MONTREAL WIFEBEATER GIVEN A DOSE OF THE "CAT"

MONTREAL, April 21.—The first sentence to the lash which had been imposed in Montreal in many years, was carried out in the jail this morning, when William Gervais received six strokes for cruelly beating his wife, who was in a delicate state of health. Gervais walked steadily to the triangle and displayed a great deal of bravado while being strapped up with his hands high above his head. When the first stroke of the pine lash whip fell across his back, however, he whimpered for mercy, and by the last stroke was crying out loudly. The lash did not draw blood, but raised big red weals over the man's back at every stroke.
