Thin? Pale?

All run down, easily tired, thin, pale, nervous? And do not know what to take? Then go direct to your doctor. Ask his opinion of Ayer's non-alcoholic Sarsaparilla. No alcohol, no stimulation. A blood purifier, a nerve tonic, a strong alterative, an aid to digestion.

Consult your doctor freely about medical matters. He knows. Trust him. Do as he says. Follow his advice at all times. J. C. Ayer Co., Lowell, Mass.

Music and singing by Mr and Miss Dennis, a duet by Colonel and Mrs Crockett, entitled "Home again" from a foreign shore," which was most appropriate for the occasion. The 1910 issue of Carter & Co's Seed Catalogue is to hand. This year it is more than usually attractive, and within its fifty-two pages is to be found a great variety of necessary information for farmers, market gardeners, etc. Carter & Co. say in their greeting on the first page: "We can assure our friends and customers that our entire supplies are of the best, and that our individual interests are theirs. We cannot afford to offer an inferior quality knowing that it is such. Care and improvement in quality are our constant aim. Our supply of seeds for the season of 1910 are drawn from the best seed growing districts of England, Canada and the United States. We sell only such seeds as are adapted to the soil and climate of Prince Edward Island, of high grade, and the growing quality carefully tested. These have won for us the best trade in all parts of the Province, and our seeds are asked for and sold in preference to all others. Customers should be sure and ask their merchants for Carter's Tested Seeds. The Catalogue tells where, how to get and grow them." The Catalogue is a creditable product of local industry, coming from the office of the Examiner Publishing Company.

Give Your Eyes Justice

Don't buy glasses as you would shoes They might appear to good you for the time being, but the consequences are, that your case would become really serious.

Don't you know that glasses can't be too exact to improve the vision without injuring the eyes. You know the delicacy of these important organs of the head acts directly on your whole system. Frowns, headaches, stomach trouble and nervousness can, in many cases, be traced directly to improper glasses and neglected eyes.

With my Retinoscopy system and lense grinding facilities you have the best possible service right here—the only service of the kind in the province.

Rev H. E. Thomas who has been in Ottawa, is expected home the latter part of this week.

Miss Wilson, head milliner at Moore & McLeod's has arrived home from New York where she has been attending the millinery openings.

The funeral of the late Reuben Masters, Vernon River, recently was very largely attended over seventy sleighs following. He, and his wife who survives, were faithful members of the Methodist Church. He was buried on Sunday March 6th, the whole of the day's services were of an In Memoriam character. His pastor Rev. George Orman conducted the same preaching in the morning from "For me to live is Christ and to die is gain, and in the afternoon the text was Let me die the death of the righteous."

The Evangelistic services at Cherry Valley Methodist Church conducted by Evangelist J. S. McKay were most successful. In all about eight meetings were held, it is to be regretted that he could not stay longer, but much good was done, believers strengthened and built up, sinners brought in and a profound impression produced upon all. His discourses were most powerful, heart searching and wide reaching appeals. All the meetings were well attended but the Sunday evening service on March 6th was memorable. The evening service at Vernon River was given up and Pastor, officials and people joined forces with the Cherry Valley congregation, where seats had to be placed in the aisle. Many will bless God to all eternity for the visit of his servant.

People wishing to save money should pay their electric light bill today and receive the discount.

Mr. King of the C.G.S. Lady Grey was a passenger by the Earl Grey yesterday and will make a number of trips by that steamer to study ice conditions here and watch the Earl Grey while at work. It is claimed that the Lady Grey, to which Mr. King is attached, can break through ice two feet in thickness.

The Guardian has received from James Paton, City, who is at present in Paris, a post card which presents pictorially an idea of the difficulties in transportation during the recent floods in France which inundated the lower quarter of Paris. The view shows parties travelling through a flooded street on rafts, boats and other impromptu floats.
