**ANOTHER FIRE.**—Small fires are getting to be an almost daily occurrence in Charlottetown. The firemen were again called out yesterday morning at 9.40 for a fire at the residence of Mrs. Huestis, Elm Avenue. An exposure of about ten feet on the roof was scorched. A spark from the fire

**SUCCESSFUL ISLAND STUDENT.**—As a result of the examinations at Queen's Medical College, twenty-six students have been granted the degree of M. D. The faculty prize of \$25 for the highest marks on the examinations of the fourth year was awarded to Daniel Nicholson of Commercial Cross, P. E. I.

**RUMORS CONTRADICTED.**—A rumor is abroad in some sections of the Province that all matches and playing cards in the hands of merchants, dealers, grocers and others have to be stamped at once. This is entirely wrong. The act, so far, refers only to matches and playing cards—imported through the customs, and goods manufactured by the manufacturer.

**A CASTARDLY ACT.**—A cow belonging to Mr. Joseph Boisner, North River, Lot 32, was shot by some person or persons some days ago. The animal's carcass was found afterwards in the river where it had evidently been placed. Mr. Boisner is offering a reward of \$75 for information that will lead to the arrest and conviction of the perpetrators of the castardly act.

**SUCCESSFUL OPERATION.**—An operation was performed on Prof. S. A. Rockford the well-known horse man and trainer at his residence on the Palmer Road last Saturday, 18th inst., by Dr. Keir, assisted by Dr. McBride, it being a great success. Mr. Rockford having contended with the ailment for the last 25 years, thinks he is back in his old time form. Mr. Rockford was under ether for one hour and feels none the worse of it, and is doing nicely.—H.

**A REGRETTABLE ACCIDENT.**—On Sunday afternoon while the congregation was returning from Church at Tryon an accident occurred which is regrettable. A single team, occupied by a lady and her son, was going quietly along the road from church when they met an auto, owned by one of the residents of the district. The horse just as the auto passed gave a quick jump, completely overturning the carriage and throwing the occupants underneath. The lady had her arm broken and both received a bad shaking up.

**FIRE ALARM.**—A spark from a defective fuse set fire to the roof of the residence of Mr. Richard Cameron, Bradford, on Sunday afternoon and the building would surely have been burned down had it not been for the prompt action of Mr. Martin Kehoe who happened along at the time. Mr. Kehoe, after alarming the inmates and ordering them to bring along water, mounted on the verandah and with a few pails of water dashed the fire out. Although the damage was small it may be said that Mr. Cameron carries no insurance and would have been a heavy loser had not the fire been detected in time.—H.

**OFF TO HALIFAX.**—Mr. William Grant Louson, son of Mr. W. S. Louson, Charlottetown, left yesterday morning for Ives Point Battery, Halifax where he will go into training for a few months preparatory to going overseas. Mr. Louson has been for two years in the Bank of Montreal, Charlottetown and has been one of the most popular members of the staff. Saturday he was presented by his fellow members on the staff with a beautiful gold mounted fountain pen accompanied by their best wishes for his noble step he has taken. On Sunday evening members of St. Paul's Church choir of which he has been a member visited upon him at his home and presented him with a purse of gold. The Guardian joins with his many friends in wishing Mr. Louson the best of luck as a soldier and a safe return.

**MGR. STAGNI REPORTED ILL.**—His Grace Mgr. Stagni, until recently Apostolic Delegate to Canada, and who it will be remembered visited Charlottetown several years ago, is ill in a Chicago hospital, suffering from complications which followed a severe cold. His condition is understood to be serious. The former representative in the Dominion of the Vatican recently left Ottawa for an American port, from which he intended to sail for Rome, but only got as far as Chicago when taken ill.

**THE SANTA MARIA.**—Acting in accordance with orders from the proper authorities and as a precautionary measure in war time a thorough search was made on Saturday afternoon by officers from the patrol boat in port of the Columbus caravel, Santa Maria. The search revealed nothing illegal on board, and the guard placed in charge by the naval vessel was withdrawn. The Santa Maria yesterday morning was towed by the tug Rona from Bruce Stewart & Co's Wharf to Pownal wharf where she is to be pulled up on the flats to receive some repairs to her hull before starting her trip via the Canals to Chicago in command of Captain Smith, who formerly had charge of her for some years when on exhibition in Chicago. The caravel will be taken to her destination by a towboat.

On April 9th, Helen, beloved wife of Mr. Philip Doyle, passed away at her home in Hope River, at the advanced age of 85. The deceased was born in New London, her maiden name being Hanley. She is survived by her husband and one sister, Mrs. Wm. Brennan, of Kinkora, the last of a family of eight children. Mrs. Doyle was well known as a friendly and hospitable neighbor, her home being frequented by travelers and pleasure seekers, who always found in her a hostess who knew the art of making them feel perfectly at home. She was an earnest Christian and a devout member of the Roman Catholic Church and was attended in her last illness by her pastor, Rev. Father Gaudet. The funeral took place on the 11th ult. from St. Ann's Church and was largely attended. The Mass of requiem being sung by Father Gaudet. Her remains were laid to rest in the cemetery adjoining the church. May her soul rest in peace.

The death of Janet Shaw, relict of the late Angus Darrach, at Marshfield on May 18th at the advanced age of 97 years removes one of the links connecting the present generation with the first settlers of the Province. Borne at Brackley Point, Jan. 16th 1822, the eldest of a family of ten, she is survived by three brothers, Duncan of Winstoe, James of Mt. Edward and Archibald of Victoria, B. C.

Throughout her long life she enjoyed comparatively few of the material luxuries of life but she was rich in the friendships which her kindly nature and genial disposition made for her. The warmth of her handclasp added a kindly welcome to old and young alike. At the age of 87 a fall resulted in a broken hip which left her a cripple but she patiently bore her affliction, comforted and sustained by the affection of her adopted son. Retaining the faculties of her mind to the last she came to her grave a full age like as a stock of corn cometh in in his season.

Mr. Andrew Halkett, naturalist of the Department of Agriculture, Ottawa, is registered at the Victoria Hotel. He will start investigation work along the north shore of the island and will remain here until towards the close of the fishing season.

He intends to follow up the work which he has been carrying on in the provinces by the sea, for a number of years back. He will go out with the fishermen in their boats, study the habits of the lobsters, the development of the eggs, the moulting, etc., gathering all possible biological data which will be embodied in a report which he will later submit to the Department. Mr. Halkett is also here on another mission. An educational campaign has been started in the Maritime Provinces, among the packers interested, in the prosecution and preservation of the lobster industry. Mr. Halkett will be one of the speakers at meetings to be held, and will meet here another speaker, Dr. Knight, of Queen's University, Kingston, who is now in New Brunswick, and is coming here shortly. The object of this educational campaign is to stir up the interest of all concerned to ascertain what can best be done to preserve an industry that has gone down in many places. Mr. Halkett was on the island in 1916 when he carried on a biological investigation along the coast from Cape Traverse to West Cape. Mr. Perry, who also takes part in the educational campaign, is expected to arrive on the island soon.

**G.W.V.A. TO CELEBRATE.**—There was a most enthusiastic meeting of the Ladies Auxiliary of the Great War Veterans Association on Saturday evening in the Association's rooms at which there was an exceptionally large attendance of members besides several returned heroes who came to confer with the ladies on the furtherance of their good work. It was decided to have a promenade concert on June 3rd. Different committees were appointed and everyone is planning to make this the event of the season. An interesting feature was the report of the sale of the seat at the Prince Edward, which was so kindly donated by Mr. Gallagher, the popular manager and which resulted in the large sum of \$152.76. After considerable other important business the meeting adjourned until next Friday evening at 8 o'clock when the different committees are to hand in their reports.

**THE MOTOR VEHICLE LAW.**—The Royal Gazette of May 25th, contains a proclamation from His Honor the Lieutenant Governor, to the following effect: "Whereas, doubt exists to the proper interpretation of paragraph (a) of the restrictions regarding the operation of the 'Motor Vehicle Law' on certain roads in this Province on Tuesdays and Fridays as contained in the Proclamation of the Lieutenant Governor, dated the 29th day of April, A. D. 1918. 'And whereas, it is deemed expedient to remove such doubt, I have therefore thought fit by and with the advice and consent of His Majesty's Executive Council of this Province to repeal the aforementioned paragraph (a) and the same is hereby repealed; and I do order and direct that the following paragraph be and the same is hereby substituted in lieu thereof: (a) Excepting upon such roads or highways as were open to Motor Vehicles in the year 1917 on every day of the week, no Motor Vehicle shall be operated on Tuesdays and Fridays upon any public roads or highways in this Province. These restrictions and the restrictions with respect to the hours and days upon which Motor Vehicles may be operated upon the Hillsborough Bridge, shall not apply to Clergymen or Medical Practitioners, or to the Commissioner of Public Works of this Province while in the performance of their professional or official duties, respectively. Provided, however, that none of the persons so mentioned shall operate a Motor Vehicle on said Bridge while any horse or horse and carriage is crossing thereon. Of which all persons concerned are required to take notice and govern themselves accordingly."

**WEDDING BELLS.**—At the Manse Banff, Alberta, May 15 by the Rev. D. A. Haggith, Mr. Edwin Harry Schuler of Banff to Miss Catherine Ailey McFadyen of Edmonton. The bride was attended by Miss B. McPhee of Banff, while Mr. Felton Hampson of Calgary supported the groom. Miss McFadyen is a daughter of Neil D. McFadyen Esq., Churchill.

Many friends will regret to hear of the death of Mrs. Michael Hynes, which occurred at her home in Greenfield on Monday evening the 18th inst. after a very short illness aged 88 years. The deceased whose maiden name was Miss Mary A. Murphy, formerly belonged to Souris West, and was a resident of Greenfield for thirty-seven years, where by her kind and amiable disposition she won the respect of all with whom she came in contact. Besides a sorrowing husband she leaves two sons and one daughter to mourn, viz. Michael C., in Boston, Mass., John J. and Eva at home.

Her funeral, which was largely attended, took place on Wednesday morning to St. Mary's Cemetery, Montague, where the Rev. P. D. Croken, performed the funeral service. The pall-bearers were Arthur Brothers, William Cairns, Patrick Morrison, Daniel O'Halloran, Thomas Dunn, and Wm. McCarron. The Guardian extends sincere sympathy to the family of the deceased.

**FINAL SERVICES AT GRACE CHURCH.**—The closing services in Grace Church on Sunday were very largely attended. The pastor, the Rev. F. H. Littlejohns delivered a most impressive discourse at both services. His subject in the morning was "The Ultimate Test," his text being chosen from the words: "By Their Fruits Ye Shall Know Them." His night topic was "The Christian Benediction." As this was the terminating service of Rev. Mr. Littlejohns' career as pastor here he referred to the happy relations with his congregation during the last four years and expressed regret at the severing of those ties. He referred to the union of the two Methodist bodies now being consummated and spoke of the splendid work which Grace Church though handicapped in regard to equipment had been able to accomplish. He especially emphasized the enlarged opportunities which the united congregations would now have for larger and more effective Christian service. He urged his hearers to loyally support the United Church and hoped and prayed that the union thus consummated would be a great success.
