Speakers Laud Efforts Of T. B. League

(Continued from page 3)

...the Sanatorium. Continuing his address, Mr. Cameron stated: "As I said last year, our main task is to acquaint the public with the conditions prevailing in the disease we are trying to stamp out. We have in 1939 the fourth highest death rate in Canada. That fact cannot be escaped. Last year, despite the combined efforts of all preventive organizations, our death rate was approximately 60 per 100,000 population. "Fear of the disease has been a big factor in holding back many cases. The League has done much to dispel that fear when we learn of death it, we shall find our work of defeating tuberculosis much easier. "In a great many similar annual reports you will find a similar statement. That is natural because war affects all things. We do not know how long this war will last but we do know that we are two years nearer the end than we were when it started. "But, while we are doing our utmost to beat Hitler and Mussolini, we cannot afford to neglect our efforts to beat tuberculosis. It is a far greater enemy than either of them. A victory in this case is equally as important as a victory in the war. "The war will end some day but

tuberculosis never will unless this League continues to fight. Till the case is cured, it is your war. You never quit until we can assure you of the sanatorium and a "For Rent" sign on the back door.

Seal Sale

"Taking into consideration the many appeals made to the public, our Seal Sale Campaign is producing gratifying results as you will learn from the Treasurer's report. "Many calls from this source is the indication of our organization and I cannot recommend too strongly that, among your different duties, you advocate even greater efforts in this respect to ensure that you can operate in an efficient manner. "Many calls will be made on you this year, but none will be more than of your support. I want you to leave here today with this thought uppermost in your mind—our tuberculosis League must continue to operate. This can only be accomplished by its receiving your whole-hearted support. The knowledge that you are directly responsible for saving many lives and some splendid sustain you in your efforts. "In closing, I wish once more to thank the ever many of our Executive for the generous support they gave me. Always willing to be of assistance, a great deal of our success is due to their co-operation. "I also wish to extend our thanks to the Press and Radio for their help, and an especially grateful "Thank You" to the Women's Institutes and Catholic Women's Leagues for their untiring efforts.

BRIDE-TO-BE SHOWERED

Miss Gladys Hughes was the recipient of many lovely gifts at a most anxious shower tendered her on Monday night by the Victory Bridge Club in the dining hall of the Central Hotel, where upwards of fifty friends assembled. Miss Martha Carragher opened the parcels, and Miss Peggy McIntosh read the verses which created much merriment and laughter. Many of the witty, homemade verses accompanying the gifts had a natural flavor as the bride-to-be is marrying a member of the R. C. N. R. Miss Hughes, although taken by surprise, thanked one and all in a few well chosen words. A program of popular songs by Miss Helen Doucette followed and was heartily enjoyed by all present. Afterwards a dainty buffet lunch was served by Mesdames Harold Bruce, Ray Doyle and Arthur Moran, and Misses Martha Carragher, Elizabeth Katherine, and Mary Duffy, Peggy McIntosh, Den-

ise McQuaid, Esther Mitchell and Stella Smith. Before bouncing the popular bride-to-be all joined in singing "For She's a Jolly Good Fellow" and "Auld Lang Syne."

Quebec Court Upholds Legality of Mixed Marriages

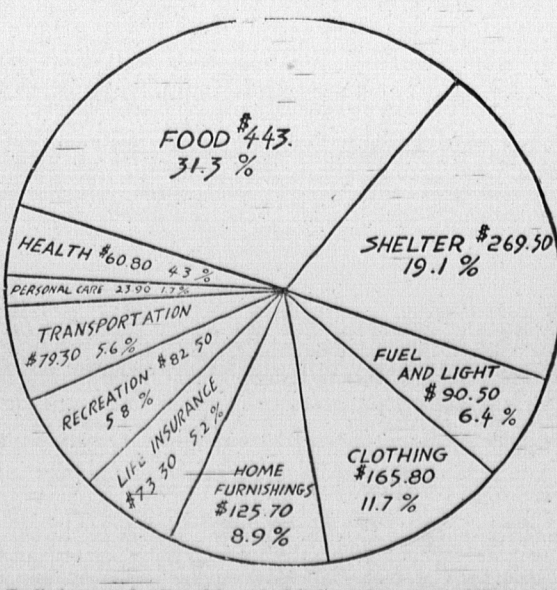

MONTREAL, Sept. 16.—(CP)—The court of King's Bench, in an unanimous judgment yesterday, ruled that the celebration of a so-called "mixed" marriage by a Protestant clergyman is legal and valid in the province of Quebec. The court, sitting in appeal, ruled that such a marriage cannot be overturned by annulment because of religious faiths of the contracting parties. "The decision of the highest tribunal in the province was believed to have solved a legal problem which has existed since 1908. It was the first time that court of King's Bench has been able to pass judgment on such a case, as annulments granted from time to time in the superior court had never resulted in appeals. Today's judgment upheld the appeal of Canon R. S. W. Howard of St. Urbain and Prince Arthur Anglican Church against the judgment of Mr. Justice Alfred Forest, Superior Court, in July, 1929. Mr. Justice Forest had annulled the marriage of Laurier Bergeron, a

Roman Catholic, to Wilhelmina Kriklow, a Protestant, the main ground for the annulment being that Canon Howard, as a Protestant minister, had no authority to celebrate a marriage between a Protestant and a Roman Catholic.
