## NO PROGRESS WITH DOMINION ESTIMATES

Afternoon and Evening Spent Without Passing a Single Item.

(Canadian Press.)  
 House of Commons, Ottawa, March 23.—An appropriation of \$600,000 in the estimates for completion of the main tower of the parliament buildings met with such determined opposition in the House of Commons today that the government finally allowed the item to stand over. Opposition to the vote came from Progressives, Conservatives and Labor members. C. A. Brethren, Progressive member for East (Peterboro), moved that the item be struck out, but withdrew his motion when the government allowed it to stand. A. R. McMaster, Independent Liberal member for Brome, suggested that the tower be left unfinished as a constant reminder to the country of the need of economy.

The Prime Minister pointed out that the tower was to be a memorial to the war dead, that European countries had sent stone to be incorporated in it and suggested that it was desirable to complete as soon as possible the national parliament.

General J. A. Clark, (Conservative, Burrard) expressed the view that the returned men in Canada would be quite content to wait for a while for the completion of the memorial.

Hon. Dr. J. H. King, Minister of Public Works, urged that the tower be completed inasmuch as in a few years the architect's fee would be higher, and machinery provided and the cost of resuming would be high. Besides all this the shops and sheds scattered around would remain an eye-sore for years.

The House spent a large portion of the afternoon and evening in discussion of estimates, but when adjournment was made shortly before ten o'clock not a single item had been passed.

## ABANDON HOPE FOR RESCUE

(Canadian Press)  
 TOKIO, Mar. 23.—Hope, for the rescue of the eighteen men trapped in the compartment of Submarine 43, lying on the ocean bottom off Sasebo, was abandoned this afternoon. Efforts to raise the craft or drag it to a position where it would be possible to liberate the imprisoned men failed. Twenty-six men were drowned when the vessel sank following a collision with a warship Wednesday and eighteen members of the crew have probably died of suffocation.

## Famous French War Figure Passes Away

(Canadian Press.)  
 PARIS, March 23.—General George Nivelle who commanded the French troops at Verdun during the European war, is dead.

## Vote to Certify Sinclair to Senate For Contempt

(Canadian Press)  
 WASHINGTON, March 23.—By unanimous vote the Oil Committee today voted to certify Harry F. Sinclair to the Senate for contempt as a result of his refusal to testify further before the committee.

## Mexican Rebel Leaders in Flight To Texas

(Canadian Press)  
 NEW ORLEANS, Mar. 23.—The gunboat Zaragosa, with Adolfo de LaHuerta and other Mexican revolutionists, is headed for Galveston, Texas, it was believed today in official circles. This was based on intercepted radio messages. The flight of the rebel leaders indicated the collapse of the revolution, it was said.

## Four Masted Schooner Ashore Off N. Carolina

(Canadian Press)  
 BALTIMORE, Mar. 23.—The four masted schooner Dorothea L. Bringham, was today reported ashore at Oregon Inlet, North Carolina, by the marine observer at Cape Henry.

The crew were all saved.

## Says Civil Service Will Not Stand For Bonus Cut

ST. JOHN, N. B., March 23.—That the civil service employees could not stand the cutting off of a bonus amounting to \$1,700,000 a year, and did not intend to stand for it, was one of the statements made by Tom Moore, president of the Trades and Labor Congress of Canada when he addressed a large gathering of organized labor here tonight. He pointed out that the bonus was not in reality a bonus at all, but was merely a method which the government used to increase the salaries of the civil service employees, when the purchasing value of the dollar decreased with the increase in the cost of living.

**FARM FOR SALE—65 ACRES AT South Rustico owned by Theodore Doucette, at present in Massachusetts. Farm all clear, buildings in good repair. Apply to Gaudet & Hassard, Solicitors, etc., Charlottetown. 2164-3-21-61**

**FATE UNKIND TO HEROINE OF WORLD-FAMOUS SONG**

(Canadian Press.)  
 NEW YORK, March 23.—"But, my darling you will be, always young and fair to me." That prophecy of "Silver Threads Among the Gold" was never fulfilled for Mrs. Harriet Danks, who inspired the tender love song. Aged, feeble, poor, lonely and unhappy, the heroine of the immortal lines sung by lovers throughout the world, lived to see its beautiful sentiments drowned in the bitterness of family strife. Mrs. Danks wife of the author of the song, died in reduced circumstances in a Brooklyn rooming house at the age of 82. Her husband predeceased her.

**RUSSIA TO DISCARD COMMUNISM**

Boris Bankmetef, formerly Russian Ambassador to the United States, addressing the Canadian Club in Toronto, predicted that Russia would throw off Communism in the near future and the new Russia would develop a strong sense of national unity.

## RETURNS FROM LOUISIANA

Mr. Justice Arsenault of this city, President of the Acadian National Society for the Maritime Provinces and new England States, has returned to his home in Charlottetown after a six week's trip to Louisiana, where he was accompanied by Rev. A. D. Cormier of Shediac, President of the committee in charge of the monuments at Grand Pre, Annapolis.

They visited Acadian centres at New Orleans and the establishments at Bayou-Teché in Louisiana where there are two hundred and fifty thousand settlers. They addressed a dozen meetings.

## SITUATION IN ALL SMALLPOX IRELAND AGAIN CONTACTS NOW GROWS SERIOUS IN QUARANTINE

Attitude of British Gov't re Boundary Commission Causing Unrest.

(British United Press)  
 LONDON, March 23.—The situation in Dublin is growing more serious every day despite hopeful statements issued by the Free State government that conditions are improving and that the trouble is well in hand. Very little information is being given out and what statements are made public are carefully censored before issued. The recent Queenstown incident is typical of the general feeling that prevails in all parts of Ireland outside Ulster. The dilatoriness of the British government in forcing the reassembly of the Boundary Commission is having an exceedingly bad effect outside Dublin and its postponement has aroused many suspicions in the minds of those who are well disposed towards the new regime.

Frank Rutledge who accepted the leadership of the Nationalist party after the capture of De Valera has come out with another emphatic statement that his followers will accept no compromise on the question of republicanism. In his statement he says he regrets the probability of the resurgence of hostility and military operations against England but at the same time in strongest terms he says bitter and violent terms against England generally. It is generally believed that the present Free State government is bound to fall soon owing to repeated crises that are almost daily arising in the army. In this case it is expected the Republicans will make a bold effort to seize power after the manner of the coups of the Fascists.

## LAUDS MEIGHEN AS LEADER

(Canadian Press)  
 MONTREAL, Mar. 23.—Administration for Right Hon. Arthur Meighen, leader of the Conservative opposition in the House of Commons, as a man of "great courage and independent thought, frank and outspoken in this country of different nationalities, race and religion," and an appeal for equitable treatment of the French Canadians and for greater unity throughout Canada were the outstanding themes of the address of Armand Lavergne, Quebec Nationalist leader, who spoke here on Saturday night at the banquet given in honor of Hon. Rodolphe Monty, former Secretary of State and Hon. Andre Fauteux, ex-Solliciteur-General, by the Liberal-Conservative Club of Montreal. Over one thousand people attended the function which was presided over by Mr. Meighen.

## Woman Manages Steel Plant

(Canadian Press)  
 ASHLAND, Ky., March 23.—Mrs. M. Lowrey, today took her duties as president and director of the Marting Iron and Steel Company of Ironton, Ohio, a \$2,000,000 corporation, succeeding her late husband, Clark Lowrey. Her position is believed to be unique in the steel industry.

## Woman Manages Steel Plant

(Canadian Press)  
 ASHLAND, Ky., March 23.—Mrs. M. Lowrey, today took her duties as president and director of the Marting Iron and Steel Company of Ironton, Ohio, a \$2,000,000 corporation, succeeding her late husband, Clark Lowrey. Her position is believed to be unique in the steel industry.

**CHINESE CIVIL WAR**—The military forces of Northern China are said to be concentrating for a renewed drive against the headquarters of the southern faction at Canton. Two armies have entered Kwangtung Province preparatory to a final effort for Chinese unification.

## LINERS COLLIDE IN HUDSON RIVER—NO LIVES LOST

(Canadian Press.)  
 NEW YORK, March 23.—The White Star Liner Olympic out ward bound for England today collided with the steamer Fort St. George of the Furness Bermuda line in Hudson River. Neither were seriously damaged, although the Fort St. George put back to her dock.

The Olympic was backing out of her dock when the Fort St. George, also outward bound, steamed down from her dock further up the river, just in time to have her rails swept by the huge Olympic's outthrust stern. Both carried large passenger lists.

## 5 Men Confined to Their Homes in King's Co. — Remaining 11 Not on Island as Reported.

Dr. J. S. Jenkins reported last night that five of the eleven men who recently arrived on the island from the smallpox infected camp in Maine had been apprehended and placed in quarantine at their homes.

All these men have been on the island several days having succeeded in reaching here two days before any intimation was received that they had left an infected camp. Two of the five now in quarantine have just recovered from smallpox having suffered from a mild form of the disease. It was ascertained from one of these that the remaining six Islanders had not travelled with those now in quarantine but had proceeded to points near and around Boston.

The men in question were placed in quarantine by Doctors Brehaut, Murray River and Doctor J. D. McIntyre of Montague. On being questioned they stated that smallpox has existed in the camp since Christmas and that the two Islanders who contracted the disease did not receive medical attention and that they had left the camp only after work was completed. They further added that they were unaware that any danger was attached to their returning home.

Dr. Jenkins gives the assurance that strict vigilance is and will be maintained at Borden as the balance of men may return shortly.

The first intimation was received here of the escape of the men on Thursday morning and early Friday evening four of the men were apprehended, the fifth being placed in quarantine on Saturday. The promise with which this was effected was due largely to the publicity given by the press and the sense of public safety displayed by the people in despatching to the Health Officer information which, although in many cases proving somewhat incorrect, eventually lead to the apprehension of the five men.

## Turkish Government Candidate Lost

(Canadian Press)  
 CONSTANTINOPLE, March 23.—All the government candidates with the exception of Ismet Pasha were defeated in the elections of the executive officials of the People's Party.

## Sunday Night Sing Song At Y. M. C. A.

Another one of those very interesting evenings was spent at the Y last night with an attendance of over 250.

The speaker of the evening was Rev. P. Boyle, D.D., of Kings College who took for his theme "Friendship and Grace." His talk was both interesting and instructive.

The junior quartette of St. James Church favored the audience with a couple of very nice selections.

Rev. Mr. Taylor opened with benediction and Mr. J. T. MacKenzie said the closing prayer.

## To Go Into Whole Career Of The Home Bank

(Canadian Press)  
 TORONTO, March 23.—R. J. McLaughlin, K. C., and A. G. Browning, K. C. who have been appointed as counsel for the depositors of the Home Bank at the investigation to be conducted by Chief Justice McKeown of New Brunswick on behalf of the Dominion government, returned to Toronto today.

Speaking of the commission Mr. Browning stated that Chief Justice McKeown announced his intention of going into the whole career of the bank from its inception to the day of its collapse and that he welcomed the co-operation of all who had any interest in the bank's affairs. The Chief Justice also expressed the hope that none of the Ontario officials or the liquidators would regard this probe as in any way infringing upon their position.

## WILL SUPPRESS CROSS CANADA DRUG HEROIN. N. R. RADIO CHAIN

(British United Press)  
 LONDON, March 23.—Canada has declared war upon another dangerous drug. The dominion has notified the League of Nations that it will heartily support the proposal that the drug heroin will be regarded as harmful and its sale shall be totally suppressed save under strictest medical control.

Canada took the initiative in this matter and through its representative notified the League of the action it intended to take at the meeting of the committee dealing with the sale and distribution of dangerous drugs and it has already received the support of several influential members of the League. This action was taken after consultation with distinguished medical authorities of the leading countries of the world and after many hospitals of Canada and elsewhere had been canvassed on the question. Canada is to ask the League for total suppression of the sale of the drug save by physician's prescriptions as part of the campaign being waged against harmful drugs.

## Details of Raw Furs For 1922-23

OTTAWA, March 23.—The total value of the raw fur production of Canada for 1922-23 was \$16,761,567, for 4,963,996 pelts of animals trapped and ranch bred, the latter constituting approximately 3 1/2 per cent of the value. Compared with the previous season, an increase of \$7,206 is shown in number and a decrease of \$677,300 in value.

Muskrat again is first in order of value, 3,846,161, valued at \$5,077,886. White fox has displaced beaver and is second on the list, value \$3,015,348, followed by beaver, \$2,461,667; mink, \$1,371,411; marten, \$1,045,810 and silver fox, \$774,848. The combined value for the pelts of these six animals amounted to \$13,746,470, or 82 per cent of the total.

Ontario ranks first in value of raw fur, with \$3,616,692, followed by Quebec, \$3,049,656; Saskatchewan, \$2,242,937 (and the Northwest Territories \$2,171,424. Alberta, Manitoba and British Columbia had each over \$1,000,000 and Yukon Territory, \$199,522. The combined value for Prince Edward Island, Nova Scotia and New Brunswick amounted to \$738,816, the principal item for each being ranch-bred silver fox.

Until a few years ago Prince Edward Island was the only Province in which fox farming had been developed to any extent, but within the last few years fox farms have been established in every Province, and in 1922 there were 977 fox farms, of which less than half were in Prince Edward Island.

## A DAILY TALK ON ADVERTISING

By Scammon Lockwood

THE WANT AD.

Almost everybody at one time or another has occasion to write a want ad, and many of these people afterwards have occasion to wonder why they didn't get what they wanted.

Here are three examples of want ads which, to say the least, are not all that they should be:

For Sale a piano by a young lady who has leared up.

Dog for Sale will eat anything very fond of children.

John Smith having gone to see his wife desires the prayers of his friends and neighbors.

These are more or less comic examples of how easy it is to make an absurd mistake even in so simple a thing as a newspaper want ad.

The first ad of course just merely requires the transposition of one phrase, although the statement that it is a young lady who has a piano for sale is of no value whatsoever, unless to some bashful young gentleman who doesn't know how to make a young lady's acquaintance.

The second advertisement is unfortunate in its sequence of ideas, although very likely the reader would understand what was meant. But remember that in an advertisement it is bad business to put any strain at all upon the reader's attention. If you want him to understand you it is your advantage to make it just as easy as possible for him to understand you.

The third advertisement is merely a matter of spelling and punctuation. Put a comma after the word "see" and spell it "sea" and the entire sense of the thing is changed.

(Continued on page six)

## When Completed Will be Greatest System of its Kind in World.

(Canadian Press)  
 MONTREAL, Que., March 23.—Arrangements have been completed for the establishment of a station in five cities in Western Canada. There remains only Vancouver to complete the transcontinental chain of radio stations that will make the Canadian National Railways operator of greatest chain of non-commercial radio broadcasting stations in the world.

Advices have been received at the general headquarters in Montreal from Mr. W. H. Swift, Radio engineer of the National system, that he has completed all arrangements for the establishment of stations in Winnipeg, Saskatoon, Regina, Edmonton and Calgary.

These stations are not new, like CKCH in Ottawa, but are stations already existing with which the Canadian National Railways have come to agreement for the broadcasting of programmes.

In Winnipeg the Manitoba government telephone station (CKY) 450 meters will broadcast for the Canadian National Railways every Thursday evening. From Saskatoon the Radio Supply Station (CQK) will broadcast every afternoon between 3 and 4 o'clock. From Regina the Leader Station (CKC), 420 meters, will broadcast each Tuesday evening. From Calgary, Grant Station (CFN), 440 meters will broadcast every Wednesday evening and the Herald Station (CFAC), 430 meters, every Thursday evening. From Edmonton, the Journal Station (CJA), 450 meters will broadcast every Friday evening.

The afternoon programme is to be
