## The Silver Fox Ranching Co.

Statement of Actual Results from the Breeding of Two Pairs of Pedigreed P. E. Island Silver Foxes

We give below an example of ACTUAL RESULTS obtained in our ranch at Alberton, P. E. Island from the breeding of two pairs of pedigreed Silver Foxes. One pair was acquired in 1911 and placed for the season of 1912 in a neighboring ranch, our own equipment being then in course of construction. The ranchers charge was adjusted by his taking one of the young animals and paying the fraction due us in cash. Since then all our foxes have been in our own care.

Pair in pen No. 10:	Cash	Foxes
Season 1912, raised three,	Rec'd	Kept
Rancher kept one and paid us	\$1,150	2
Season 1913, raised six,		
Sold four for	22,400	2
Season 1914, raised three,		
Sold two for	12,750	1
Pair in pen No. 1:		
Season 1913, raised five,		
Sold four for	21,000	1
Season 1914, raised five,		
Sold three for	17,000	2
	\$74,300	8

Observe that from the production of pair No. 10 for three seasons, and pair No 1 for two seasons, we have actually sold young foxes to the value of \$74,300, and added eight foxes to our own breeding herd, and still have the original two pairs with their present litters. No mention has been made of the proceeds from the litters of the eight young foxes. That will be another wonderful story later on

These sales were made to ranches in the Maritime Provinces owned by Canadian and American investors, and can be verified at our office.

We invite inquiry from interested parties, and will supply to new ranches and old, the very highest quality of Standard Bred P. E. Island Silver Foxes to be had. This is a most opportune time to buy. We shall be glad to give the benefit of our experience, if desired.
