MONDAY

MOTOR VEHICLE REGISTRATION - About 3,000 motor vehicles have been registered to date this year. Of these 2,650 are cars, and 350 are trucks. The figures are approximately those of this date in 1932.

ISLAND STUDENTS - At Sackville this week elections were held among the Mt. Allison University students for campus positions next year. Garland Brooks of O'Leary, P. E. I., was elected a member of the student council. Alfred Seaman of Bradauban was elected secretary of the theological council, and Louis Murray of Vernon corresponding secretary.

BARN BURNED - Mr. W. C. Robertson, Mt. Albion, had the misfortune to lose his two large barns by fire about ten o'clock Saturday morning. The fire was first noticed by men working in the field who saw volumes of smoke coming out of the buildings and rushed to save what they could. The barns and their contents of hay and oats were destroyed. With difficulty the fire was prevented from spreading to the house. It is thought that tramps may have slept in one of the buildings as otherwise the fire cannot be accounted for.

The fine farm dwelling of Mr. James MacLaughlin, Stanhope, was burned to the ground on Saturday afternoon, with a large part of its contents. The loss totals more than \$2,000, and is covered by insurance to the extent of \$700. The fire, which was discovered about 4:30, apparently originated from a spark on the roof. The household effects on the ground floor were salvaged, but those on the upper floor as well as the potatoes in the cellar were a total loss. The sum of \$125 in cash was also lost.

At the time of its discovery the fire had gained such proportions that the efforts of a large crowd to extinguish it were useless.

With the passing of Mrs. Julien Gaudet, widow of Joseph S. Gaudet of Miscouche, on Wednesday May 3rd, the district has lost its oldest resident. Mrs. Gaudet was a native of Arsenault and belonged to one of the pioneer families of Miscouche.

There are left to mourn eleven children, four sons and seven daughters, seventy-five grandchildren and fifty great grandchildren, many of whom were with her during her last days. The sons are Clovis Gaudet of Egmont Bay; Mark Gaudet of Summerside; Joseph S. Gaudet, Miscouche, and Robert J. Gaudet on the old homestead; the daughters are Mrs. Fred Richard, Mrs. Frank Arsenault, Mrs. Dolore Gallant and Mrs. James Gallant of Egmont Bay; Mrs. A. J. Gallant, St. Nicholas; Mrs. J. O. Arsenault and Mrs. Arcule Gaudet of La-Tuque, Quebec, to whom sympathy is extended.

The annual display of work of the Queen Mary Needlework Guild was held recently at the home of the President Mrs. Benjamin Rogers.

During the afternoon members of the Guild and friends came in to see the result of their efforts for the season of 1933.

First in interest were the garments made with loving care for the children of the Prince Edward Island Protestant Orphanage.

These consisted of infants and girls' nightgowns, pyjamas, 27 sweaters, dresses and smocks to the number of 110 (one hundred and ten).

The fifty garments donated to Her Majesty the Queen for her Maternity Home at Hampstead and sent to her as a birthday gift were as usual very dainty and attractive.

As stated before this stands in lieu of money payments usually made by societies to their head office, and comes as a voluntary gift from the members.

All money raised by rummage sales is being spent exclusively on their own orphanage.

President, Mrs. Benj. Rogers. Vice President, Mrs. Will Huestis. Secretary, Mrs. A. B. Cosh. Treasurer, Mrs. Smallwood. Executive Committee: Mrs. Goodwill, Mrs. James Paton, Mrs. Drew, Mrs. J. P. Gordon and Mrs. Ings.

A drama of gripping, sustained interest, in which the mysterious, the pathetic and the humorous were skilfully interwoven, and as skilfully interpreted, was presented by the St. Dunstan's University players at Rochford Square Hall last evening. The title, "The Attorney for the Defense," is one which creates expectations of a gripping entertainment, and the large audience was not disappointed. The performance reflected much credit on Rev. M. Francis, under whose direction the play was staged, and on each of the actors.

Announcement was made at the monthly meeting of the City Council last evening that due to lack of funds the City would no longer grant relief to the unemployed. His Worship Mayor Stewart presided at the meeting, at which all councillors and city officials were present.

At the opening of the meeting His Worship informed the unemployed present that the city had decided to give them no further aid. The reason for this action, the Mayor explained, was that there was no money available for such a purpose, as the Bank would give credit for the purpose only of ordinary running expenses. The matter had been discussed by the Council with the clergymen. The latter were willing to undertake the relief of necessary cases. All those able to take care of themselves must do so.

Lying in shallow water with a sack containing three stones tied tightly over the head, the body of John David Johnson, Primrose, who had been missing since April 28, was discovered in the Boughton River near the wharf at Bridgetown yesterday afternoon. The gruesome find was made by some children, who had been playing on the wharf, and who noticed a hand of the deceased in the shallow water. Some men nearby were informed, and in a short time Constable Boudreau, R. C. M. P. officer was on the scene. The fact that forty dollars which is said to have been in the possession of the deceased before his disappearance is missing, coupled with the other circumstances lead the police to suspect foul play. Detective Constable Cordwell and Constable MacPhee have gone to Bridgetown to conduct an investigation.

Mr. Johnson was about forty years of age, about five feet eight inches in height, and weighed about 136 pounds. He was to have married on May 3. An autopsy will be performed by Dr. L. B. McKenna, of Charlottetown, and Dr. Allan, Cardigan, this morning. An inquest will be held today. When the body was discovered, Mr. Leslie Hunter, M. L. A., at once communicated with Inspector Fripps, Charlottetown, who phoned the detachment office at Georgetown. It was discovered that the sack was tied tightly around the neck with binder twine. The clothing was searched carefully, but no money was found. Citizens searched for the missing man for several days following his disappearance. The police organized a party of about forty men, who made a thorough search of the woods and the districts in the vicinity of Bridgetown. The Boughton River was dragged from a motor boat, but no trace of the body was found.

Zeal and enthusiasm for the cause to which their activities have been dedicated marked the opening sessions yesterday of the seventh annual meeting of the Maritime Conference Branch of the Women's Missionary Society of the United Church in Canada. The sessions, which were largely attended, were held in Trinity United Church. The president, Mrs. L. W. Parker of Northport, N. S., presided. On the platform with her were Past President Mrs. R. A. Jamieson, St. John, N. B.; Corresponding Secretary Mrs. J. T. Burchell, Sidney, N. S.; Recording Secretary Mrs. A. J. A. Anderson, Middle Musquodoboit, N. S.

The mystery surrounding the death of John David Johnson whose body was found off Bridgetown wharf, on Tuesday remained unsolved, after six witnesses had given evidence at the inquest yesterday. The fact that the body bore no marks of an assault, as revealed by the autopsy, despite the fact that a sack containing three stones totalling twenty-three pounds in weight had been tied over the head further increased the element of the uncertainty regarding the circumstances of death.

The inquest was held before Coroner Seymour Knight of Georgetown and was adjourned till Wednesday next pending police investigation. Mr. D. L. Mathieson was present representing the Attorney-General. Evidence of six witnesses was heard. They were Ruth Rogers, Kathleen Wadman, Norman W. MacLeod, E. H. Clay, Dr. L. B. McKenna, and Dr. Allan.
