

**Children Cry for Fletcher's**

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

**What is CASTORIA**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

**GENUINE CASTORIA ALWAYS**

### APPLE DELIGHTS

#### APPLE BUTTER CANAPES

Cut thick slices from a loaf of brown bread; stamp into rounds with a biscuit cutter. Spread each round with apple butter. In the centre place an English walnut or hickory nut meat and arrange a border of chopped nuts around the edge. Serve with cheese cubes.

#### APPLE BUTTER

Pare, core and quarter the desired quantity of apples, allowing one-third of sweet to two-thirds of sour apples. Boil sweet cider until it is reduced one-half. While the cider is boiling rapidly add apples until the mixture is the desired thickness. Cook slowly, stirring constantly and skimming when necessary. When the apples begin to separate from the cider take two pounds of sugar to each bushel of apples used; add a little ground cinnamon and boil until it remains in a smooth mass, when a little is cooled. Usually one and one-half bushels of apples are enough for one and one-half gallons of boiled cider.

#### APPLE BISCUIT.

To one pint of light bread sponge add one quarter cup of molasses, one tablespoonful of lard and Graham or whole wheat for a soft dough. Beat vigorously and finally work into the dough one large cup of chopped apples; shape the dough into biscuit and place in muffin pans and allow them to be very light before baking.

#### DRYED APPLE BUTTER.

Wash one pound of dried or evaporated apples thoroughly, soak over night, in the morning cook with plenty of water. When well done rub through a sieve or colander; add sugar and cinnamon to taste, the juice of one lemon, juice of two oranges and butter the size of an egg. Cook slowly until it will drop heavily from a spoon.

#### APPLES EN CASSEROLE.

Pare, core and slice two quarts of apples and put in an earthen dish, alternately, with one and one-half cups of sugar; add one-fourth cup of cold water, cover the dish and bake in a moderate oven. Serve either hot or cold with cream.

#### APPLE CATSUP.

Quarter, pare and core twelve sour apples. Put in a saucepan, cover with water and let simmer until soft; nearly all of the water should be evaporated; rub through a sieve and add the following to each quart of pulp: One cup of sugar, one teaspoonful of cloves, one teaspoonful of mustard, two teaspoonfuls of cinnamon and one tablespoonful of salt, two cups of vinegar and two grated onions. Bring the Catsup to a boil and let simmer gently for one hour. Bottle, cork and seal.

#### APPLE CHARLOTTE, I

Soak one-half box of granulated gelatine in one-half cup of cold water for half an hour. Whip one pint of cream and set on ice; add one-half cup of powdered sugar, a tablespoonful of lemon juice and two good sized apples, grated. Dissolve the gelatin over hot water and strain into the mixture; stir quickly and

pour into a mould. Set on ice to chill and serve.

#### APPLE CHARLOTTE, II

Pare, core and slice apples; cook in butter until soft and dry; add sugar to taste. Line a plain mould with sippets of bread an inch wide, dipped in melted butter; let one overlap the other; arrange lozenges of bread similarly in the bottom of the mould. Fill the centre with the apple and cover the top with bread. Bake for half an hour in a hot oven. Serve with cream and sugar or a hot sauce.

#### PLAIN APPLE CHARLOTTE.

Soak one-quarter of a box of granulated gelatine in two tablespoonfuls of cold water; add to one pint of hot apple sauce, flavor and pass through a sieve. As soon as the mixture begins to harden stir in one pint of whipped cream. Line a mould with ladyfingers, pour in the mixture and set away to cool.

#### CLARIFIED APPLES.

Make a syrup of two cups of sugar and one cup of water. Pare, core and cut into sixths six large tart apples. Cook a few at a time in the syrup until clear, remove and drain; add the rind and juice of one-half lemon to the syrup, boil until thick, remove the lemon rind and pour over the apples.

#### APPLE COBBLER.

Pare and quarter enough tart apples to fill a baking dish three-fourths full. Cover with a rich baking powder biscuit dough made soft enough to stir, spread it over the apples without rolling. Make several cuts in the center to allow the steam to escape. Bake for three-quarters of an hour and serve hot with sugar and rich cream.

#### CODDLED APPLES.

Take tart, ripe apples of uniform size; remove the cores. Place the fruit in the bottom of a porcelain kettle, spread thickly with sugar; cover the bottom of the kettle with water and allow the apples to simmer until tender. Pour the syrup over the apples and serve cold.

### Abbey's Salt

before retiring. You will feel in fine fettle in the morning.

Two Sizes, 25c. and 60c.

All Druggists.

## After the War--What?

When the war is over, what then? Are there good times or hard times in store for us? Will the era of high prices continue, with steady work for all, or will we experience a setback that will keep us poor for years?

The answer to that question is very largely in our own hands. It depends on us Canadians—not on the few in high places, but on every one of us.

Every year we are importing hundreds of millions of dollars worth of goods, much of which could be produced just as well in Canada.

Suppose they were produced here. Think of the number of workmen who would be employed. Think of what it would mean in wages, and money kept in circulation. Think of what it would mean to our farmers, to our shopkeepers—to our builders, to everybody.

Think of what it would mean to you.

They can be produced here, they will be produced here, if you just stop and think every time you make a purchase.

Think, say and see that you get

### The Connaught Company's Foxes are now in the Ranch

The Foxes are now in the ranch, and the caretaker reports the animals in good condition, so that prospects for the next breeding season are the brightest.

Stock in the Connaught Pedigreed Black Foxes, Limited, is fully paid and non-assessable. The foxes are capitalized at \$15,000 per pair, which is the lowest of the law on a straight common stock basis. The quality of the foxes is the highest—the rancher is a man who has an excellent record—the Company has an "actual cost" ranching arrangement, so that everything is favorable to the Company for good returns—big profits.

Call or write for prospectus and full information.
