**THE MORNING GUARDIAN**

FRIDAY, NOVEMBER 21, 1902.

**THE PROPOSED EXEMPTION.**

The Patriot now puts forward the plea that no application was made to the Council for an extension of the five years exemption from taxes granted to the Messrs Rattenbury. There are obvious reasons for this. When the property was assessed last spring, that was an all-sufficient indication of the intentions of the Council. No doubt it was so accepted by the proprietors. When afterwards legal measures were taken by the city to enforce payment of taxes that were not legally assessed the proprietors of the factory naturally stood upon what they considered to be their rights. That under such conditions they did not make application to the hostile Council for an extension of the exemption term is not surprising. It would have been most surprising had they done so.

No amount of sophistry or evasion on the part of The Patriot can shut out of the public mind the bald facts of the case. The last act of the Council toward the founders of the factory was to hale them to the courts to enforce payment of taxes. It was their misfortune to be natives of the city and to have established a new and valuable enterprise! The first act of the Council toward the Dominion Packing Company—the Company being composed of outside men and the enterprise not new—was to resolve in favor of exemption for twenty years! The two transactions stand side by side in the public view. The four Councillors and the Mayor cannot get away from the

**CORNS BETWEEN THE TOES.**

Or the soles of the feet can be cured by a few applications of Putnam's Corn Extractor, which has been successfully used for 30 years. Putnam's is sure, safe and painless, and much better than any substitute.

record, and that record shows a most flagrant discrimination against our own people and in favor of the outsiders whom Premier P ters has stigmatised in words that we will not here repeat.

The present City Council has much to its credit, and we believe is capable of much good work. It is therefore with regret that we have seen them, by the casting vote of the Mayor, placed in so unfavorable a light before the taxpayers. But it is too much to concede that in a matter of such grave consequence the decision of the Mayor shall stand. It was never intended by the Legislature or the people that Mayor Warburton should have the power by his individual fiat to transfer ten thousand dollars from the pockets of the taxpayers to the coffers of the Dominion Packing Company. Let the people be heard from. Give them a chance to speak. If the people are permitted to vote on the question, and a majority of them are found to be of the same way of thinking as the Mayor and one half the Council, that would put the matter in a different light. But this snap verdict by casting vote will otherwise carry very little weight with the Legislature.

The death of Rev. Hugh Price Hughes, of London, removes from life's activities one of the most famous, prominent and useful members of the Methodist body. He was a great preacher, editor of the Methodist Times, was very active in promoting temperance and social purity and held a position of wide influence in the religious world.

Prohibition cases are becoming very frequent in court these days and there is at the same time a gratifying diminution of the drunkenness so apparent on the streets a few weeks ago. We note that two or more witnesses summoned to tell what they know about certain illegal sales, are reported to have left the Island. Report has it that their fare was paid by other interested parties. In the meantime good work is being done, and there is enough yet to do to fully occupy both the prosecutors.

Very general sorrow is expressed in the journals of the day over the death of George Alfred Henty, the prolific writer of books of the better class for boys. Many older readers have also perused them with interest and satisfaction. He was born in 1832, educated at Cambridge and served through the Crimean war. The period covered by his book-writing was from 1868 to 1900. His books have been described as good clean volumes of deeds of daring and adventure, couched in a setting of real history. They inculcated bravery, honor, truthfulness, resource, patriotism and all the manly virtues. Henty recognised the incalculable evil of the dime novel and very successfully endeavored to supply something that would be interesting enough to attract the reading of boys, and that would inspire in them manly and wholesome ideas and aspirations.

The November crop bulletin for Ontario, as remarked by the Toronto Globe, confirms the notion which has hitherto prevailed that the past has been on the whole the best season which the farmers of the Province have had for many years. In fact the average yield of the principal grains was considerably above the average for the past twenty years, as for instance, fall wheat ran 26.8 bushels, compared with 20 for the years 1881-1901; spring wheat, 30, compared with 15.5, oats 42.6, compared with 34.9; rye, 18.5, compared with 16.2, buckwheat, 20.5 compared with 10.3. It is gratifying to know that while generally the crops have been good throughout the other Provinces, Manitoba has had a record breaking harvest and Ontario the best yield of twenty years. This means another year at least of good times in Canada.

To cure a headache in ten minutes use Kumfort Headache Powders.

**OUR**

PERFECTED Emulsion with GUAIACOL is one of the best products of modern pharmacy. For general debility, loss of flesh, croup, coughs or any lung trouble. Asthma Bronchitis or any weakness of the throat. It is the ideal remedy—We make it—we're proud of it—we sell a lot of it. Price 45c per bottle.

**HENRY DEAD.**

LONDON, November 10.—Mr. George A. Henry, the well-known correspondent and author, died on board his yacht at Weymouth.

**A SOURCE OF SURPRISE.**

To Physician and Patient Alike.

Dr. Redmond, a specialist in the study and treatment of piles and rectal diseases, recently stated that the Pyramid Pile Cure, the new discovery for the cure of piles, was the most remarkable remedy he had ever seen or tried in one respect; and that was the instant relief experienced in all cases, no matter how severe, from the moment the remedy was applied; this was the more surprising to him, because he had carefully analyzed the preparation and a trace of opium cocaine or similar poison would be detected.

Physicians look with great favor upon the Pyramid Pile Cure, because it is rapidly taking the place of surgical operations and because it is so simple, so easily applied, and contains no mineral or other poisons so commonly used in pile cures.

Dr. Esterbrook reports that the Pyramid Pile Cure not only cures the various forms of piles, but never fails to give immediate relief on the first application, no matter how severe the pain or discomfort may be.

People who have suffered from piles for years are often astonished at the instant relief experienced from the first application. Another important advantage is the fact that anyone can use the remedy without detention, from business interference with daily occupation.

Mr. J. W. Rollins, of Sweet Springs, Mo., writes; I consider the Pyramid Pile Cure without an equal; it cured me in less than 30 days. I waited 15 days or more to be sure I was fully cured before writing you; I can now say I am cured and I shall recommend the Pyramid Pile Cure at every possible opportunity because it deserves it.

The popularity of this remedy is such; that all druggists now sell it at fifty cents a package, and its sales exceed those of all similar remedies combined. Write Pyramid Drug Co., Marshall, Mich., for their book on cause and cure of piles.

**Commercial Cafe**

QUEEN STREET TABLE D'HOTE DINNER TO-DAY 25c. Mock Turtle Soup, Baked Mackerel, Corn Brisket of Beef, Potatoes, Cabbage, Custard Pie, Cottage Pudding, Tea, Coffee, Milk, Cheese, and Home-made Bread and Pastry. Crackers
