Every Mother A Doctor

It is an anxious time for mothers when the little ones get their feet cold and wet, and come home hoarse and coughing, or awaken in the night victims of deadly croup. Then it is that mothers turn gratefully to Dr. Chase, who, through his great Recipe Book and famous family remedies, has time and again saved the little ones and older ones, too, from suffering and death.

It is truly surprising how promptly Dr. Chase's Syrup of Linseed and Turpentine brings relief when the throat is sore and irritated, when the cold is tight in the chest, and the cough painful and distressing. It allays the inflammation, heals the sore and torn membranes, soothes the nerves and clears the air passages. People who know of the singular virtues of Dr. Chase's Syrup of Linseed and Turpentine do not think of accepting the cheap substitutes which many druggists offer in its place; 25 cents.

Nervous Dyspepsia. A CURE FOR IT.

Not a Patent Cure-all, Nor a Modern Miracle, but Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles, they are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of the absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for digestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no further than this and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it, that the facts will not fully sustain it.

It is a modern discovery, composed of harmless vegetable ingredients, acceptable to the weakest or most delicate stomach troubles. Its great success in curing stomach troubles is due to the fact that the medical properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ of the body. Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package. And druggists will tell you it gives universal satisfaction.
