Hewson Tweeds
 for the
Children's Clothes

For the wildly-happy, rough-and-tumble child-life the ideal clothing combines durability, lightness and economy with neat appearance. All these qualities are found in the strong, beautifully-woven Hewson Tweeds—pure wool, the healthiest material both in winter and summer.

Hewson Tweeds not only wash and keep their colour, but they are delightful to make up, cutting well, pleasant to sew on, and of such a firm yet soft texture, they keep their good shape to the last, and wear wool all through—because there's nothing but wool to wear.

Get some of these fine, iron-wearing Tweeds, and make them up for the youngsters. If your dealer hasn't got them, we'll be glad to supply you through him on receipt of his name and address. Note the trademark—and insist on getting the genuine Hewson goods—for they're far from being like ordinary tweeds.

SUNDAY SCHOOL LESSON
 FIRST QUARTER.
 WORDS AND WORKS OF JESUS AS RECORDED IN THE GOSPELS.
 LESSON II.—January 13.
MAN MADE IS THE IMAGE OF GOD
 Gen. 1. 26 to 2. 3. Memorize verses 26, 27.

GOLDEN TEXT.
 God created man in his own image, in the image of God created he him.—Gen. 1. 27.

INTRODUCTION.
 The image of himself in which God created man is not that of bodily form but that of his spiritual nature. Man resembles the divine nature; and at the same time differs from every other animal, in the possession of self-consciousness; in his creative power, and in his ability to follow in a measure the workings of God's mind to employ the hidden forces of nature; in his possession of a moral sense, or his ability to distinguish right from wrong; in his capacity for knowing God, of feeling his relation to God, and of holding special communion with him. From this truth there necessarily follows the possibility of God revealing himself to man and of the incarnation (John 1. 1-14) and also the possibility of the spiritual regeneration of a person who through sin has perverted the divine image within him to become marred.

EXPLANATION.
 26. "Let us make."—Again the plural of majesty, which on this occasion and momentous occasion is used by God himself. Some have thought that we have in these words an intended suggestion of the Trinity, but the revelation of that profound truth belongs properly to a much later stage in the history of revelation, which was progressive in character. "Have dominion"—In the exercise of the superior powers given to him, and in the possession of which man resembled God, Comp. Ps. 8. 5, 6. (Rev. Ver.) "For thou hast made him but little lower than God (Heb. Elohim), and crownedst him with glory and honor. Thou makest him to have dominion over the works of thy hands; thou hast put all things under his feet."
 27. "The image of God."—Comp. "Introduction," above.
 28. "Replenish."—This was also the original meaning of the English word "replenish."
 29. "To them it shall be for food."—We have here possibly a picture of the ideal condition in which not even human life is situated at the cost of other animals. In 3. 3, however, permission is given to man to eat the flesh of animals also: "Every moving thing that liveth shall be food for you; as the green herb have I given you all."

FOOD IRON

You need iron. Everybody does. The harder you work, the more you worry, the more iron you require. But Crude Iron won't do. Iron Pills, Iron Tinctures, Iron Tonics are useless in nineteen cases out of twenty. You must have pre-digested Iron or your blood will not assimilate it.

FERROL

furnishes the Iron you need in combination with Cod Liver Oil, and so intimately incorporated with the oil that the most delicate digestive organs cannot fail to assimilate it.

The value of the combination cannot be overestimated. It builds up and fortifies the system against Coughs, Colds, Bronchial Affections and kindred troubles. If any of these diseases have already been contracted, or if the lungs are affected or threatened, FERROL cures by enabling nature to throw off the disease, not by "killing the germs, which is a physical impossibility.

FERROL is an absolute specific for Croup and Bronchitis, and no household where there are children can afford to be without it.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in prominent Hospitals, Sanitariums, etc.
