The Guardian is informed by Johnson & Johnson that their venture in having "Ivanhoe Chocolates" manufactured specially to their order with their initials "J. & J." on the bottom of every chocolate, has proved to be a great success; the name being a guarantee of purity and freshness. This is a very important factor in selling chocolates and their customers are not slow in recognizing the fact. The firm have recently received a large assortment of Ivanhoe Chocolates both in bulk and packages which they retail at fifty cents a pound.

In a recent issue of the Boston Post there appears a photo of a sturdy boy of P. E. Island parentage, whose good looks are responsible for newspaper notoriety at the early age of fifteen months. This child is Willard S. Caseley, son of Lyman W. and Mrs. Caseley (nee Miss May Gibbs, Lot 6) now of Brighton, Mass. Judging by the photo to Willard is one of the prettiest of children. The Post says his habit of attempting to lift heavy weights would suggest that he may one day be a football player.

Further particulars of the death of Mrs. Joseph Warren, a native of Campbellton, P. E. I., who was killed recently in Portland, state that Mr. Warren and his wife were both natives of Bloomfield, P. E. I. They were married about three years ago and the boy was their only child. He had secured a position at Rumford Falls, Me., and has been working there since August. He has arranged a home there for his family and sent for them and it was while on their way to join him the sad accident occurred. He had not been able to learn any further particulars, but it is thought that his wife lost her balance while going from one car to another with the baby in her arms and had fallen to her death beneath the wheels. The baby which was found lying about four feet from her body, was uninjured, although the mother had been horribly mangled by the wheels. The young husband is naturally heart broken over his loss, but seems to find consolation in petting and fondling his little son.

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes 16 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, sore lungs, asthma, throat troubles, etc.

Mix 2 cups of granulated sugar with one cup of warm water and stir for 2 minutes. Put 2 1/2 ounces of Pinex (50 cents worth) in a 16 oz. bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualic acid and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

Best Rubbers Made in Canada

Right here we want to tell you that you can't get better quality rubbers in the Province at the same prices as we quote. We know others advertise their lines as the best but a comparison will show you that for quality of rubber, thorough finish, neatness and long wear, ours are really the best lines that money can buy.

We were offered the agency of a much advertised line selling at a low price and claimed by dealers to be "the best" etc., but our long experience in this business taught us that these rubbers were inferior and were not really worth the price asked, so we refused the manufacturer's offer.

Again we want to tell you that our line is the cream of Canadian productions--we recommend our line for we have all faith in the quality of material and workmanship--we will stand back of all good claims our sales people make regarding them.
