The Canadian evangelists Crossley and Hunter, closed the eighteenth year in evangelistic work last Tuesday. During the year, since last September, they have conducted ten campaigns in Canada and Uncle Sam's domains, namely, in Grand Valley, Hensall, Sault Ste Marie, Mich., Wallaceburg, New York, Wheeling, Toronto, Belleville, Trenton and Aylmer. The year has been very successful in seeing thousands enlist in the "good warfare." Crossley and Hunter are not only wedded to their work, but are manifestly joyful like David and Jonathan, by indissoluble ties of friendship, fellowship and faith. This is certainly one of the secrets of their continued success. There were inducements from across the sea to have them go to England for this fall and winter, but they have decided to postpone their visit there for another year. They go this week to their Muskoka home for a few weeks needed rest and recuperation. Their post office while there will be Beamsville, Ontario.

AFTER three years residence in Souris, Rev. S. H. Rice preached his farewell sermon on Sabbath evening last from Samuel 13th chapter, 23rd and 24th verses—"God forbid that I should sin against the Lord in ceasing to pray for you; but I will teach you the good and right way." The church was crowded to excess and a number could not find admission as the other Protestant churches in the town kindly gave up their services. The choir rendered sweet music concluding with "God be With us Till We Meet Again." At the close of the social service on Tuesday evening C. C. Carleton on behalf of the choir and congregation read a touching and beautifully worded address to Miss Rice thanking her for her services as organist of the past year and presented her with a handsome purse containing a number of gold pieces. Mr. Rice and family leave Souris with the respect and esteem of the community at large. On Thursday morning when leaving Vernon River a large gathering of people were at the Railway Station to bid them "Good Bye". Mr. Rice's successor is Rev. E. Bell who has formerly labored on different parts of P. E. Island.
