

### WHO WERE THE Kahvejjibachi?

In sixteenth-century Persia, the Shah's court included officers, known as "Kahvejjibachi", specially commissioned to pour the Royal Coffee.

### A Joy to Pour... this Richer, Finer Coffee!

There's extra satisfaction in every cup of delicious Maxwell House because it contains choice Latin-American coffees... blended with a traditional skill... "Radiant-Roasted" to bring out the full goodness of every coffee bean.

It's not surprising that today more people buy and enjoy Maxwell House than any other brand of coffee in the world. It's always "Good to the Last Drop!"

### 1946 Tourist Accommodation

We expect a very large Tourist Business here this year and in common with the other Provinces we feel that all our citizens who can possibly assist in catering to this profitable business should make an endeavour to do so.

More hotel, cottage, cabin, and private home accommodation is very necessary, and those who can offer comfortable places should build up a permanent business. There are certain essentials required:

1. MODERN PLUMBING.
2. COMFORTABLE BEDS.
3. WELL COOKED MEALS, FEATURING ISLAND FOODS AND FISH IN SEASON.
4. CLEANLINESS EVERYWHERE.

If you can co-operate we will list your accommodation absolutely free of charge in our booklet "Places to Stay."

In addition to accommodation in cities, towns, and near beaches, we also want good farm homes as these are proving popular too.

Write or phone for free listing forms to

### The Prince Edward Island Travel Bureau

B. GRAHAM ROGERS, Supervisor  
Charlottetown, Prince Edward Island.

### They call him "Scrap-happy" GORMAN...

Always ready for a scrap or a laugh, the colorful manager of Les Canadiens is never happier than when feeding the flames of a hockey feud, or playing a joke on somebody... it's the Irish in him! But, scrapping or laughing, Thomas Patrick Gorman is recognized as a potent influence in Canadian sport. His hockey record has never been equalled... he managed six teams to Stanley Cup wins. In The Standard this week, Andy O'Brien, Sports Editor of The Standard, tells the life story of this firebrand of sport. It's a story that matches the glamour of hockey itself!

**Other features this week:**  
**LIFE WITH A JUNIOR INTERNE**  
Those Dr. Kiddare movies often give the impression that being a junior interne in a hospital is a life of glamour and pretty nurses. The exclusive photo story in The Standard this week debunks this idea. It gives you a real insight into the strict routine of working and studying which these doctors of the future have to follow.

**HAVE YOU SEEN THESE COMICS?**  
In addition to such favorites as L'il Abner, Dick Tracy and Blondie, The Standard's 30-page comic section has many other world-famous comic-strip characters including Joe Palooka, Major Hoople, Smitty, Out Our Way, Winnie Winkle, and Vignettes of Life.

**THE BEST MEN ARE COOKS?**  
—by Kate Athan  
Sometime ago, Kate Athan ran across two families in which the men of the house prepared a complete dinner once a month as a treat for their wives. Even Kate Athan was surprised at how well they did it. The recipes are in The Standard this week!

**"MURDER BEFORE MIDNIGHT"**  
A beautiful girl was murdered! Slowly, but surely, the net of evidence tightened around all the suspects, but one! Who did it? The answer will surprise you. Read "Murder Before Midnight"—complete novel in The Standard.

**INTO THE ATOMIC AGE** 4-page supplement entitled "Into the Atomic Age"—get the details of the \$3000 cash prize competition.

THE FASTEST SELLING WEEKLY NEWSPAPER IN THE MARITIMES

### CENTRAL GUARDIAN

This column is reserved for news of local interest, but advertising of a newsworthy nature may be inserted at five cents a word, strictly payable in advance.

**OOOKEE'S Photographs.**  
**CONFEDERATION LIFE INSURANCE.**

**THE GUARDIAN IN HALIFAX.**—Islanders and others in Halifax desirous of obtaining The Guardian may do so at Walker's White Spot, 11 Baiter St.

**MRS. JOHNSTONE** and her group of girls at Zion Hall, Thursday, February 26th. 2-25-21.

**MANY** of Charlottetown Artists sang and readings at Zion Hall, Thursday, February 26th. 2-25-21.

**HEAR DON MESSERS' ORCHESTRA.**—Charles Chamberlain at Variety Concert at Zion Hall, February 26th. 2-25-21.

**LAD TO REST**—The funeral of Miss Lella Hogan was held at 10:30 yesterday morning from her late residence at Water Street, to St. Dunstan's Basilica where Requiem High Mass was celebrated by Rev. Louis A. Dougan, who also officiated at the grave. The pall bearers were Messrs E. N. Tomlin, W. J. Brewster, Matthew White, Victor Furdie, A. A. Mitch and Leo Bradley.

**RECOVERED MAIL.**—Appreciation is expressed by Mr. L. E. MacLeod, district director of postal services of the work of the volunteer Boy Scouts who turned out Saturday and made diligent search for mail in the area of the plane crash at the Charlottetown airport.

**HIGH HONOR FOR GUEST CHILDREN EXECUTIVE.**—Parents of British guest children here, will be interested to know that Miss Marjory Maxse, London, who visited here in May 1944, has now, at the request of Mr. Winston Churchill, accepted the vice-chairmanship of the British Conservative Party.

**CHURCH SERVICES.**—Preaching on Sunday, March 3rd at Hazelbrook at 11, Cross Roads at 3, Alexandria at 7. Prayer service at Hazelbrook Church, Tuesday evening at 8 o'clock, Cross Roads on Friday evening, Alexandria on Thursday evening. Special business meeting at Alexandria at close of Prayer service, Rev. Sterling B. Stackhouse, Minister. 2-16-11.

**OF LOCAL INTEREST**—A Charlottetown nurse, Miss Mary McNutt, R. N. daughter of Mr. and Mrs. T. E. McNutt, was one of the nurses serving in the Fort Norman hospital which was destroyed by fire Friday with the loss of all its equipment. The hospital was at the Norman Wells on the Mackenzie. A wife received by her parents from Miss MacNutt assured them that she was perfectly safe.

**PLT.-LIEUT. A. R. LARGE** DEAD—Word had been received by Mrs. A. R. Large, Makaroff, Man., of the death of her son, Flight Lieutenant G. R. Large, while a prisoner of war in Germany in April, 1945. He enlisted in the R. C. A. F. in May, 1941, and went overseas in February 1942. Flight Lieut. Large was a former student of the University of Manitoba. He is survived by his wife and baby in England—Winnipeg Tribune—(Deceased was a son of the late Allie Large, who formerly lived in Albany, P. E. I.)

**AT ROTARY**—A recording of an interview with Mr. Paul Harris, founder of Rotary International, was heard by members of the Rotary Club at their luncheon yesterday. The recording was given by president K. S. Rogers and after being heard, was donated to the club for keeping in its archives. Mr. Rogers in commenting on the recorded interview which, he said, answered many questions concerning Rotary, added that he was in keeping with the ideals of Rotary that the current "Spy-Scares" at Ottawa be taken with a grain of salt. The reports being published in the press and broadcast over the radio should not be swallowed "hook, line and sinker" as there are always two sides to every question. Rotarians should analyze the facts and seek true understanding of the situation. Rotarians Alf Pickard and Ruel LePage were chairmen for the day. Mr. Pickard presided. Guests were Rev. I. J. Levy, Rev. Nelson Chappel and Al Blanchard, who was guest pianist for the day in the absence of Roy Kendall, who is confined to his home by illness.

**OUT OF WORK BENEFITS.**—The National Employment Office at Charlottetown is paying out weekly in out of work benefits and unemployment insurance some \$14,000. The Employment Office took over this part of administration from the Department of Veterans' Affairs, in so far as it affects veterans, on the first of February. The total number listed receiving insurance and benefit No. 1 is about 1100. Mr. George Cheterville, who is in charge of the Claims Department pointed out that the No. 1 benefit is paid to veterans who are unable to obtain suitable employment 30 days after discharge. It is continued for a period of 12 months providing the applicant is unable to obtain a suitable appointment in the meantime. The application for such a claim must be made within 18 months of the veteran's discharge. The figures given are for Queen's and King's Counties only and it is believed that the number receiving "out of work" benefits in Prince County is close to 300.

**MIRROR FANTASY**  
The superstition that a broken mirror brings bad luck came from the fact that a shadow or reflection once was considered part of the soul.

**WESTLIFE** Essex, England (CP)—Abel Brumer was granted a divorce after telling the court his wife preferred politics to married life and had deserted him four years ago. He quoted his wife as telling him that marriage "bored her" to tears.

### Handicraft Industry

We are particularly anxious to contact every person or organization on Prince Edward Island that makes any form of Handicraft—no matter what it is.

There is a great opportunity for profitable expansion here in all forms of Handicraft for sale to tourists and local citizens.

If you don't make anything yourself but know of some one who does, please send their names.

CANADA Killed On Active Service: Ducklow, Vernon Rupert, Sgt., New Westminster, B.C. Levy, Daniel, LAC., Toronto, Ont. Lowe, Richard Brockwell, LAC., Ottawa, Ont. Norris, James Leonard, FO, Chilliwack, B.C. Seeley, William James, Fl.-Lt., White Rock, B. C. Watt, Robert Huycke, D.F.C., FO, Winnipeg, Man. Wood, William Joseph, D.F.C., Fl.-Lieut., Winnipeg, Man.

### Egg-Breaking Job

MELVILLE, Sask. Feb. 25.—(CP)—Science has devised a machine to crack the shell, but the lowly shell egg apparently has it stumped. R.E. Lindblad, superintendent of the egg dehydration plant at this southeastern Saskatchewan town, says that when shell eggs start rolling through in production of egg powder they all will have to be broken by hand because no satisfactory method of machinery breakage has been found. At present the big plant which also includes a creamery hatchery and buttermilk dehydration plant and is one of the largest in Canada, gets its eggs already broken and

### FLY To Moncton-Summerside

## MARITIME CENTRAL AIRWAYS

shipped to it in a frozen mass from Winnipeg. But soon it will start using shell eggs, which will necessitate the employment of 50 persons to do nothing but break eggs all day as the plant fills its contract with the Dominion Government to produce egg powder for Britain. The plant, constructed originally in 1936 from a remodelled curling rink has had many additions since then. It now has a capacity of 1,000 cases of eggs a day for making egg powder, a hatchery with a capacity of 50,000 eggs at the peak of next year's season is expected to employ 125 persons. At present the plant handles only frozen eggs which are first defrosted and then put through a clarifier to remove any shell or hard substances. From there the egg liquid goes into vats for cooling, into a rotator and a pressure pump and are sprayed into a huge drier standing 25 feet high. In the drier the liquid turns to powder, is scraped from the drier by chains and then forced into an accumulator tank from where it is sifted into gleaming cellophane packages for shipment overseas. All through this process tests are continually made by the plant's own chemists. By taking bacterial counts they can determine where any bacteria is being introduced and other tests include those for moisture content, solubility, fluorescence, solidity and alkalinity. Often the chemists come to work without breakfast, mix up some egg powder and have a dish of scrambled eggs, for palatability tests are part of their job. One of the earliest ways of measuring time was by burning a candle or a stick.
