—ORDER CRACKED CORN, cornmeal, feed wheat, bran, middlings and oilcake at Brace's. L-921-10-4-2i.

—ADDITIONAL WATER SUPPLY FOR SUMMERSIDE — The new electrical pumps, which were recently installed on North Market Street, to give Summerside additional water supply and added fire protection are now ready and are being tested this month. This section of North Market Street was chosen for the erection of the pumps last summer, after a test had been made of the water, found there. The artesian wells were bored by Trask Well Co., Amherst. These wells give an adequate supply of pure water. The pumps, which were installed under the direction of Mr. Alfred Groom, engineer for the Water Commissioners, were purchased from the Darling Co. St. John, N. B., and are run by electricity. The larger of the two pumps can pump 135 gallons of pure water per minute and the other one 100 gallons to the minute. With these two pumps in running order and the regular pump going the town of Summerside will have adequate water supply and fire protection. Two new hydrants have been placed in the west end, which will give the residents of that part of the town a plentiful supply of water should there be a fire. The residents will also have the opportunity of a supply of town water, which should be an asset to properties in the west end.—S

—PARISH PRIEST HONORED— The members of the Mont Carmel Women's Institute honored their esteemed pastor, Rev. Theodore Gallant, on the occasion of his birthday on October 3rd by a party at the Rectory that evening. The reception rooms were very beautifully decorated with autumn flowers and greenery. About eighty guests were present including Rev. Martin Monaghan, D. D., of Miscouche and Rev. F. X. Gallant of Egmont Bay. There were a number of old friends from Summerside, and some from the neighboring parishes. After the guests had extended birthday greetings to the Reverend Father, Mrs. Lucien Arsenault was called up to read an address, in French, expressing the good wishes of the members of the Institute and others to Rev. Father Gallant upon this happy occasion. Mrs. Amos Richards then presented a lovely gift. Miss Helen Gillis on behalf of the teachers of the district presented a birthday gift accompanied by a few appropriate remarks. Rev. Father Gallant also received gifts and birthday greetings from other guests. Rev. Father Gallant very graciously achknowledged the kindness of his parishioners, remarking that he would always treasure the memory of this delightful occasion. A charming evening was spent in cards and a short musical program with choruses. Rev. Theodore Gallant rendered some beautiful selections on the piano, which were much appreciated. Rev. F. X. Gallant also favoured the company with some vocal selections. Dainty refreshments were served by the ladies before the guests departed.—S

—SYRUP OF HYPOPHOSPHITES the well known tonic $1.00. Taylor Drug Co., Kensington.

—POTATO WAREHOUSE storage at Carleton, rates reasonable, parties interested communicate immediately with Russel Hammill, Albany, R.R. L-932-10-4-2i

—VISITING SUMMERSIDE — Mr. Purdy with his daughter, Mrs. Helpard, and granddaughter, Miss Olive Helpard are visitors to Summerside this week the guests of Miss Margaret Bell.—S

—CONGRATULATIONS — Congratulations are being extended to Mr. and Mrs. Fred J. DesRoches of Miscouche upon the arrival at their home on October 3rd, of twin boys.—S

—TAKES POSITION—Mr. L. P. Doiron of Moncton has taken a position with Pope's Service Dry Cleaners at Summerside and is registered at the Mawley House. He has already started on his duties. S.

—KEIR MEMORIAL PRESBYTERIAN CHURCH, MALPEQUE— Services for Sunday, October 7th: Morning, 11 a.m. Harvest Thanksgiving; evening, 7.30 p.m. W. M. S. Thankoffering. Rev. Dr. Luther Young, missionary to Korea, will preach at the evening service. Mrs. Arthur Roper will be the soloist at both services. L-927-10-4-2i

—RETURNED HOME — Corp. Engles and his bride are receiving a cordial welcome by their Summerside friends on their return from their wedding tour through Nova Scotia and parts of New Brunswick. Corp Engles is attached to the R. C. M. P. at Summerside and he and Mrs. Engles will make their home there.—S

—NEW RESIDENCE — Mr. Ulric Arsenault recently returned from the northern part of Canada, has purchased the corner lot on Convent and Central Streets, Summerside, which was owned by Dr. MacMurdo, and will build a fine dwelling house. The foundation has been dug and Mr. Arsenault expects to have the frame work up in a very short time. This will be a splendid addition to that residential district, which has some of the finest houses in town.—S

—OYSTERS IN BEDEQUE BAY —Fishermen report that Bedeque Bay, once very famous for its oyster beds, is regaining that reputation. For the last three or four years small quantities of oysters have been taken from these areas, but this year they are much more plentiful and a good size. With care these beds will again be a source of revenue for the fishermen in the vicinity of Bedeque.—S

Moore & McLeod Limited

Asiatic Countries Take Over Half Japan's Exports

Asiatic countries accounted for more than fifty per cent of Japan's exports for the first six months of 1934. This is the usual thing but this year there is an increase of 25.1 per cent in value over the same period last year and 99.3 per cent over 1932, states the Industrial Department of the Canadian National Railways. North America is the next biggest market and although there was an increase it is very small, principal to the United States. Europe follows next in order. Great Britain accounting for 45 per cent of the exports, followed by France 20 per cent, Germany and Holland together another 20 per cent. Noteworthy increases in Japan's export trade this year are with markets which are least developed industrially, South America, Africa and Central America. The increase in the case of Central America is over 1000 per cent. Principal commodities exported were cotton tissues, which rank first, displacing raw silk during the same period last year. Raw silk took second place, artificial silk third. Textiles or materials for textiles represented 51 per cent of the total export trade of Japan for the first six months of this year. A considerable export trade was done in iron construction materials, also in toys.

While Asiatic countries absorbed 50 per cent of Japan's exports Japan took only 37 per cent of her necessities from those countries. However, in the case of British India, the chief source of supply, considerably more goods were shipped to Japan than were imported. This was two and three times the value of imports from British India in 1932. In the case of North America, Oceania and Europe, imports are much greater than exports. The total imports from all other sources increased only 40 per cent. Among the European countries Germany is the greatest exporter to Japan which is the second year in succession that she has displaced Great Britain. Raw cotton is the chief import into Japan followed by sheep's wool, iron, scrap steel, etc., machinery and parts, beans and peas, mostly soya beans and oil cake, coal wheat, all of which eight categories accounted for over 70 per cent of the total import trade of Japan for the first six months of 1934. Other important items were crude rubber, lumber and automobiles. Canada supplied practically all the printing paper. Total imports into Japan from Canada for this period were considerably in excess of imports of Japanese products into Canada. Japan imported from Canada, wheat, frozen beef, pulp, printing paper, lead, machinery, while Japan exported to Canada rice, tea, raw silk, silk and rayon tissues, buttons, pottery, brushes and toys.

British Labor Party Opposes Government Plan

(C.P.-Havas)
(By Guardian's Special Wire)

SOUTHPORT, England, Oct. 4— The British Labor Party in conference here today strongly denounced the government's proposed law against civil and military disobedience and resolved that "Premier MacDonald, by assuming responsibility for this law, has completed his surrender to the Tories."

That statement was made by J. R. Clymes, outstanding Laborite, after the text of the bill had been described to the delegates as "an outward expression of the government's fascist policy."

The bill provides for stern punishment of disobedience on the part of any civil or military government employee and is directed against communist and socialist agitation. It was unanimously condemned by the conference.

A private session of the conference tonight was held to consider choice of a successor to Arthur Henderson, ex-secretary of the Labor party, who resigned owing to his duties as chairman of the Disarmament conference and his activities in Parliament. The session decided that the new secretary must be a non-member of parliament and must be able to devote all his time to his work as party secretary.

N. B. APPOINTMENTS

(C.P. By Guardian's Special Wire)

FREDERICTON, N. B., Oct. 4 — The appointment of Dr. Robert Alexander Gregory, Saint John, as medical assistant at the Provincial Hospital, Lancaster, and Miss Lois A. Smith, Centreville, Carleton County, as Superintendent of Nurses at the institution, were announced here tonight by Hon. Dr. H. I. Taylor, Minister of Health and Labor.

Dr. Gregory is the son of W. R. Gregory, Saint John.

Miss Smith is a daughter of Herbert W. Smith, Centreville.

IT'S LIVER THAT MAKES YOU FEEL SO WRETCHED

Wake Up Your Liver Bile and Get A New Lease of Life. No Calomel Is Necessary.

For you to feel healthy and happy, your liver must pour two pounds of liquid bile into your bowels, every day of your life.

Without that bile, trouble starts promptly. Your food just won't digest the way it should and your bowels are sluggish. Food decays inside you and your entire system is undermined by this poisonous waste matter. You have indigestion—the discomfort of gas, bloating, heartburn and sourness. You are prey to headaches. Have a tongue like cotton-wool, a nasty taste in your mouth, bad breath and ugly skin. You haven't anything like the pep a healthy person should have. In fact you are generally wretched.

How can you expect to clear up a condition like this completely by taking mere bowel-movers like salts, mineral water, oil, laxative candy or chewing gum, or roughage? They can't wake up your liver bile!

Avoid calomel (mercury). Buy yourself a box of old reliable Carter's Little Liver Pills. All vegetable, sure, gentle, safe. They'll wake up your liver without upsetting you. Bring back the glad-to-be-alive feeling, once more.

Don't waste your money on substitutes. Be definite. Ask for Carter's by name and get them. Look for the name, Carter's, on the red label. 25c at all druggists. 47

U.S. Air Armada

(Copyright, 1934, By The Associated Press)
(A.P. By Guardian's Special Wire)

WASHINGTON, Oct. 4—General Douglas MacArthur, U. S. army chief of staff, outlined the new general headquarters air force today as a sky-fighting fleet of at least 1,000 bombing, pursuit and attack planes in five "wings," based on the Atlantic and Pacific Coasts and in the middle west.

MacArthur who will direct the new air armada, emphasized that with bombardment and pursuit wings on each coast, and an attack wing in the mid-west, the greatest possible mobility would be given to the country's aerial defence.

More than 60,000 women and girls are employed in seasonal work as seaside waitesses, cashiers, and bathing attendants in England.
