THE SOLDIERS OF THE QUEEN.

Britons once did loyally acclaim
About the way we ruled the waves;
Every Briton's song was just the same,
When singing of our soldier braves—
All the world had heard, wonder'd why
we sang,
And some have learn'd the reason why.
But we're forgetting,
And we're letting it—
Fade away and gradually die—
Fade away and gradually die.
So when we say that England's
master,
Remember who has made her so.

REFRAIN.
It's the Soldiers of the Queen, my lads,
Who've been, my lads,
Who've seen, my lads,
In the fight for England's glory, lads,
When we have to show them what
we mean,
And when we say we're always won,
And when they ask us how it's done?
We'll proudly point to ev'ry one of
England's
Soldiers of the Queen.

War clouds gather over ev'ry land,
Our flag is threaten'd East and West;
Nations that we've shaken by the hand,
Our bold resources try to test.
They thought they found us sleeping,
(thought us unprepar'd,
Because we have our party wars;
But English men unite,
When they're called to fight
The battle for Old England's com-
mon cause,
The battle for Old England's com-
mon cause.
So when we say that England's
master,
Remember who has made her so.

Now we've rous'd we've buckled on our
swords,
We've done with diplomatic lingo,
We'll do deeds to follow on our words,
We'll show we're something more than
"jingo."
And though Old England's laws do not
her sons compel
To military duties do,
We'll play them at their game,
And show them all the same,
An Englishman can be a soldier too,
So when we say that England's
master,
Remember who has made her so.

A CURE FOR RHEUMATISM.
Mr. S. Mann, Stittsville, Carleton Co., Ont., writes: "I was afflicted with Rheumatism, had severe pains in the knees, hip joints and across the back. Rheumatism remedies did not help me and I began using Dr. Chase's Kidney Liver-Pills, which have since completely cured me. There is not the least trace of rheumatism left and I am no longer subject to biliousness, headache and stomach sickness which formerly attacked me frequently. One pill a dose, 25 cents a box."

FOR QUEEN, FLAG AND COUNTRY.

It's only a small bit of bunting,
It's only an old tattered rag,
Yet victory, liberty, freedom,
Triumphantly wait on that flag;
The cross of St. George and St. Patrick
With St. Andrew's is lovingly bound;
The red, white, and blue of old England
With our own royal Maple is crowned.

CHORUS.
It's only a small bit of bunting,
It's only an old tattered rag,
Yet the Rose, the Thistle, the Shamrock,
Shall conquer the world with that flag.

It's only a small bit of bunting,
It's only an old tattered rag,
Yet Victoria's unnumbered millions
All happily dwell 'neath that flag.
Hail Queen, noble Empress, true woman,
Enshrined in the hearts of a world,
Thy Canada loyally greets thee
With tears, 'neath thy banners unfurled.

But we in this Britain the greater
Are true to the core to that flag;
May it flutter victorious for ever
O'er city, lake, prairie and crag.
Our forefathers died for its honor,
To touch it what traitor hand dare!
Three cheers then for Queen, Flag and
Country—
Three more for our Canada fair!

ARD'S LINIMENT, as last year I cured
a horse of Ring-bone, with five bottles.
It blistered the horse but in a month
there was no ring-bone and no lameness.

LADY WARWICK IN WHITE.
LONDON, Oct. 29.—There is tremendous
gossip in society over the Countess of
Warwick's latest fad. She has an ex-
tensive wardrobe entirely of white. When
on the street she is clad in white broad-
cloth tailor suits and in the evening she
wears filmy gowns of the same color.

Bentley's is not simply the best Lin-
iment. But it is a GOOD DEAL BETTER
than any other. It is a strong White
Liniment that is powerful, penetrating,
yet clean to use. The small bottles con-
tain 2ozs. and sells for 10c. Money
back if you do not like it.

Torpid Liver Headache

And Biliousness Made Life Miserable for
Three Years—Health Restored by Dr.
Chase's Kidney-Liver Pills.
Having a direct action on the liver,
Dr. Chase's Kidney-Liver Pills are in-
variably successful in curing liver com-
plaint, torpid liver, and the headaches
and stomach troubles resulting there-
from.
Mrs. Faulkner, 8 Gildersleeve place,
Toronto, says:—After doctoring with-
out success for biliousness, liver com-
plaint, and sick headache for over three
years, I am glad to testify to my ap-
preciation of Dr. Chase's Kidney-Liver
Pills. At first they seemed a little
strong, but being both searching and
thorough in their action, amply repay
any inconvenience by after results. I
am feeling better in every way, and
my headaches have entirely disappear-
ed. Dr. Chase's Kidney-Liver Pills are
certainly the best I have ever used,
and I freely recommend them.
The liver is responsible for very
many ills of the human body. It is al-
ways made healthy, active, and vigor-
ous by using Dr. Chase's Kidney-Liver
Pills. One pill a dose, 25 cents a box,
at all dealers, or Edmanson, Bates and
Co., Toronto.

THE SCOTTISH CANADIAN MINING COMPANY

of London, Canada.

Are You Satisfied With 3 per cent?

If not you must do as others have done—
get out of the old rut and shew your faith in something outside a chartered
Bank!
Nature has filled British Columbia so full of Mineral that it runs over in many places, and
all that is necessary to get it out is—
money!

There are properties now working where only sufficient money was needed to "grubstake" the men when they first started, and which are now turning out ore in fabulous quantities. These, though, are exceptions.
As a rule, the precious metals have to be sought for earnestly, and much time and labor expended in the getting of them.
Very few men are rich enough to run a mine alone—co-operation is necessary. Union is strength! A number of men get together and form a company to acquire and operate a certain property. Those who get in earliest get the lowest price stock and the most risk. As the price advances the risk lessens (or should!) until at length the mine pays dividends. For instance Le Roi (Rossland) were some few years ago offered here in the east at 5 and 10 cents per share, and they were hard to sell at that. Now they are quoted at £8:10:0 (\$42.50) each in England, and the last dividend was \$1.25 per share. At the same time the person buying low took all the risk of the property paying, or of losing his or her money. In this instance \$50.00 worth of stock is now worth \$42,500.00 and the last dividend amounts \$1,250 on 1,000 shares.
A little over a year ago a property was offered some men in London, Ontario, who carefully investigated its merits and, when satisfied, took it up, formed a company and started in to develop it.
The company is the "Scottish Canadian Mining and Development Co., of British Columbia, Limited," and the property "The Rob Roy Mine."

There is no reason at all why Scottish-Canadian Shares should not prove just as profitable as those before mentioned, as the "Rob Roy Mines" have magnificent surface showing, which have been proved, at a depth, by the tunnels. In addition the management is a careful and conservative one, getting a dollar's worth of work for every dollar spent, and watching outlay very closely.
The company is free of debt, and only has to sell enough stock to carry on the work till shipments can be made to the smelter.
Purchasers of stock to-day get in low, with the added advantage that there is hardly any risk in the shares now, development having shown that "Rob Roy" contains ore in apparently inexhaustible quantities.
The directors are well-known men, mostly from London and vicinity, and altogether, these shares offer a most promising field for profitable investment.
The shares are fifteen cents each, \$15.00 for 100 shares (not less than 100 sold); \$150.00 for 1,000 shares. The par value is \$1.00 each, so that the investment of \$150.00 buys \$1,000.00 worth of stock, and there can be no more calls or assessments on the shares.
If you buy a hundred or a thousand shares of stock you can never be called upon to pay a cent more than the fifteen cents per share, in any way, shape or form.
Many a man has a few hundred dollars to invest in something likely to bring better returns than he can get in the bank, and these shares are offered as being just what he needs.

Full particulars with reports, assays, etc., cheerfully given on application to
A. E. WELCH, Manager.
