How you can go into business for yourself

Every man, no matter what his age, if he has a spark of ambition in his make-up, would like to go into business for himself. He would like to become a partner in some growing and prosperous concern. Working on a salary and being able to save but a comparatively-small amount per year, he has almost persuaded himself that a partnership in a prosperous business is altogether unreasonable for him to expect. Live, wide-awake men should not be carried away by this idea. Such a partnership IS possible as we shall point out in our next talk in this space.

SOCIALISM AND INSANITY COMBINE.

(Special to The Guardian.)

LONDON, July 31—Dr. Alfred Salter, Socialist and Labor candidate for Bermondsey, discussing "Socialism and Insanity" in a Socialist publication, makes the startling statement that "he does not think we shall ever eliminate insanity altogether, and I would add that I do not think it is socially desirable that we should."

"Is not the Socialist movement," he asks, "while eminently sane in its tendency, filled with cranks and neurotics, and half-baked geniuses, as well as with many men and women of real conspicuous genius? Has not the tendency in all ages been for the neurotics to gravitate towards any new movement making for progress? And has not progress always been achieved in the end by the visionaries and fanatics and neuropaths driving forward the great inert, stolid, sane, and non-progressive crowd? You cannot have progress without neurosis, and you cannot have neurosis without a certain proportion of insanity."

NO MORE DANDRUFF, FALLING HAIR, SCALP ITCH

Men and women—do you want a splendid head of luxuriant hair free

Do you want hair so bewitchingly radiant that it compels the admiration of all who see it?

Do you want a scalp as immaculately clean and bright as a newly-minted coin?

Do you want to use a hair dressing that will surely prevent baldness, that always refreshes and invigorates and makes your entire head feel fine?

Then spend 50 cents this very day and get a bottle of PARISIAN Sage at any drug store or toilet goods counter. Use it as directed and you will never care to use ordinary tonics again.

No poisonous sugar of lead, no sulphur, no injurious ingredients in PARISIAN Sage. Ask for PARISIAN Sage.

Geo. E. Hughes, druggist, Charlottetown, guarantees it.

"Mac's Free Registration Bureau is a decided boon to invalids and nurses in touch with each other without cost and a big saving in time and trouble. Try this Bureau, The Two Macs, 149 Great George St.

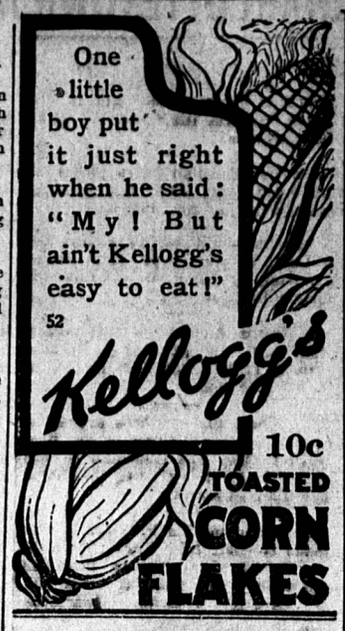
WEATHER AND CROP IN U. S. A.

WASHINGTON, July 30—The Government weather report says: Most important features of weather during past week is the very general absence of rain over much of central and southern portions of country and comparatively low temperatures of the northern portion. In corn and wheat (winter) states conditions were very favorable in northern portion to westward of Mississippi, but in north Texas, Oklahoma, Arkansas and parts of Missouri general lack of rain, high temperatures and nearly constant sunshine have been unfavorable for vegetation. Ground is dry and rain is needed in all last named states. To eastward of Mississippi weather is everywhere favorable. Some showers occurred in northern portion and heavy rains fell locally in West Virginia, Ohio, western Pennsylvania and southern Michigan, doing considerable damage by overflow. In spring wheat region weather was nearly everywhere favorable. Showers occurred in many portions and absence of excessive heat prevented rapid evaporation of moisture from soil in districts without sufficient rainfall. In cotton region the warmth and general absence of rainfall in central states of belt were doubtless very beneficial following long period of excessive rains in these states. In western district of belt weather was hot thruout and such light showers as occurred were without material benefit. Rain is now badly needed thruout Oklohama and it is generally but probably not so urgently needed over portions of Texas and Arkansas.



CANADA'S VOICE.

LONDON, July 30—Harold Spender, writing editorially in the Daily News and Leader this morning on the subject of cabinet control of foreign affairs, in conjunction with the dominions, points out how peace or war was practically in the hands of the cabinet, altho it is even possible that war might be declared by the prime minister alone.

"Therefore," argues Mr. Spendor, "if the dominions were given a statutory voice they would actually possess more power than the house of commons or the cabinet."

The article proceeds to speak of the remarkable change in the attitude of the British government, and then Mr. Spender says:

"If Canada is to have a voice, it is clear that the other Dominions must also have a similar concession. Any council formed will have to be consulted on all important questions of foreign policy and if there is any reality in the plan the British cabinet will necessatily be obliged to accept the advice of the dominions.

"In that way," the article proceeds, "the supremacy of the cabinet will certainly be impaired, and so far as the British cabinet is impaired to that extent, a blow will be struck at the British parliament from which the cabinet is drawn.

"Would this fundamental change in government make peace or war?" asks Mr. Spender, and he answers the question by saying:

"It is to be feared of the consequences of war, but as the dominions are far removed from the probable center of any European war, they would be far less liable to those restraints."

"It is perfectly natural," continued Mr. Spender, "that Great Britain should rejoice at the willingness of the dominions to help her both in defense and offense, but it was the dream of the earlier school that the British empire should be a league of peace,"

DEACONESS APPOINTED.

TORONTO Ont., July 30—Among the appointments made by Rev. Dr. George J. Bishop, Superintendent of Methodist Deaconess work and principal of the Training School, is that of Miss Leone Winter of the Jost Mission at Halifax.

DIED FROM DRINK.

NEW GLASGOW, July 30— An Englishman, named J. C. Halford, was found dead in a field, near the New Glasgow pumping station, this morning. Along with a number of companions the deceased had spent yesterday in this field, and it is supposed they had been drinking, as several empty bottles were found lying about. The story the companions tell is that they slept in the field all night and this morning could not arouse Halford. The gang worked for contractors Gammon and Weir, on the gravitation works. Corner Kennedy held an inquest into the case, the jury returning a verdict of death from drinking.

Judging by letters found on Halford, he belonged to London, England, and was rather well connected. He was a comparative stranger here. He has a sister, Annie, whose address is 1 Princess avenue, Victoria road, Worr Green, London west. He apparently had no friends in this country.

AN UNSUCCESSFUL ATTEMPT AT RESCUE.

UNIONTOWN, Pa., July 30— After sixty hours' continuous labor, workmen today succeeded in cutting thru the 65 foot wall separating Lamont Mines No. 1 and No. 2, but found no trace of John Scanler and John Bolchek, miners, caught in the mine by the flood of July 24th. Their bodies are believed to be under debris in another part of the mine. It was decided today to drill from the surface into the workings at the Superba mine in an effort to recover the bodies of fifteen miners who were drowned there last Wednesday. Three big pumps have been working since the mine was flooded and have only lowered the water sixteen inches.
