

Palmer Electric Open New Business Premises

Part Of The Spacious New Workshop

TO OUR MANY FRIENDS AND CUSTOMERS:

We take pleasure in announcing the opening of our new premises at 96-100 Fitzroy St., and assure you of increased service facilities and added stock to take care of your electrical needs. We are now operating a complete service on domestic and commercial refrigeration, sales and installation of display counters, reach-in and walk-in boxes in high and low temperatures (freezers) from stock, corkboard, cooler doors and refrigerating units in all sizes to suit all commercial applications. We are just completing twenty-five years in the refrigeration business and our experience is your guarantee of satisfaction.

Our motor repair and rewinding service, under our foreman, Mr. Arthur Myers, are at your disposal, as well as a complete service on all home appliances.

We are prepared to fit you with any type of motor drive required and are willing at any time to discuss your motor problems with you.

Our furnace oil-burner department is under Mr. John W. Kirby, and offers a complete service by highly trained personnel.
