May 12-20-27, May 11-18-25, June 8-15-29, July 6-13.

Fortune Bridge And Vicinity

Mr. E. J. Campbell was a week end visitor to the city.

Mr. Edwin Reid was a visitor to the City last week.

Mr. Douglas Aitken has returned from a visit to the city.

Mr. James Lutz spent Easter with friends in Western Prince.

Mr. Daniel McDonald, Souris, was a week end visitor to Howe Bay recently.

Mr. and Mrs. Angus Matheson, Albion Cross, were visitors to Fortune Bridge this week.

Mrs. R. F. McDonald of Leadville, Colorado, is on a visit to her father, Mr. S. P. Campbell, Souris.

Mr. John Black is hired to take charge of the Wade Hughes farm at Souris West, the coming year.

Mr. Wesley Keefe, cheesemaker, Stanley Bridge was on a visit to his home at Little River last week.

We are pleased to see Miss Olive Johnston, student of U. C. C. at home again, having passed all her examinations successfully.

Misses Rena Mills and Mabel Keefe, P. W. C. have returned after spending Easter at their respective homes in Little River.

A number of litters of young foxes are reported by ranchers of this section. We also understand that the recent thunder storms caused some losses.

Miss Green of Central Bedeque has returned to her position as primary teacher of Fortune Bridge School, after spending Easter with her parents.

Mr. Clinton McDonald and son, Earl of Red House, are leaving shortly for Boston. They will be accompanied by Mr. Manuel Conohan of Fortune.

Friends of Mr. and Mrs. Donald McAlway, Souris, deeply regret to hear of the death of their little son a bright lovable child of six years of age.

Mr. Reginald McDonald of Howe Bay has returned home after spending the winter in Newfoundland. Needless to say Mr. McDonald is being welcomed by all his old friends as Reg. is a popular boy.

Sympathy is extended to Miss Jean Matheson who met with an accident last week, being severely scalded. We are pleased to know that she is improving under the care of Dr. A. A. McLean of Souris.

Mrs. Aylmer Campbell is at present in the Prince Edward Island Hospital. On Monday she underwent an operation for appendicitis and is improving nicely. Her many friends are anxiously awaiting her complete recovery.

Another bad fire took place in Souris recently when the residence owned by Mrs. Gilbert and occupied by her and her son, Thomas, was completely destroyed. The fire brigade was called, but nothing could be done to save the building.

Rev. A. D. McDonald, Souris, was a visitor to Fortune this week. The pupils of the school were delighted to receive a call from Mr. McDonald, and no doubt will put extra energy into their work henceforth in expectation of another visit.

Easter service in the Bay F. Church was very well attended, though the condition of the road very bad indeed. The Easter sermon was preached by the pastor, Mr. McDonald in his usual eloquent manner. Special Easter music by the choir was a rare treat.

Much sympathy is felt for little George Paton, five-year old son of Mr. and Mrs. Andrew Paton, Rollo Bay West, who is suffering from a broken leg. It appears the little fellow was coasting and in some manner or other the accident occurred. Dr. Wood of Souris was called in and the little fellow is doing as well as can be expected.

W. H. Townshend, C. N. R. City spent last Sunday at his home in Rollo Bay. Mr. Townshend was accompanied by a young Dane who is employed on his farm for the next year. The young man is a fine specimen of manhood and is deeply in earnest about learning the English language. He also seems to be very capable.

Potato shipping, principally seed, is still in full swing at St. Charles Station. Considerable of the potatoes are being taken from W. H. Town-

shend's frost-proof warehouse where they have been in storage all winter. We are pleased to state that this warehouse is giving entire satisfaction, all the potatoes in storage coming out in a-1 condition. People should appreciate this great modern convenience as otherwise they would still have most of their potatoes on hand.

Mr. S. R. Johnston is slightly indisposed at present, suffering from burns on the face and neck caused by the cover of a paint can which Mr. Johnston was heating flying off and the hot paint splattering him in several places.

Fortune has again to mourn the loss of an old and much esteemed resident namely, Mr. Daniel Burke, who passed away last week, after being an invalid for a number of years. The funeral took place to Bay Fortune cemetery, and despite the dreadful condition of the roads, a large number were in attendance.

Mr. E. S. Johnstone is getting ready for the opening of his lobster factory at Fortune Harbor. Mr. Johnstone recently purchased the lobster plant of Mr. Reg. Dingwell at Bay Fortune, but is not running it this season, instead handling all the fish at the one factory. Mr. Leon Johnstone, manager of the Annandale factory leaves tomorrow to take charge.

Among the visitors to various parts of the Island (including Fortune) this winter was Mr. Charles Francis of Toledo, Ohio. Mr. Francis has been away for a number of years and has made quite a success in our sister country where he holds a splendid position as general superintendent in a large factory in which all sorts of car parts are manufactured, having started in at the bottom and worked upwards. Mr. Francis is a nephew of Mr. John S. Francis, carriage builder, Fortune Bridge, and a brother of Mrs. Edwin Reid, Rollo Bay West. He is also a nephew of W. H. Townshend, city.

We regret to report that Mr. Reid Underhay of Bay Fortune met with a serious accident last week. While sawing lumber a stick flew striking him a severe blow on the head, and making a bad gash. The doctor dressed the wound and Mr. Underhay is improving.—B

Completely Relieved Only Two Boxes Used

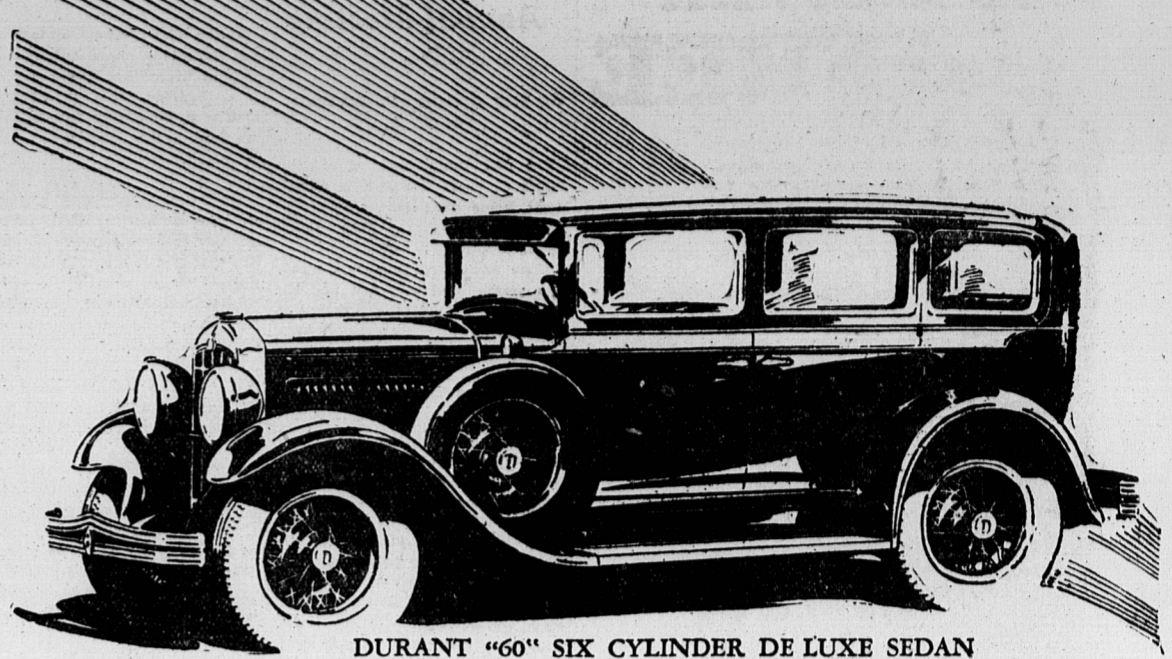

Quebec Lady Strongly Recommends Dodd's Kidney Pills.

Mde. Leo Morin Suffered With Her Kidneys for Nearly Two Years.

Courville, P. Q., April 26.—(Special)—"I cannot praise Dodd's Kidney Pills too highly," writes Mde. L. Morin, a well known resident of this place. "I have suffered with my kidneys for nearly two years. Having read in your Almanac about Dodd's Kidney Pills, I decided to try them. After taking two boxes I felt astonishingly well. I bought another box, but have not taken all of them as my trouble has gone. I strongly recommend Dodd's Kidney Pills."

Dodd's Kidney Pills are purely and simply a kidney remedy. They act directly on the kidneys, strengthening them and putting them in condition to do their full work of straining the impurities out of the blood. Dodd's Kidney Pills have been in use in Canada for more than thirty years. They demonstrate their worth in the most serious forms of kidney disease, such as rheumatism, neuralgia and sciatica.

RUGBY TRUCKS IN 1/2 TON TO 1 1/4 TON CAPACITIES

T. G. IVES, Limited Charlottetown and Montague

A motorist who was touring in Ireland one day encountered a farmer driving a donkey and cart. Thinking he would have a little fun at his expense he said, "What's the difference. Pat, between your turnout and mine?" The farmer looked at the questioner a minute or two and then replied: "Not a great deal, one donkey's in the shafts of the one and on the seat of the other."

FINER THAN EVER and LOWER IN PRICE

THE finer Oldsmobile is more beautiful than ever in appearance—the result of new style refinements and new color combinations now presented in its composite Bodies by Fisher.

The finer Oldsmobile is more luxurious, more comfortable and offers new conveniences for driver and passengers. Roominess is a feature. Seat cushions are deeper and softer. Upholsteries are richer. And the new Fisher adjustable front seat, combined with Oldsmobile's adjustable steering wheel, makes the

driving position a matter of individual choice.

The finer Oldsmobile provides even more gratifying and dependable performance. Its big high-compression engine now develops 62 horsepower. Typical of its fine car design, oil is forced directly to the piston-pins through rifle-drilled connecting rods—a feature heretofore characteristic of high-priced cars.

Come in and see this new Oldsmobile—finer than ever—and lower in price.
