BLATCHFORD'S CALF MEAL

The thrifty farmer raises Calves cheaply and successfully with little or no milk by using BLATCHFORDS' CALF MEAL

"We are satisfied the calves can be raised successfully on Blatchford's Calf Meal and water."—Aug. Paulson, New Holstein, Wis.
"The feed furnished for this experiment was very pure, palatable and nourishing." Enclosed is a photograph of the calves which certainly appear to have appreciated the appetizing feed you supplied.—A. A. Brigham, P.H.D., Rhode Island Agricultural Experiment Station, Kingston, R. I.
"We have indications of some very good results from feeding Blatchford's Calf Meal."—J. J. Edgerton, B.S.A., Iowa Agricultural Experiment Station, Ames, Ia.
"It is very good for preventing scouring. I fed it to 17 calves last spring and shall feed it more. There is nothing else you can feed that will make calves grow so fast."—Frank J. Goodemote, Franklinville, N. Y.

ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everywhere.

CITY Schools reopen this morning.

THE tide will be high this afternoon at 2.08, and tomorrow morning at 3.04.

ON Thursday evening of next week a literary and musical entertainment will be given in St. Peter's Schoolroom.

DANIEL McLaren, custom tailor, accompanied by his wife and son Master Lee leave by the Halifax tomorrow on a two weeks visit to friends in Boston. Mr. McLaren intends making his trip one of business combined with pleasure.

It is pleasing to know that the injuries to J. D. Seaman's hand, caused by the discharge of a gun he was unloading, are not as serious as at first thought. He will have the use of all his fingers but one will be somewhat deformed.

AT the Police Court yesterday Daniel McNeill was fined $4 or 15 days. Cases against James and John Power and James Prowse were further adjourned for a week. Mrs. Mary McEwen and her daughter Catherine McEwen, Euston Street East for using abusive language had their case postponed till Saturday next.

HALPENNY is still without his vaulting pole lost en route to St. Louis. The pole it will be remembered was located at Detroit on the way home from the Fair and arrangements were made for transmitting it direct to Halifax where it was expected that Mr. Halpenny would get it when he went over to compete in the Maritime Championships. At Halifax however no pole had arrived and it was arranged that it should be expressed to Charlottetown at once. It has not yet arrived but may do so in the course of a few days.

AMONG those leaving the city yesterday were Miss Annie Mellish on a three weeks trip to Montreal and Toronto; W. C. Harris, architect to Halifax; J. Harry Williams accountant of the Light & Power Co on a trip to Montreal; Fred S. McLeod to Fredericton where he enters second year engineering in the University of N. B; Robert Harris C. M. G. and Mrs. Harris on return to Montreal accompanied by his sister Miss Harris who has a year's leave of absence from Prince Street School.

MOVING Pictures, even though second-rate, are always interesting and attractive, and rarely fail to draw good crowds; but the success of thoroughly up-to-date pictures of this kind is a foregone conclusion. The American Vitagraph Co., of New York, are the largest manufacturers of films in the world. Their performances throughout the country are merely a sideline of their immense manufacturing business. Naturally, therefore, they stand in an altogether unique position to display, not only the latest but largest selections of pictures. The operations of this Company are world-wide. At the present moment an eminent War Correspondent is taking photographs at the front in the Far East for them and "Collier's Weekly." Thus, visitors to the Exhibition, St. John, N. B. 17th to 24th September, may sit in the Amusement Hall and see actual battle scenes precisely as they were registered by the unerring camera at the scene of action, and herein we have one of the triumphs of science.

Our Compound Syrup of Hypophosphites.—This preparation leads them all when it comes to toning up the nerves, and giving strength and energy to the body. It never fails to give benefit in the worst cases of nervous debility—Try it and be convinced. Only 75c bottle. A. W. Reddin, Phem. B. Central Drugstore.

TOO UGLY FOR BOBBY.

Marjorie—Bobby doesn't like the new baby.

Caller—Why not?

Marjorie—He heard somebody say that it looked like him.

Good fresh stock just received, including, mixed pickling spices essence of vinegar, turmeric whole peppers, etc, etc. Try us for these articles.—A. W. Reddin Phem. B. Central Drug store.

HUMAN BODY HAS ITS EQUINOXIAL STORMS

In its March from the Cradle to the Grave the Body Has its Periods of Change Which are Associated With Alarming Disturbances.

There are two great periods in men's lives. About forty-five every man realizes that some new condition has arisen, and if this time is happily passed about sixty the health barometer takes another dip and storms of great import cloud the horizon of life.

These storms must be met, and wise people will fortify the resisting power of the body by Ferrozone, which builds up bodily strength, renews the blood, strengthens the heart and vital organs. New tissues are formed by Ferrozone, which enables the body to resist disease and prevent the organic changes so likely to supervene at this critical time.

No matter what the age or sex of the individual, as a nerve builder, a brain strengthener and general body invigorator, Ferrozone is the best medicine. It pushes back the feeling and appearance of old age, and puts the elasticity and vim of youth into systems that ordinary remedies fail to rebuild. This is not mere theory, but a claim that is reinforced by overwhelming evidence of the honest merit of Ferrozone.

Unlike oily emulsions, and alcoholic bitters which are no longer prescribed by intelligent physicians Ferrozone contains the latest and best strengthening elements in tablet form. Its quality therefore is uniform, its dose is small, just one tablet at meal time. You can't fail to be greatly benefited by Ferrozone, which is sold at druggists, price 50c per box or six boxes for $2.50. Insist on having only Ferrozone. Refuse all substitutes. By mail from N. C. Polson, Kingston, Ont., and Hartford, Conn., U. S. A.

BEST by TEST

IMPORTED QUADRUPLE COATED
STRANSKY-STEEL WARE

is guaranteed to be better than any other enameled ware made in this or any other country.
Imitations are made of soft enamel which soon turns black.

Stansky-Steel Ware Lasts for Years.

The extra hard white is a secret process, ensuring permanent whiteness of the enamel.
A little higher in price, but one piece will outlast several pieces of other makes.
Cheapest when durability is considered.
