Many thousands read his printed dis- courses as published in The Guardian. Before he came to this city he had preached in St John, Halifax, Freder- icton, Bermuda and many other plac- es, every where with great acceptance. Among the multitudes who heard him, and knew him, or who read his pub- lished discourses are many thousands who can bear testimony to his great talents, his blameless life, his won- derful spiritual insight and power as a preacher, his great love for and interest in his fellow men, and his entire consecration to the work of the Gospel ministry. AS TO THE OFFER OF THE SENATORSHIP.

The Guardian stated upon what it believed to be undoubted authority that the offer of a Senatorship was made to John McLean, M.L.A. and declined by him. This statement we cannot retract. It is now confirmed to us by Mr McLean himself. But we take the first available opportunity to say that Mr McLean states the offer was not made to him in Char- lottetown but in Souris, and re- peated there. Very prominent Lib- eral names were mentioned by the party making the offer as being behind the offer and ready to confirm and give effect to it. As to further details Mr McLean prefers to make his full statement from his place in the Legislature. We respect his wishes in that regard. Mr McLean had no communication with The

COOK'S STORIES SAID TO BE FALSE. NEW YORK, December 21.—Dr Cook is discredited and disgraced. The Arctic Club has found that the Explorer never climbed Mount McKinley and will drop his name from the rolls. Copenhagen's preliminary report declared that there is nothing in Dr Cook's records to intimate that he reached the Pole, and Astronomer Boushars, the noted Pittsburgger, asserts that Dr Cook confessed to him having failed to scale Mt McKinley and that he reached only within four hundred miles of the Pole.

Deafness is caused by an in- flamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a humming sound or imperfect hear- ing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; this case of deafness caused by catarrh that can- not be cured by Hall's Catarrh Cure.
