Farm For Sale.

The executors of the will of the late George Clark, offer for sale that valuable farm at Clarktown, Lot 37, fronting on Hillsboro River, two miles from Mount Stewart. This farm consists of 200 acres of upland and 20 acres of marsh land; all but about 20 acres of the upland is cleared and in a good state of cultivation, the balance is covered with rails and lumber. The farm has streams of fresh water along two sides of it, and has an abundance of alder and marsh mud, and is in close proximity to the mussel beds of the river. The railway station is but two miles distant and the wharf but one. On the premises are a comfortable dwelling, large barn, stable and coach house, implement and out buildings.

For further particulars, terms, &c., apply to Mrs. Clark on the premises, S. C. Clark or Kimble Coffin, Mount Stewart or W. Leitch, Charlottetown.

THE SMELT INDUSTRY.

The prevailing mild weather and the too early beginning of the smelt fishery has led to the shipment of considerable quantities of smelts to the Boston and New York markets under quite unfavorable conditions. Continued mild weather such as frequently prevails here and in the Eastern States during November renders it very difficult to place the fish on the market in good order, especially when the rules laid down for packing and shipping are not carefully observed. It is very regrettable when the first shipments reach the market in bad order as it prejudices the product of the entire season.

The smelt industry has become so important that it ought to be brought under official supervision. It would seem to be distinctly in the interest of this industry if shipments were limited to begin not earlier than the first of December, when established cold weather will enable shipments to be made without loss. It would also seem desirable that all shipments should be made subject to inspection, so as to secure the carrying out of approved methods which would greatly enhance the value of the products and maintain the high value and credit of our smelt industry.

SHIPMENT OF LIVE LOBSTERS.

In recent years a large business has sprung up in the shipment of live lobsters to the New England and New York markets from various points in Nova Scotia. Such shipments have been made by water, but might also be made by rail and express with a little preparation. The demand for the crustacean in its fresh state in the New York and Boston markets is a large and growing demand and prices have proved to be remunerative.

So far the live lobster business has not we believe, been extended to Prince Edward Island. It is worth the consideration of our enterprising lobster fishermen whether or not this form of shipping lobsters might not be more profitable than the process of canning, or whether it might not be adopted as an auxiliary to the business as now carried on in this Province. We throw this out as a suggestion merely.

Lumbago, Sciatica Gout, Neuralgia

All Caused by Rheumatic Poison in the Blood—Cure Guaranteed—Relief Swift and Sure From

Dr. HAMILTON'S PILLS

There is a new life ahead for every sufferer from rheumatic poison who has not yet used Dr. Hamilton's Pills; their prompt cures are the marvel of the medical profession of many nations.

The unspeakable anguish of rheumatic torture need no longer be suffered—use Dr. Hamilton's Pills and permanent cure is assured. In so many thousands of cases have Dr. Hamilton's Pills been successful, the manufacturers are willing to guarantee a lasting cure to all that use them.

No one can doubt the efficacy of Dr. Hamilton's Pills after reading the experience of Miss Minnie Saunders, of Halifax, who says:

"Scores of different remedies failed to relieve me. I suffered incessantly from neuralgia and sciatica. Sometimes the pain was unbearable.

"A friend recommended Dr. Hamilton's Pills. In a few days I was relieved. I continued the treatment, using in all five boxes, and was cured.

"I have not felt the slightest pain or ache since taking Dr. Hamilton's Pills and consider my cure absolutely perfect."

Why delay any longer? Get Dr. Hamilton's Pills at once. They will restore your health in a short time. Price 25c. per box, or five boxes for $1, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U. S. A. and Kingston, Ont.

THE LATE FRANCIS BAIN.

The large granite boulder beside the Court House which was placed there some time ago by the Natural History and Antiquarian Society in memory of the late Francis Bain, will be the centre of a brief but interesting ceremony this afternoon at half past two o'clock. This natural monument, so fitting to a self-taught geologist, has recently been completed by the addition on one side of a bronze tablet bearing a suitable inscription. His Honor the Lieutenant Governor will perform the ceremony of unveiling and brief addresses will be delivered by him, by His Worship the Mayor and prominent members of the Society. It is fitting that the good work done by Mr. Bain in giving an impetus to nature study in this Province should be publicly recognised, by the Society of which he was an honored member, and by the community in which he lived and which has profited by his labor and research.

THE KINGDOM OF NORWAY.

In some respects the people of Norway are the most democratic in the world and yet they have chosen to themselves a King by a tremendous majority of the popular vote. More recently the Socialists and Republicans have withdrawn their opposition and decided to make the election of the New King unanimous. King Haakon VII—the name is spoken Hokon—thus becomes the only reigning sovereign who holds his throne by the free choice of all his people. In another respect his position is unique. Norway and Sweden had an order of nobility. According to the Norwegian constitution no new title can be created apart from the tenure of office, and with the death of the members of the existing nobility all personal honors, distinctions and privileges belonging to the nobility shall cease. Thus the Kings of Norway will in future not be surrounded by a titled aristocracy. They will be in close touch with the people in the most democratic of Kingdoms.

We quite agree with The Patriot that some simple and inexpensive method of collecting vital statistics is an imperative necessity in this Province. Some years ago the Women's Council took the matter up and if we remember rightly Hon. Benjamin Rogers who was then Provincial Secretary prepared a bill dealing with the matter. It was held over owing to some opposition on the ground of expense and other grounds and dropped out of sight. The Guardian has been for ten years past the frequent advocate of the system of registering births, deaths and marriages which prevails in the adjacent Provinces.

Very little work has been done so far by the grain elevators constructed and maintained at great cost in Halifax and St. John in connexion with the Intercolonial. Year by year it has been given out as an expectation that quantities of grain would be handled during the ensuing winter, and we notice the same thing in a recent Halifax despatch with regard to the elevator at that port. We fear the expectation will be disappointed, as it was in most previous years. The I. C. R. cannot compete with the shorter routes in the economical carriage of grain. And it would be a mistake to carry it at a loss.

R. L. Borden during the recent by-election campaigns gave out that he is quite willing that the indemnity bill of last session shall be reconsidered. This is well, so far. It would have been much better to have duly considered the matter and rejected the bad features when the bill was before Parliament. In view of the general and notorious unpopularity of the measure in the country there is now an apparent disposition on the part of both the Government and Opposition to make some concessions. The Ministers' pensions must go altogether overboard or be greatly modified. It is evidently hoped by some small concession like this to save to the Senators and Members the extra thousand dollars they grabbed last year. This would never satisfy the country. The grab made by the Parliament men is justly looked upon as the most selfish, sordid and obnoxious feature of the entire measure. The other features were added to float it through. Any reconsideration of the bill ought to strike at the most objectionable features.

COUGHERS, HAWKERS, SPITTERS

Public expectoration is against the common law, against the laws of health also. When the throat tickles, that's the time you need "Catarrhozone"; it soothes away the irritation, cuts out the phlegm and loosens the tight feeling. You'll quickly cure that catarrh and throat trouble with Catarrhozone. It positively prevents new attacks and cures catarrh forever and for all time to come. Don't take our word for it, try Catarrhozone yourself. Once used you'll be delighted with its pleasant and helpful influence.

DON'T USE POOR OIL.

For use on sewing machines, bicycles and all purposes requiring a fine lubricant, the best is cheapest in the end. Genuine Singer oil can only be obtained at Singer stores. Look for the red S., Queen Street, Charlottetown; o on south side of Water Street, Summerside, P. E. I.

MINUTES OF PRESBYTERY

At Murray Harbour North and within the Presbyterian Church there, Wednesday the eighth day of November, in the year of our Lord nineteen hundred and five, and at the hour of two o'clock in the afternoon:—Which time and place the Presbytery of Prince Edward Island met pursuant to adjournment and was constituted by Rev. R. G. Sinclair sederunt, Ministers, Mr. R. G. Sinclair, moderator pro tempore, Mr. D. S. McPhee and Mr. G. C. Robertson, elder Mr. Dalziel. It was moved that Mr. G. C. Robertson act as clerk, pro tempore. Mr. A. Grey, the minister elect being present, was asked to sit as a corresponding member. The edict of Mr Andrew Grey's induction was returned as duly served. Mr. Sinclair then put the questions to the congregation anent Mr. Grey's life and doctrine and no objection to these having been brought forward, Mr. D S. McPhee proceeded to conduct Divine Worship. He preached an appropriate sermon from the eighth verse of the fourteenth chapter of the Gospel according to St. John.—"And Philip Saith unto Him, Lord Shew us the Father, and it sufficeth us." Thereafter Mr. Sinclair put the usual questions to Mr. Grey, and satisfactory answers having been given, he inducted him by prayor and the right hand of fellowship to the pastoral charge of the congregation. Mr. Robertson then addressed the minister and Mr. Sinclair addressed the congregation. Mr. Grey expressed his willingness to sign the formula and it was agreed to add his name to the roll of Presbytery. On motion by Mr. Robertson the Presbytery then adjourned to meet at Heatherdale Tuesday, the Twenty-first day of November next, and at the hour of seven o'clock in the evening, of which public intimation was made and this sederunt closed with the benediction.

GEO. C. ROBERTSON,
Clerk pro tem.

BLOODLESS GIRLS

Find New Health Through the Use of Dr. Williams' Pink Pills.

When you see a young girl pale and ailing and wasting away, you know that budding womanhood is making new demands upon her blood supply which she cannot meet. Month after month her health, her strength, her very life, is being drained away. No food and no care can do her any good. Common medicine cannot save her from broken health and a hopeless decline. New blood is the one thing that can make her a healthy, cheerful, rosy-cheeked girl. And Dr. Williams' Pink Pills actually make new blood with every dose. That is the whole secret of how they have saved thousands of pale, anaemic girls from an early grave. Miss Alice Chaput, aged 17 years, living at 475 St. Timothee street, Montreal, gives strong proof of Dr. Williams' Pink Pills to cure. "A couple of years ago," says Miss Chaput, "I was an almost continuous sufferer, and became so weak I could hardly go about. I suffered from frequent and prolonged spells of dizziness, I had frightful headaches, and my stomach was completely out of order. The least exertion would leave me worn out and breathless, and I did not appear to have a drop of good blood in my body. I consulted a doctor who told me the trouble was general debility, but his treatment did not help me a particle. To add to the trouble my nerves gave way, and I often passed sleepless nights. At this stage a friend advised me to try Dr. Williams' Pink Pills, and I got a few boxes. The first benefit I noticed from the use of the pills was an improved appetite, and this seemed to bring much relief. I continued taking the pills until I had used six boxes, when I was fully restored to health, and I have not had a day's illness since. I cannot praise Dr. Williams' Pink Pills enough for the great good they have done me."

A pale anaemic person needs only one thing—new blood. Dr. Williams' Pink Pills do one thing only—they make new blood. That is all they do, but they do it well. They don't act on the bowels. They don't bother with mere symptoms. They won't cure any disease that isn't caused originally from bad blood. But when Dr. Williams' Pink Pills replace bad blood with good blood they strike straight at the root and cause of all common diseases like headaches, sideaches, backaches, kidney trouble, liver complaint, biliousness, indigestion, anaemia, neuralgia, sciatica, locomotor ataxia and the special secret troubles that every woman knows but that none of them like to talk about, even to their doctors. But you must have the genuine pills or you can't be cured, and the genuine always have the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around the box. Sold by all medicine dealers or sent direct by mail at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

MARINE SCHOOL OPENING.

KINGSTON, November 22.—Accommodations have been arranged by the school of mining in the old collegiate institute building for a marine school, to be opened in January with 30 in attendance. The marine department at Ottawa will conduct it.

THE SOURCE OF NEURALGIA.

It runs hand in hand with poor blood and weak nerves. Health runs down, nerves get irritable, neuralgic torture follows. For the moment applications may relieve—but to thoroughly cure, the system must be strengthened with nutritious blood.

What can equal Ferrozone? It increases the appetite, forms abundance of rich life-giving blood, supplies nutriment and building material for wornout nerves. Ferrozone completely cures neuralgia. Every root and branch of the disease it kills. Absolute success in every case. Stop suffering—fifty cents buys Ferrozone. Fifty chocolate coated tablets in a box at any drugstore.

AN APPETITETEMPTER.

THE LATEST OVERCOAT

THE latest overcoat—THE PRINCE. It promises to be a great favorite; loose and very box-y; fancy fabrics; extremely swagger. The other coat shown is the double-breasted belt overcoat; steadily popular. Prices $8.00 to $16.00.

JAMES PATON & CO.

A GRAND RESULT

In Charlottetown, P. E. I.

MR. A. N. FRASER, Prov. Manager, May 2nd, 1905
The Mutual Life Insurance Co. of New York,
Charlottetown, P. E. I.

DEAR SIR:—I acknowledge with thanks the receipt of your Company's cheque for $7,030.30 on Bank of Montreal; also Annuity Policy No 11725, which provides—That on May 1st, 1905, and each year for life, I will receive three hundred dollars ($300) in settlement of my matured $5,000, 15 year endowment, 15 year Distribution Policy No. 401,632 with Deferred Annuity in THE MUTUAL LIFE INSURANCE CO. OF NEW YORK.

This I consider a splendid result, as to buy an Annuity of $300 at my age would cost $3,408, so that drawing $7,030.50 and getting an Annuity of $300, I am getting practically a cash value of $10,430.30.

I also carry another policy in your company, in which I have all confidence,

Yours very truly,
(Signed) SIMON W. CRABBE,

Write today for full particulars.

A. N. FRASER, Charlottetown, P. E. I.
