J. P. Penhraise, Boston, who has been visiting in this province for the past few weeks, leaves this morning for Pictou on return.

Among the passengers to this city yesterday by the S. S. Minto, were Miss Gladys Nicholson of this city and Miss Lottie Newson, Crapaud, returning from Wolfville, N. S. on account of eleven cases of Typhoid breaking out in the Seminary, the ladies college has been closed for the season. Nine of the pupils are confined in the seminary and are being well attended by nurses and doctors. It is claimed the disease originated from impure milk. Miss Newson proposes spending a few weeks in the City before returning to her home.

Henry Hine, city, has received a telegram announcing the death of Bella Hine, (Mrs. Treviranus), who died in New York on April 18th at 10.30, aged forty years. Much sympathy will be left for the bereaved family. The late Mrs. Treviranus resided in this city several years ago and has resided in New York since then. Her death was very sudden and unexpected, as only a week ago the family here had a letter from her in which she said she was in good health and proposed coming to this city on a visit, accompanied by her husband. This summer she paid a visit to her home here last summer. The deceased, who was twice married, leaves to mourn her husband and one son, Harry Brown, besides her father and mother and one brother Charles, of the P. E. I. R. City. The body left New York yesterday for this city.

The New Hats ARE HERE

Come see the show. Quite a change in the Derby Hat.

The low tapering crown is the thing. The hat men aren't going to let you wear a hat two seasons, if they can help it.

But it's a good change. Very few men could wear those little "dinky" hats, and the low crown and flat brim helps you hold your dignity, gives you some, if you haven't any.

In Soft Hats

The Trooper shape is "It" for smart dressers. Swell hats indeed.

Our--\$2.00 stiff hat as usual leads the procession.

Correct dressers who want Correct Hat styles can and do get them here. Stiff or Soft Hats without fancy prices **75c to \$2.00.**

Our quality is all in the hat—you don't pay here for a name.

RECIPROCITY WILL CARRY IN CONGRESS

WASHINGTON, April 17—"After a thorough canvass of the Republican membership of the house, I can state positively that a substantial majority of the party will vote against the Canadian reciprocity bill, said Representative Dwight, of New York, the Republican whip, tonight. The bill is to be put on its passage this week.

This will not prevent its passage, even though a number of the Democrats follow the course now indicated and vote against the majority of their party. The Democratic majority in favor of it has greatly increased in the new congress, however.

Five speakers participated in the debate today. Representative Fordney, of Michigan, a Republican member of the ways and means committee, and Representative Lenroot, of Wisconsin, an insurgent Republican, spoke at length against the bill. Representatives Harrison, of New York, and Peters, of Massachusetts, Democratic members of the ways and means committee, and Representative Campacker, of Indiana, Republican, advocated its passage.

Mr. Lenroot gave an emphatic statement of insurgent policies and views. Questioned from the Democratic side, he declares that he opposed the reciprocity agreement because he believed it actually increased many duties. He declared

that of the Democrats were sincere in their desire to put more articles on the free list, they would attach the free list to the reciprocity bill. He accused them of wanting the president to veto their free list bill when it finally passed, to make political capital for them.

"The progressive Republicans have never been free traders," said Mr. Lenroot. "I challenge any one to point to any speech made by a progressive Republican in congress or elsewhere advocating free trade. I stand for a protective tariff measuring duties by the difference in cost of production at home and abroad."

"Do you endorse your party's action in passing the Payne tariff bill?" asked Mr. Callup, of Indiana.

"I do not," said Mr. Lenroot.

"Do you consider it a violation of your party's pledge?"

"I do," said Mr. Lenroot.

"If my party had kept its pledge there would have been a minority upon your side of the house instead of a majority," added Mr. Lenroot.

A sizing up of the new alignment of the senate and the shifting out of the average sentiment there has disclosed within the past two days the fact that the Canadian agreement is as good as enacted into law, although a few weeks must elapse before that end is realized. The bill will go to Mr. Taft for his signature as unchanged and as free of amendments as the day last January when the president embodied its terms in a message to congress.

About thirty senators compose the opposition to reciprocity at the present time. Some of those will, nevertheless, cast their vote for the measure. A number will hold out to the end.

The Women's Missionary Society of the First Methodist Church held their annual Easter Thank Offering service in the basement of the Church yesterday afternoon at three o'clock. The President, Mrs. (Rev.) H. E. Thomas presiding. There was a large attendance of ladies and a splendid program was carried out. Something over \$100 was realized in Thank offerings, of which sum \$50 was for life membership fees. Mrs. F. D. Beer presented the President, Mrs. Thomas, wife of the pastor, with a life membership certificate and Mrs. R. Johnson presented a similar certificate to her granddaughter, Miss Eleanor G. Johnson. At the conclusion of the meeting light refreshments were served and a highly enjoyable social half hour was spent.

The subject of the sermon by Rev. E. P. Calder last night at the Baptist Church was a striking one, "How Christ Helped Eve." The sermon was very helpful abounding in strong passages and it evidently made a deep impression on the audience, as many of the testimonies made reference to the sermon. A new feature of the service was the new voices testified for the first time, these having experienced conversion during the meetings. Very quietly the work has gone on, and it may not be known that a good number have made a start on the Christian life. Some have found salvation and some are seeking it. There is a deep spirit of consecration at the services and strangers who come in testify that it is not difficult to know that a deep work of grace is going on. Tonight there will be a new feature, Hugh McLean of Calgary, an Islander, whose former home was at St. John's, will sing. He is a well known gospel singer. As Mr. McLean expects to remain in the city for a few days his help may be expected at the services as long as he is here. He will take charge of the music. The service tonight will begin at 8 o'clock and close shortly after 9 o'clock so that the choir can practise for next Sunday's music.

HE DARED THE JUDGE AND GOT SIX MONTHS

NEW YORK, April 15—Dominick Hearn, a waiter of 39 Bergen street, Brooklyn, after being fined \$10 in more, and getting it, as follows:

"You'll wait for that \$10, you four-eyed galoot," he shouted to Magistrate House.

"I'll change that fine and send you to the workhouse for twenty days," said the magistrate.

"Aw, g'wan; make it more," said the prisoner.

"One month," replied the court.

"Once more," shouted Hearn.

"Two months," said the magistrate.

"Do it again," sneered Hearn.

"Six months," adjudicated the court.

Hearn then demanded a year, and expressed his opinion of Magistrate House in caustic terms. It took three policemen to remove Hearn from the court room.

"I wish I could have made it a year," said Magistrate House. "Unfortunately six months is the limit."

MORE BRITISH CAPITAL FOR WESTERN CANADA

TORONTO, Ont., April 17—Sir Edward Tennant Bart, M. P., in the British Parliament for Salisbury, from 1906 to 1910, and cousin of Mr. Asquith is in Toronto, one of the party of British capitalists and public men who have been sight-seeing for business reasons from Vancouver seaward. He admitted last night that the result of the trip would be that some, perhaps a good deal, of British capital would be invested in the West, but he said the location of the investment had not yet been settled. All the members of the party were greatly impressed with what they saw and the possibilities of the new country.

AT NINE, ELOPES WITH BOY OF NINE TO WED

PHILADELPHIA, Pa., April 15—Declaring she had induced nine-year-old Arthur Hurdle to run away from his home and school with her so she and she could be married, Lillian Wilmer, who is but nine years old herself, in a firm voice today told Magistrate Yates, at the House of Detention, of their adventures since last Thursday. The boy hid his face and wept.

The two children were arrested by a truant officer. This morning Lillian told Magistrate Yates they had slept behind a board fence near their homes each night and had received their food by begging at bakeries. She also told him that she had forged her mother's name to a note and had received food from a grocery store by having it charged to the family.

The boy who was deeply penitent, was discharged by Magistrate Yates, while Lillian was held in \$300 bail on the charge of being an incorrigible runaway.

ANGLO-AMERICAN RELATIONS THE KEY

NEW YORK, April 17.—The relations between Great Britain and the United States of America constitute the real key to the situation in preparing the peace of the world, said Sir Joseph Ward, premier of New Zealand, here today on his way to London to attend the Imperial Conference and the coronation.

"In the British overseas dominions adjacent to the Pacific it is recognized that one of the most important questions we have to keep before us is that of preserving our territory from an invasion of Asiatics."

DIES IN ATTEMPT TO SAVE ANOTHER

BUFFALO, N. Y., April 17.—Thomas Maher, 51 years old, and a New York Central flagman lost his life last night in an heroic, but unsuccessful effort to save the life of a woman.

Mrs. Ella Sheehan, 61 years old, and her daughter, Mrs. Robert Kinsell, were crossing the tracks at Sheldon Ave., Lancaster, when the elder woman fell. A mail train was approaching at high speed and Maher rushed to the aid of the woman. He shoved Mrs. Kinsell off the tracks and was trying to drag Mrs. Sheehan out of danger when the train struck them. Both were instantly killed.

DROWNED ON HIS LAST TRIP

PROVIDENCE, April 16—The drowning of Captain John, 34 years old, of the barge Henry C. Cadmus off Point Judith Saturday was reported here today by Captain Chapman of the barge Francis C. Scully who, with his wife on the second vessel of a string of four tows, witnessed the fatality.

Captain John was known by no other name to the men of the tow. He told the crew, when he left South Amboy, N. J., for Fall River and this city, that it was to be his last trip and that he was going to marry a New Bedford girl and take up another occupation. The tug Salutation, with four barges, ran into a storm off Point Judith late Friday. The loss of the barge Sailor was reported yesterday, but it was not known that the Cadmus had gone down until the story was reported today.

Captain John, on the second tow when the hawser parted in the storm, Captain Chapman says, and tried to row to the Scully. He was capsized and drowned. His body was not recovered. The rescue of Captain Upenbro and his wife of the barge Tornado was reported yesterday, as was the rescue of Captain Keeffe of the Sailor. The Sailor sunk before the Cadmus went down.
