PATRON SAINTS OF MOTHER COUNTRY

Represented by the Two Red Crosses on the Union Jack.

The red cross of St. Andrew on the Union Jack is the cross which runs from corner to corner, and it is said that St. Andrew was crucified on a cross of this type. The cross which runs from side to side represents the cross of St. George of English tradition who is remembered in popular conception as mounted on a horse and in combat with a dragon. This cross also symbolizes St. Patrick.

With such noble origin it is scarcely any wonder that victory so often perches above this olden banner, and the valiant achievements of the Canadian volunteers across the sea will hold loyal Canadians more closely than ever to the flag of the mother country.

In pace with the nation's warriors winning victories, the nation at home acclaims its praise by displaying the Union Jack from every house-front, mute though eloquent homage to its soldiers.

The problem of supplying flags in great quantities was sorely perplexing after the outbreak of hostilities owing to the absence of imported dye-stuffs, but now the manufacturers are at work again and through special arrangements with the leading dailies of other cities this newspaper made it possible to supply its readers with complete flag outfits of the highest grade, on practically gift conditions.

Thousands of flags have already been distributed and thousands more will be handed out while the allotment lasts. They are easy to secure. Merely clip the coupon appearing on another page of this newspaper and present it together with the small expense amount mentioned in the announcement for this excellent \$4.00 outfit.

These large banners are of a good grade of bunting, carefully dyed in brilliant, lasting colors. The pole is well made and furnished complete with window socket and halyard. The expense barely covers the cost of assembling the outfits and distributing them, there is nothing to buy the outfits being complete in themselves.

HIS RUSE.

"Charlie," said the young mother, "I've decided on a name for baby. We will call her Imogen." Papa was lost in thought for a few moments. He did not like the name, but if he opposed it his wife would have her own way. "That's nice," said he presently. "My first sweetheart was named Imogen, and she will take it as a compliment. We will call her Mary," after my mother," was the stern reply.

CHICAGO MARKETS

(Special to The Guardian)

CHICAGO, May 20.—Chicago wheat No. 2 Red 1.53; No. 2 hard 1.53; Corn No. 2 yellow, .75. Others nominal. Oats No. 3 white 52; A 52½; Standard 52½; A 53. Rye No. 2, 1.16. Barley 73; A 73. Timothy 5.00; A 6.25. Clover, 8.50; A 12.75. Pork 17.85. Lard, 9.62. Ribs, 9.87; A 10.37.

CHICAGO, May 17.—The unfavorable crop report from Kansas, Illinois, Indiana and Ohio indicating a total cut of one hundred million bushels and about fifty millions in the United States. Of this surplus the greater part has already been bought and is being held for European shipment. Since July last upwards of three hundred and fifty millions of bushels have been shipped and the visible supply is much smaller than at this time last year. Corn and oats advanced slightly in sympathy with the wheat.

WINNIPEG, May 17.—Influenced by the rainfall for the past few days in the Canadian West the price started to fall to-day but by noon the reports from the wheat belts in the United States changed the situation and the market closed with wheat 1½c. higher than yesterday. Oats continued to be in good demand and the market advanced another ¼c. The offerings of grain were not equal to the requirements.

TORONTO, May 17.—The reports of crop damage and the enquiry for export advanced the price of wheat 2c. a bushel to-day. There is no change in the market for oats and corn.

MONTREAL, May 17.—There was very little doing in the grain market in Montreal to-day. Oats were in good demand but prices showed no change. There is no change in the condition of the market for baled hay, No. 2 is bringing \$19.00 per ton extra-track.

Hogs: The price of hogs to-day advanced another 25c. per hundred lbs., while dressed hogs advanced from 50 to 75c. The market is strong and a further advance is predicted.

Cattle: At the Montreal Stock Yards a strong feeling has developed in the cattle market and prices advanced another 25c. per 100 lbs. There is a very small supply coming forward while the demand is increasing. The demand from packers and butchers has not been met, and some of the packers were forced to wire to Toronto for car loads to fill their orders. This helped out the Toronto market somewhat and helped to steady the prices there as the receipts to-day at Toronto were very heavy while the trade was somewhat slow.

Eggs: The receipts of eggs to-day were 2,938 cases as compared with 985 cases for the corresponding day a year ago. In Montreal the prices were fairly well maintained, being to the trade 22c. in round lots, while stamped selected stock brought 24c. In Toronto, however, the prices are declining. The increased volume is so great that wholesalers are now buying at from 18 to 19c. and are likely to go still lower.

The potato market has declined. Ontario dealers are offering 35c. per bag of 90 lbs., while Montreal is offering 45c. for the best quality of Green Mountains.

Cheese: The most important feature of the market is the

ture of the market is the unprecedented prices of cheese. Although it is so high that production is likely to be stimulated and consumption curtailed the Old Country merchants show no hesitation in buying. It is probable that Boards were never so bare on both sides of the water as at the present time. On the London Cheese Board to-day the price was 17½c. while selected lots brought 17.11-16. At Kemptville 90 boxes sold at 19c. all the remainder at 18½c.

Butter: The price of butter is following that of cheese. At the Dairy-men's Association at St. Hyacinthe, Que., 200 packages were sold to-day at 30½c. per lb.

WINNIPEG, May 15.—Very heavy rains in the West have brightened the prospects for a big crop of grain. Nevertheless wheat prices were steady today. All grades of oats were in good demand and there was plenty of inquiry for barley. The offers of all kinds of grain were not sufficient to meet the requirements deliveries through the clearing houses today were 58,000 bushels of wheat, 88,000 bushels of oats and 20,000 of barley.

TORONTO, May 15.—Grain quotations by local dealers showed no change from yesterday's prices.

The Congestion From a bad Cold Loosened up in one Hour

Nerviline Rubbed on at Night You're Well Next Morning.
NERVILINE NEVER FAILS.

When that cold comes, how is it to be cured? This method is simplicity itself. Rub the chest and throat vigorously with "Nerviline." Rub it in good and deep. Lots of rubbing can't do no harm. Then put some Nerviline in the water and use it as a gargle; this will ease the cough, cut out the phlegm, assist in breaking up the cold, quickly.

There is no telling how quickly Nerviline breaks up a hard racking cough, eases a tight chest, relieves a pleuritic pain. Why, there isn't another liniment with half the power, the penetrative qualities, the honest merit that has made Nerviline the most popular American household liniment.

A large 50c bottle of Nerviline cures 99 out of 100 cases of colds, coughs, sore throats, and all the ailments of the upper respiratory tract. Get it today. The large size is more economical than the 25c trial size. Sold by dealers everywhere, or direct from the Cattaraugus Co., Kingston, Canada.
