ARE PAINFUL AND UNSIGHTLY.

Among the most prevalent are Salt Rheum, Eczema, Tetter, Rash, Boils, Pimples and Itching Skin Eruptions. These troubles always arise from the blood being in a bad condition and it is absolutely impossible to eradicate them from the system unless you put your blood into good shape. This you can do without the slightest trouble by using Burdock Blood Bitters. It drives out all the humor from the blood, and makes it pure and rich. Thousands of people have used it during the last thirty-five years and have been cured. Mr. Robert Gamble, Jones Falls, Ont., says: "I write with the greatest of pleasure to recommend your great blood purifier, Burdock Blood Bitters. My wife and I had itching sores on our face and ears, and tried everything to help them, but found no relief. We saw your B.B.B. advertised and got a bottle, and before it was half gone we both were getting better, and when it was all gone we were cured." Burdock Blood Bitters is manufactured only by The T. Miburn Co., Limited, Toronto, Ont.

REBUILDING CATHEDRAL.—Arrangements have been made with the John S. Metcalfe Co. of Montreal, Chicago and Manchester, England, to reconstruct St. Dunstan's Cathedral. It is expected that the work may be so far advanced as to permit the use of the basement by the first of December next.

MILTON.—At Milton Hall on Saturday afternoon, a second meeting was held in connection with Women's Institutes. The supervisor, who was present, assisted in organization and the following officers were elected for the Milton Woman's Institute:—President—Mrs. George Hooper; Vice-president—Mrs. S. Trivett, Mrs. A. Holroyd, Mrs. Charles Mackenzie, Mrs. J. S. Morris, Mrs. Pierce. Secy-treas—Miss Etta Coles. It was decided to hold monthly meetings, the first to be held on Monday, July 7th, at three p. m. in the Hall, when the subject of Canning of Fruits is to be discussed. After the election of officers some ideas were exchanged in the different methods of the preservation of fruit, and a good deal of information was gained, after which the meeting adjourned.

(From Yesterday's Evening Guardian) **THE SWANSEA TRADER.**—The S. S. Swansea Trader leaves Halifax this morning for Charlottetown.

THE CITY OF SYDNEY.—The S. S. City of Sydney arrived in Charlottetown yesterday at noon from Montreal with 74 passengers on board, and a large cargo of general freight. She sailed at an early hour this morning with a cargo consisting of 500 bags of oats, 1200 bags of potatoes, 84 bales of hay, 50 head of cattle, a quantity of eggs, butter, cheese, etc.

MARSHFIELD.—At the regular monthly meeting of the Marshfield Women's Institute at the home of Mrs. H. Boswall, June 5th, a very profitable and pleasant afternoon was spent. After discussing matters of interest to the members and an exchange of cookie receipts, dainty refreshments were served. At the next Dr. McDonald will give a short address. The supervisor is also expected to be present.

PHOTO GROUPS.—The show case of Mr. J. A. S. Bayer, Charlottetown, is at present attracting considerable attention. In it is a picture of the Graduating Class of Prince of Wales College and also the executive of the Debating Society of that institution, while the Zion Church Basketball team is to be seen done up most artistically. The case also contains a number of photos of the graduates of both St. Dunstons and Prince of Wales College.

NEW GLASGOW.—On Friday afternoon the New Glasgow Women's Institute met in the hall, with the President, Miss J. Moffatt in the chair. After a few helpful suggestions for Institute meetings were given, the supervisor explained the process of canning fruits and vegetables in glass jars. By the many questions asked and the discussion which arose a great deal of useful information was gained. The exchange of ideas on the methods of preserving different fruits was also very instructive. A new and pleasing feature of this meeting was the music introduced, by which means the program was varied and made much brighter. Other Women's Institutes would do well to follow this good example, for there is no doubt that the more interesting and attractive the programs of these meetings are, the more helpful they will be. For the next meeting the members are to bring samples of strawberries they have canned and compare notes as to their experiences in so doing.
