of others who may be similarly afflicted. If troubled with sciatica or rheumatism why not try a 25 cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.
